## DIVISION IV—STANDING RULES

The Annual Conference may make rules to govern its own procedure, provided that no Annual Conference shall make any rule contrary to the Constitution or to the powers granted to it by the General Conference. (Discipline, Par. 662).

1. There shall be a quadrennial Committee on Standing Rules, composed of the Conference Secretary, and five other members, nominated by the Committee on Nominations, and elected by the Conference. Other nominations may be made from the floor.

2. (a). These rules shall be effective after passage until they are rescinded, or amended by a two-thirds vote of those present and voting on the next day after the amendment has been presented in writing.

(b). Any of these rules, except Rule 2 (c), may be suspended by a two-thirds vote of those present and voting.

(c). A change in the number of Districts may not be made later than the second morning session.

3. The Conference Secretary, the Assistant Secretary for the Journal, and the Conference Statistician shall be elected at the first session of the Annual Conference following the General Conference, with tenure of office to begin on December first following their election, and to serve for the succeeding quadrennium. (Par. 661.6)

## THE ANNUAL CONFERENCE

4. The rules of order of the preceding General Conference shall govern parliamentary procedure in this Conference in all matters not covered by these rules.

5. (a). All reports and resolutions shall be typewritten, double spaced, and submitted in duplicate; and shall be placed on the Conference Calendar in the order in which they are filed with the Assistant Secretary for the Journal, who shall be the Calendar Secretary, or in the order designated by the Conference Program Committee. The reports and resolutions shall lie on the Calendar Secretary's desk for at least one business session before being acted upon by the Conference.

By a two-thirds vote of those present and voting, a calendar item may be taken up for consideration out of regular order.

(b). All amendments to the reports of Boards and Agencies as printed in the Brochure of Reports, and all motions arising from the floor of the Conference shall be made in writing on a form provided by the Conference Secretary.

Unison Prayer: O God we thank you for our Lord Jesus Christ, who came not to be ministered unto but to minister, who for our sakes became poor, that we through his poverty might be rich, who loved the church and gave himself up for it. Pour out your Holy Spirit now as these your servants accept their appointments for the months ahead and as the people with whom they minister accept and share in their ministries. Set apart and consecrate us each one now to our several callings. Give us your own spirit of compassion for human needs. Inspire us with your own devotion to the church that it may be your body doing your work in our world. Guide and sustain us in all our service until our work is done; and give to each of us the greater rewards of your heavenly Kingdom. Amen.

The Presentation of the Appointments by the Bishop. Andalusia District, Demopolis District, Dothan District, Marianna District, Mobile District, Montgomery District, Pensacola District, Selma District, Troy District.

Following the reading of the appointments for each District, the ministers receiving appointments in that District are asked to stand.

Upon completion of all the Districts, all of those who have received appointments in the Alabama-West Florida Annual Conference are asked to stand.

The Bishop: As your Bishop and Cabinet, we have recognized our frailties and have asked constantly for God's direction. We sincerely believe the Holy Spirit has directed, as earnestly we have endeavored to be workmen acceptable to our Heavenly Father, in fulfilling our responsibilities in making these appointments.

My brethren of the ministry, do you, with good will and conscience, accept the place of labor in the Church of our Lord to which you are now assigned?

Ministers: In remembrance of the promises and vows I made at my ordination and conference relationship and as an act of renewal of the same, I now reverently accept my appointment with a glad mind and will, and pray that I shall be worthy of my call to the ministry, my conference relationship, and the place of labor to which I have been appointed.

The Bishop: Will all Lay Members and Alternate Lay Members please stand?

Dear brothers and sisters of the laity, we rejoice and give thanks for you who represent the pastoral charges and individual members of our conference. We are all grateful for your presence at this conference and your dedicated leadership in your local church.

Do you now on behalf of the church you represent accept the minister, or ministers, who have been assigned as your spiritual leaders for the next conference year or until their appointment is changed?

The Lay Members: Recognizing our need of the guidance and care of those who are called of God and trained to preach the Gospel, to administer the Sacrament, to be pastors, and to give administrative leadership in our churches, and to equip us for our ministry in the world, we gladly accept our Pastors, District Superintendents and Conference Staff, and where we are related to them, those in special appointments. We pledge to them our cooperation, love, and support, as together we strive to fulfill the mission God has given to His church.

The Call to Covenant Together, Bishop Carl J. Sanders.

Now beloved, let us bind ourselves with willing bonds to our Covenant God, and take the yoke of Christ upon us.

Christ has many services to be done; some must be completed by all, others require the skills, gifts and graces of those set apart by ordination; some are easy, others are difficult; some bring honor, others bring reproach; some are suitable to our natural inclinations, and temporal interests, others are contrary to both. In some we may please Christ and please ourselves; in others we cannot please Christ except by denying ourselves. Yet the power to do all these things is assuredly given us in Christ, who strengthens us. Therefore, let us make the covenant of God our own. Let us engage our hearts to the Lord, and resolve in his strength never to go back.

Being thus prepared let us now, in sincere dependence on his grace and trusting in his promises, yield ourselves anew to him.

After a Moment of Silent Prayer, All Shall Pray Together:

I am no longer my own, but yours, O God. Put me to what you will. Rank me with whom you will. Put me to doing, put me to suffering. Let me be employed for you or laid aside for you; exalted for you, or brought low for you. Let me be full, let me be empty. Let me have all things. Let me have nothing. I freely and heartily yield all things to your pleasure and disposal.

And now, O glorious and blessed God, Father, Son and Holy Spirit, you are mine, and I am yours, so be it. And the covenant which I have made on earth, let it be ratified in heaven. Amen.

The Service of Thanksgiving led by the Bishop.

Lift up your hearts.

We lift them up unto the Lord.

Let us give thanks unto the Lord.

It is right to give him thanks and praise.

Father it is fitting that we should always and everywhere give you thanks and praise. Only you are God. You are the source of all that is good. You created earth and space, all that lives, and us who bear your image. Even when we rebelled against your love, you did not desert us. You delivered us from captivity, made covenant to be our God and King, and taught us through prophets and pastors, parents and teachers. Therefore, in union with the company of heaven and all your people now on earth, we worship and glorify you as we say:

Holy, holy, holy Lord, God of power and might,

Heaven and earth are full of your glory. Hosanna in the highest!

Blessed is He who comes in the name of the Lord!

Hosanna in the highest Amen.

Hymn of Dedication 170, "O Master Let Me Walk With Thee."

The Benediction and Charge by the Bishop.

## BOARD OF MINISTRY

## SECTION I

As we begin a new quadrennium in the United Methodist Church, the Board of Ministry has organized itself by electing officers and selecting committees. An overview of the duties of this board is staggering. Our duties include: recruitment of ministers; the guidance and the supervision of the ministers from the issuance of license to preach to full ordination; reports to the conference on the progress and the change of relationships concerning ministerial candidates; examination of candidates; work for continuing education of ministers; recommendations for changes in ministerial status; enable ministerial candidates with financial grants and loans when possible; and other important functions.

We view our function as enabler or shepherd rather than enforcer and policeman. Basically we want to enable the church to fulfill her mission by providing needed help to our ministers. One goal for which we strive is a brotherhood of ministers which is dedicated to its calling from God and is effective and competent in service. We pledge our loyalty to the attainment of this goal.

## SECTION II

One priority in our conference for 1974 is continuing education. We refer all our ministers and lay persons to the recommendations which were made in

last years report in regard to Continuing Education for The Alabama-West Florida United Methodist Annual Conference (p. 124, 1972 Journal). To enable persons who plan to enter some continuing education involving a nine month to a year program of study the Board of Ministry has set up an annual scholarship of up to \$1600. The first \$800 of this amount is a grant, and the remaining \$800 is a loan with low interest. To encourage those who plan to receive training for a shorter period of time (less than nine months) the Board of the Ministry has designated \$450 annually. This Amount provides financial aid which is not to exceed \$150 per person. Applications for these funds can be made through our Continuing Education Committee, Rev. Floyd Enfinger, Chairman.

Our Committee on Continuing Education shares some of its plans for continuing education within our conference during 1973-74 below:

I. Beginning Ministers Workshop—To be held at Blue Lake the second week following Annual Conference.

II. District In-Service Training Schools—Designed primarily for ministers who are not in full connection. Hopefully, these schools will be held in the fall of 1973.

III. Group Guided Study Programs—These programs will be planned with the help of the Center For Continuing Education, Candler School of Theology. A study group will be comprised of six to twelve ministers under the leadership of co-ordinator, to engage in a disciplined and systematic study. Hopefully, four of these groups will be established in the fall of 1973.

IV. Consultation Workshop—To be held at Huntingdon College on January 14-16, 1974. This will be a three-day workshop with leadership and help provided by the Center For Continuing Education, Candler School of Theology.

V. Pastors School—The committee on Continuing Education will work closely with the Board of Directors of the Pastors School to promote opportunities for planned experiences in continuing education.

VI. Clinical Pastoral Education—We urge ministers of the Pensacola, Florida, area to participate in the following programs offered by the Baptist Hospital:

A. Summer Program—Basic CPE.

B. Fall Program—Improvement in counseling and hospital visitation.

C. Internship—Beginning in September 1974—An accredited one year internship in clinical psychology will be offered.

## MINISTERIAL EDUCATION FUND

### SECTION III

The Ministerial Education Fund, which had its birth in the Southeastern Jurisdiction Ministerial Education Fund, became a program of the General Conference in 1970. In 1972 the General Conference set the asking for the Ministerial Education Fund at 2% of the non-building budget. 25% of this is retained by the Annual Conference to be administered by the Board of the Ministry. 75% is remitted to the Council on Finance and Administration to be administered by the General Board of Higher Education and Ministry. Of this amount approximately 56% is distributed to the Seminaries within the Jurisdiction in which the money was raised. 19% is administered to Seminaries over the General Church on the basis of need.

That portion of the Ministerial Education Fund retained by the Annual Conference is used by the Board of Ministry to provide scholarships for Summer Lay Pastor Schools, for Scholarships for Continuing Education, and for Scholarship-loans for students in college or seminary preparing for ministry and church-related vocations.

In 1972 the Alabama-West Florida Conference Board of the Ministry provided 18 scholarships of \$125.00 each for the Lay Pastor's School at Candler School of Theology. We provided Scholarship-loans to 5 college students and 6 SEMINARY students in the amount of \$6,210.00.

Three scholarships were also granted for continuing education. In setting up the 2% Ministerial Education Fund, the General Conference goal is to phase out World Service support for theological education by 1976 and shift full support to the Ministerial Education Fund.

It is urgent that we give full support to the Ministerial Education Fund to offset the loss of funds from World Service. The Board of Ministry strongly recommends that every church in our conference accept and pay its full asking for the Ministerial Education Fund to continue and enlarge the assistance we are able to render in our own area, and to assure our Seminaries of no loss of funds when the World Service support is phased out in 1976.

Applications for scholarship-loans for educational assistance and questions concerning the Ministerial Education Fund should be directed to Rev. John Carmichael, Chairman, P.O. Box 4097, Pensacola, Florida 32507.

## CONSTITUTIONAL AMENDMENTS

### No. 1972-7

That the first paragraph of The Preamble of the Constitution be amended by deleting the word "men" in the second sentence and by substituting in its place the word "persons" so that the first paragraph of The Preamble of the Constitution as amended will read:

"The Church is a community of all true believers under the Lordship of Christ. It is the redeemed and redeeming fellowship in which the Word of God is preached by persons divinely called, and the Sacraments are duly administered according to Christ's own appointment. Under the discipline of the Holy Spirit the Church seeks to provide for the maintenance of worship, the edification of believers, and the redemption of the world."

### No. 1972-8

That the first paragraph of Section II, Article I (Paragraph 13) be amended to read:

"The General Conference shall meet at such times and place as shall be determined by the General Conference or its duly authorized committees, but not more often than once in two consecutive years. Each Annual Conference shall determine whether to elect delegates each two years or each four years."

### No. 1972-9

That Section VII, Article I (Paragraph 36) be amended by adding a paragraph at the end thereof as follows:

"If the lay membership should number less than the ministerial members of the Annual Conference, the Annual Conference shall, by its own formula, provide for the election of additional lay members to equalize lay and ministerial membership of the Annual Conference."

### No. 1972-10

That Section VII, Article II (Paragraph 37) be amended by deleting the words "with the exception that the lay members may not vote on matters of ordination, character and conference relations of ministers" so that the paragraph as amended will read:

"The Annual Conference is the basic body in the church and as such shall have reserved to it the right to vote on all Constitutional Amendments, on the election of ministerial and lay delegates to the General and Jurisdictional or Central Conferences, on all matters relating to the character and conference relations of the ministerial members, and on the ordination of ministers and such other rights as have not been delegated to the General Conference under the Constitution. It shall discharge such duties and exercise such powers as the General Conference under the Constitution may determine."

## No. 1972-11

That Section VII, Article V (Paragraph 40) be amended by deleting the words "provided that such delegates be at least twenty-one (21) years of age and" and substituting, therefore, the words "without regard to age, provided such delegates" so that the paragraph as amended will read:

"The lay delegates to the General Conference and to the Jurisdictional or Central Conferences shall be elected by the lay members of the Annual Conference or Provisional Annual Conference, without regard to age, provided such delegates shall have been members of one of the constituent churches forming this union or of the United Methodist Church for at least four years next preceding their election, and are members thereof within the Annual Conference electing them at the time of holding the General and Jurisdictional or Central Conferences.

## No. 1972-12

That Division III, Article V (Paragraph 54) be amended by deleting in subunit (2) of the first paragraph thereof the words "he shall have given his specific consent" and substituting in their place the words "that bishop shall have specifically consented" and

by deleting in subunit (3) of the first paragraph thereof the words "he" and "him" and substituting in their place the words "the bishop" and

by deleting in the second paragraph thereof the word "him" and substituting in its place the words "the bishop"

so that the paragraph as amended will read:

"The bishops shall have residential and presidential supervision in the Jurisdictional Conferences in which they are elected or to which they are transferred. Bishops may be transferred from one jurisdiction to another jurisdiction for presidential and residential supervision under the following conditions: (1) The transfer of bishops may be on either of two bases: (a) jurisdiction which receives a bishop by transfer from another jurisdiction may transfer to that jurisdiction or to a third jurisdiction one of its own bishops eligible for transfer, so that the number transferred in by each jurisdiction shall be balanced by the number transferred out, or (b) a jurisdiction may receive a bishop from another jurisdiction and not transfer out a member of its own College of Bishops. (2) No bishop shall be transferred unless that bishop shall have specifically consented. (3) No bishop shall be eligible for transfer unless the bishop shall have served one quadrennium in the jurisdiction which elected the bishop to the episcopacy. (4) All such transfers shall require the approval by a majority vote of the members, present and voting, of the Jurisdictional Conferences which are involved after consideration by the Committees on Episcopacy. After the above procedures have been followed, the transferring bishop shall become a member of the receiving College of Bishops and shall be subject to residential assignment by that Jurisdictional Conference.

"A bishop may be assigned by the Council of Bishops for presidential service or other temporary service in another jurisdiction than that which elected the bishop, provided request is made by a majority of the bishops in the jurisdiction of the proposed services.

"In the case of an emergency in any jurisdiction or Central Conference through the death or disability of a bishop or other cause, the Council of Bishops may assign a bishop from another jurisdiction or Central Conference to the work of the said jurisdiction or Central Conference with the consent of a majority of the bishops of that jurisdiction or Central Conference."

## CONFERENCE COUNCIL ON MINISTRIES REPORT INTRODUCTION

Members of the United Methodist Church should ever be aware of the inter-relationship of the local church and conference agencies. Listening to the needs of the local church is the initial step of the "Process For Planning" and the Conference Council on Ministries is vitally concerned that its projection of helps meets the needs of the local church. Only as the two intermesh in complementing each other will plans be successful.

Local church laypersons, ministers, District Staffs, District Superintendents, were all involved in the research and planning and from this, the guidelines for the emphasis for 1974 was developed.

The General Conference of The United Methodist Church in its 1972 session set before the entire Church a challenge to plan for ministries, "A continuing process that should enable the Church to adjust to new circumstances, meet new problems and deal with new attitudes that arise to challenge the relevance of the Christian mission in modern world."

In keeping with this, The Alabama-West Florida Conference in its 1972 session established a series of "basic priorities" to give direction for the quadrennium.

1. Personal Commitment
2. Style of Operation in the Church
3. Becoming a More Relevant Church

For 1973, in keeping with these "basic priorities," the emphasis was placed upon the following "Program Priorities:":

1. Key 73
2. Leadership Development
3. Parish Reformation

The directive of the Conference has been the guide for much of the planning for 1973 and reports from the various Boards and Agencies testify to the efforts being put forth this year to bring the challenge of these priorities to the churches.

### Program Priorities for 1974: "Human Resource Development in Christian Service"

The Conference Council on Ministries is recommending to the Conference that the major program emphasis be in the area of "Human Resource Development In Christian Service" for 1974 and that the Boards and Agencies programs fulfill this priority in three areas:

1. The Laity
2. The Ministry
3. The Church

We further request that the Boards and Agencies design specific programs in these areas. Also that these programs be developed not as "one time" efforts, but as multi-phased, on-going programs that will recognize and affirm the need for

continual education in many areas of the Christian life. We also recommend that any boards or agencies not listed, take our conference priority, "Human Resource Development in Christian Service" as a top priority in designing their program for 1974 and that they add any programs that will help fulfill this priority.

### Human Resource Development in Christian Service

#### 1. The Laity

A. Local Church Officers: that the Board of the Laity—develop an ongoing training program to help local church officers understand their responsibility and create a meaningful style of operation.

B. Lay Speakers: that the Board of the Laity—consider the re-vitalization of the Lay Speaker program.

C. Church School Teachers: that the Board of Education—design a multi-phased, on going program to help local churches have access to continual and meaningful training for church school workers.

D. Age Level Ministries: that the Board of Education continue and increase training opportunities in all age level ministries during 1974.

E. Visitation Training: that the Board of Evangelism—design a training program for local churches in the area of visitation evangelism, in order that the evangelistic thrust of Key 73 be continued.

#### 2. The Ministry

A. Beginning Ministers: that the Town and Country Committee develop an on-going, multiphased program to help beginning ministers understand the roles of the ministry, the United Methodist Church and resources available on all levels.

B. Continuing Education: that the Board of the Ministry—continue and increase its plans in the area of continuing education so that all ministers may participate yearly in some phase of a program of additional education.

#### 3. The Church

A. Benevolences: that the Committee on Interpretation of the Conference Council—design a program that will continually interpret the benevolence program of our conference each year for this quadrennium, using a variety of resources and recognizing the need for repetition in this task. This program should also include education in the area of the structure of the United Methodist Church.

B. Recognizing and Realizing Merger: that the Board of Christian Social Concerns develop ways in which the total conference can affirm and utilize the unity of communion and the diversity of gifts that are ours through merger.

### REPORT OF THE BOARD OF PENSIONS AND HOMES – 1973

#### Report No. 1 Pension Rates And Apportionments

We recommend that the total annuity rate of this Annual Conference for the calendar year 1974 be seventy-four dollars (\$74.00) per service year for service as ministerial members and approved lay pastors with pension credit; that the total rate for widows be fifty-one dollars and eighty cents (\$51.80); provided that, for ministers, lay pastors, and widows who are provided homes by the conference and annual pension amounts shall be adjusted by a reduction equivalent

to ten dollars (\$10.00) for ministers and lay pastors and seven dollars (\$7.00) for widows for each of service as a supply or lay pastor with pension credit and for each year with pension credit as a minister in any annual conference or under special appointment as a minister without pension credit on annual conference; provided further that such housing deduction shall not exceed fifty percent (50%) of the pension payable by this annual conference.

We recommend that the payment from pension funds of one hundred and fifty dollars (\$150.00) towards expenses of each ministerial member of the Annual Conference, each approved lay pastor who is either serving a charge under Episcopal appointment at the time of his death or who has been officially retired; each widow who is a claimant; and each wife of a claimant; such payment to be made as soon as possible after the death of the eligible person.

We recommend that the appointment to the pastoral charges for pensions from the churches of the former Central Alabama Conference for the period from June 1, 1973 through December 31, 1973, shall be 7/12 of 15% of the annual salary of the pastor of each church.

We call attention to paragraph 1260.6 of the 1972 **Book of Discipline** relative to the requirement that the apportionment for the pension and benefit programs be paid in proportion to payments of salaries to ministers and to the board's policy of charging defaults to ministers and associate ministers for deduction from pensions if not otherwise paid. Interest is added to such defaults and other unpaid obligations of the minister at the rate of 7% per annum.

### Report No. 6 Special Appointment Pension Responsibility

In accordance with Paragraph 1259.5 of the 1972 **Book of Discipline**, we recommend that the following United Methodist institutions or organizations be approved for pension responsibility on this Annual Conference; Alabama-West Florida Conference Council on Ministries, Assembly Grounds Commission, the Wesley Foundation at Auburn.

We recommend that special appointments as employees of United Methodist colleges and universities and other general agencies shall be listed as with pension responsibility of the institution.

We recommend that ministers under appointment to Inter City Missions, to the Methodist Christian Advocate, and to other area appointments, shall be listed as with pension responsibility on the Annual Conference only upon payment to the Conference Claimants Fund, or an amount equal to twelve times the current annuity rate for conference members, which for the year 1974 would be \$888.00 (\$74.00 per month). See Paragraph 1259.3a (3) of the 1972 **Book of Discipline**.

We recommend that approved evangelists shall be listed as with pension responsibility on the Annual Conference only upon payment to the Conference Claimants Fund of an amount equal to twelve times the current annuity rate for service of conference members which for the year 1974 would be \$888.00 (\$74.00 per month). See paragraph 1259.3a (3) of the 1972 **Book of Discipline**.

We recommend that special appointments to non-Methodist institutions shall be listed as without pension responsibility on the Annual Conference.

We recommend that all missionaries shall be listed as with pension responsibility on the Board of Global Ministries of the United Methodist Church.

### Report No. 7 Depositories

We recommend that the official depositories for the pension funds shall be the same as that designated by the conference for other conference funds and the General Board of Pensions of the United Methodist Church; provided that the Board of Pensions and Homes for Claimants may from time to time determine other depositories for invested funds among financial institutions that are insured by a government sponsored agency.

### Report No. 8 Regulations for Occupancy of Homes

7. When a claimant vacates a home he or she should release it in writing to the Executive Secretary of the Board, Mr. Art Cooper, at Conference Headquarters, and remove all personal belongings immediately.

8. Upon the death of an occupant the heirs or responsible person shall remove all personal property belonging to the claimants within thirty (30) days. All property left beyond this time will be disposed of by the Board.

#### Report No. 9 Pensions For Lay Employees

We strongly endorse the reserve pension plan administered by the General Board of Pensions for Lay Employees of the United Methodist agencies and local churches. We recommend it to our local churches and agencies and urge that they use this official plan for the United Methodist Church to provide pension coverage for the devoted lay men and women who serve in their employ just as the Annual Conference provides for pensions for ministers.

Interested churches and agencies should contact:

#### Report No. 10 Full-Time Service as a Requirement for Pension Credit

We call attention to the following provisions which appear the Paragraph 1259.4 (a,b) of the 1972 **Book of Discipline**, relative to full-time service as a normal condition for pensions credit:

a. Full-time service of a ministerial member of a lay pastor shall be required as a normal condition for pension credit; provided, however, that such credit may be granted for part-time service by a three-fourths vote of those present and voting in the Annual Conference, on recommendation of the Conference Board of Pensions.

b. Full-time service shall mean that full time is devoted to the work of a pastor by one who has not attained the age of mandatory retirement for a conference member, who is not attending school as a regular student, who is not substantially employed in nonpastoral work, and whose cash support per annum from all church sources is not less than the minimum salary established by the conference for those in this person's classification.

It should be noted that service of either a ministerial member or lay pastor is without pension credit if it is not full-time service as defined, unless such credit is granted by special action under extremely unusual circumstances.

#### Report No. 11 Personal Notations Under Question 51

Subject to the approval of the Alabama-West Florida Conference by a  $\frac{3}{4}$  vote we recommend that Mrs. Ella Mae Lowery be granted a special grant for the year 7-1-73 through 6-30-74 as the wife of a minister of our conference who served 35½ years as a member of this conference. The grant would be based on the years of his service.

Subject to the approval of the Alabama-West Florida Conference by a  $\frac{3}{4}$  vote we recommend that under Paragraph 1259.4 (a) of the 1972 **Book of Discipline** that Mrs. Earline Mitchell be approved for pension and benefits as a Lay Pastor for the Conference year June 1, 1972 through May 30, 1973.

Mrs. Myrtle L. Armour is to be paid regular benefits on the basis of a ten year minimum as the surviving spouse of Samuel D. Armour, effective as of 7-1-73, and the service record is to be corrected accordingly.

#### Report No. 12 Annuity For Ministers in Area Offices

As approved by our Annual Conference in the 1972 session the following policy is effective as of January 1, 1973:

The area officers being served by the ministerial members from the conferences in the Birmingham Area where there is no annuity payments to provide pensions and benefits for these men shall have their pension and benefit payments provided by the two conference of the Area with the Alabama-West Florida Conference paying an amount equal to forty-six (46%) of twelve times the annuity rate and the North Alabama Conference paying an amount equal to fifty-four percent (54%) of twelve times the annuity rate of the conference in which the minister holds membership. This formula was agreed upon by the Alabama-West Florida and North Alabama Annual Conferences.

#### A Resolution on Housing and Utility Allowance for Retired Ministers

WHEREAS, The United States Government has recognized in its income tax regulations monies designated as "Allowance for the rental of a parsonage or home" for a minister from taxation, and

WHEREAS, The United States Government has also recognized in its income tax regulations monies paid by a minister for the utilities of such a "parsonage or home" for a minister to be exempt from taxation; therefore, be it

### A RESOLUTION

The Reverend Ray E. Whatley has served the Alabama-West Florida Annual Conference through its Board of Pensions and Homes for Claimants (and predecessor boards) for a great number of years. For the past several years he has served as an employee member of The Staff of the General Board of Pensions. He has recently completed his term of membership on the Annual Conference Board and is completing his service as treasurer of that Board. Because of the long period of service, we are happy to acknowledge a sincere debt of gratitude. However, the contribution of Ray Whatley to this Conference and

to the ministers and widows of this Conference through the Board of Pensions is far more significant than mere length of service. It is to this fact that we address our resolution.

Ray Whatley's contribution has been one of insight, comprehension, and persistence. He has not only brought keen understanding of all pension matters to the Board and the Conference but he has exercised keen business sense in leading this Board to make recommendations to the Conference which have resulted in vastly improved pensions, rates and programs, hospital coverage, and death benefit plans which have been a great boon to all ministers of the Annual Conference. He has had a vision of fiscal responsibility and of daring advance in the realm of Pensions. He has enabled this Annual Conference to grow in its concern and provision for retired ministers and their families. Few Conferences—if any—have had the benefit of such tireless devotion, genuine stewardship, and church statesmanship as this Conference has known through Ray Whatley's service to this Board.

While Ray Whatley's service and interest will continue with this Conference and the Boards even while he makes a larger contribution to the General Church, we recognize that the end of this particular phase of his experience is worthy of our highest expression of genuine gratitude and appreciation.

THEREFORE, BE IT RESOLVED, that the Board of Pensions and Homes for claimants of the Alabama-West Florida Conference requests that the Annual Conference in its session in May 1973 give to Ray Whatley a standing vote of appreciation and that this Resolution be placed within the minutes of the Conference Journal with copies being sent to the Methodist Christian Advocate, to the General Secretary of the General Board of Pensions, and to Reverend Ray Whatley.

## JOINT DISTRIBUTING COMMITTEE ON PENSIONS

The Joint Distributing Committee, representing the three conferences concerned with the merger of the Central Alabama Annual Conference with the Alabama-West Florida and North Alabama Annual Conferences, in accordance with the authority granted in paragraph 1383 of the 1968 **Book of Disciplines** of the United Methodist Church (Para. 1212, 1972 **Book of Discipline**), presents herewith a report of agreements by which the pension responsibility of the present Annual Conferences involved in the merger is allocated to the successor Alabama-West Florida and North Alabama Conferences and by which the pension assets are distributed to the successor Annual Conferences, this report is to be published in the Annual Journals of both successor conferences resulting from this merger, in accordance with paragraph 1383.3d of the 1968 **Book of Discipline**. This report also includes provisions on matters referred by the Tri-Conference Advisory Committee on merger. Referred items are indicated by an asterisk (\*).

## I. ALLOCATION OF PENSION RESPONSIBILITY

The responsibility of the former Annual Conferences involved in merger on account of years of approved service rendered prior to January 1, 1973 by ministerial members and supply or lay pastors thereof, as approved by the former Annual Conferences is hereby accepted and approved for "annuity claim" by the successor Annual Conferences in accordance with the following principles:

1. All approved service to a pastoral charge shall be allocated to the successor conference within those geographical boundaries the charge was located.

2. The pension responsibility for periods during which a minister was under appointment to attend school, with pension credit on the Central Alabama Conference under provisions of the **Book of Discipline**, shall be allocated proportionately to the conference or conferences which have pension responsibility for the first six years of service by such minister subsequent to his appointment to attend school and under appointment with pension credit other than to attend school. In the event that the minister has not completed six years with credit subsequent to the appointment to attend school and prior to January 1, 1973, the "in school" responsibility shall be allocated on the assumption that he will complete the six years of service with credit in the Annual Conference of which he is a member as of January 1, 1973, whether it be one of the successor conferences or some other conference, such allocation to be subject to future adjustment in the event the assumption proves to be incorrect. (See 1972 **Book of Discipline**.)

3. Any approved service in the Central Alabama Conference, other than to attend school, which cannot be directly related to a pastoral charge shall be allocated to the successor Annual Conference on the basis of 32% of such service to the Alabama-West Florida Conference and 68% of the service to the North Alabama Conference, to the nearest one-quarter year in each case. This will result in allocations in the following pattern:

Years of Service	Alabama-W. Fla.	North Alabama
$\frac{1}{4}$	—	$\frac{1}{4}$
$\frac{1}{2}$	$\frac{1}{4}$	$\frac{1}{4}$
$\frac{3}{4}$	$\frac{1}{4}$	$\frac{1}{2}$
1	$\frac{1}{4}$	$\frac{3}{4}$
$1\frac{1}{4}$	$\frac{1}{2}$	$\frac{3}{4}$
$1\frac{1}{2}$	$\frac{1}{2}$	1
2	$\frac{3}{4}$	$1\frac{1}{4}$
3	1	2
4	$1\frac{1}{4}$	$2\frac{3}{4}$
5	$1\frac{1}{2}$	$3\frac{1}{2}$
6	2	4

Such allocations are in proportion to the total number of years of approved service related directly to pastoral charges which are within the bounds of the respective successor Annual Conference.

4. Any approved service to the present Alabama-West Florida Conference which cannot be directly related to a pastoral charge shall be allocated to the successor Alabama-West Florida Conference, and any approved service to the present North Alabama Conference which cannot be directly related to a pastoral charge shall be allocated to the successor North Alabama Conference.

5. Any claim for service rendered by a minister or lay pastor or approved supply pastor, who may be entitled to pension credit which has not been approved and/or is not a part of the total distribution covered by this report, shall be the responsibility of the successor conference in which was located the pastoral charge where such service was rendered, and such claim shall be subject to the approval of such successor conference.

6. Consecutive years of service rendered as a lay pastor or approved supply pastor with pension credit in a conference involved in merger, together with service as a lay pastor in a successor conference shall be counted as consecutive years in **one** conference for the purpose of qualifying a retired lay pastor for a pension under provisions of paragraph 1208.3b and 1208.4g of the 1972 **Book of Discipline**.

## II. DISTRIBUTION OF PENSION ASSETS

1. The pension assets of the former Central Alabama Conference shall be distributed to the successor conferences on the basis of 32% of such assets to the Alabama-West-Florida Conference and 68% to the North Alabama Conference. Such assets held by the Treasurer as of December 31, 1972 shall be remitted to the General Board of Pensions as soon thereafter as possible, and the General Board shall be and is hereby authorized to credit 32% of the Central Alabama Conference assets held by it to the Deposit Account of the Alabama-West Florida Conference and to remit 68% of the assets to the Treasurer of the North Alabama Conference Board of Pensions. Additional pension funds received by the Treasurer of the Central Alabama Conference from local churches on the 1972-73 apportionments and from other sources through May 31, 1973 shall be remitted to the General Board of Pensions no later than June 30, 1973 to be distributed by its successor conference in the same manner and in the same ratio as indicated in this report.

2. All pension assets of the present Alabama-West Florida Annual Conference shall be pension assets of the successor Alabama-West Florida Conference, and all pension assets of the present North Alabama Annual Conference shall be pension assets of the successor North Alabama Conference. Any and all credits in MRPF Service Annuity accounts shall be considered as assets of the conference that provided the funds.

3. Any amounts payable from the General Temporary Aid Fund on and after January 1, 1973, on account of pension responsibility for service in the Central Alabama Conference, shall be credited to the accounts of or paid to the treasurers of the Board of Pensions of the successor annual conferences.

\*4. The apportionments to the churches of the present Alabama-West Florida and North Alabama Conferences for pension and benefit program purposes for the calendar year 1973 shall be as determined by those conferences in their 1972 sessions. Apportionments to churches of the Central Alabama Conference shall continue through May 31, 1973 as set by that conference in its 1972 session. Each successor conference, in its 1973 session and on recommendation of its Board of Pensions, shall determine the apportionments to the churches of the present Central Alabama Conference for pension and benefit programs for the remaining 7 months of the calendar year (June 1 through Dec. 31). It is recommended that this apportionment be a sum equal to 8.75% of the annual salary paid each pastor of each church, which should be equivalent of 15% of salary on an annual basis, the same as presently apportioned in the Central Alabama Conference. Effective January 1, 1974, the apportionments to these churches shall be made with the regular formula used by the conference.

**\*III. ASSIGNMENT OF PERSONNEL TO SUCCESSOR CONFERENCES**

1. Each Alabama-West Florida Conference minister, lay pastor, widow or dependent child of a deceased minister or lay pastor as of December 31, 1972 shall have the same relationship to the successor Alabama-West Florida Conference.

2. Each North Alabama Conference minister, lay pastor, widow or dependent child of a deceased minister or lay pastor as of December 31, 1972 shall have the same relationship to the successor North Alabama Conference.

3. Assignments of Central Alabama persons to successor conference as of January 1, 1973 shall be determined by the relationship of each person involved as of December 31, 1972 as follows, and each such person shall thereafter be subject to the same responsibilities and requirements and have the same rights and privileges as do other persons with the same relationship to the successor conference.

a. Each ministerial member in the effective relation and under appointment to a pastoral charge shall be a ministerial member of the successor conference in whose bounds his charge is located, and he shall enter the successor conference under the same category (Associate, probationary or full connection) as in the Central Alabama Conference.

b. The District Superintendent of the Montgomery District shall be a member of the Successor Alabama-West Florida Conference in full connection, and the District Superintendents of the Birmingham and Tuskegee Districts shall be members of the successor North Alabama Conference in full connection.

c. Each ministerial member in a special appointment, under appointment to attend school, or sabbatical leave, or in the supernumerary relation shall continue in the same category in the successor conference in whose geographical boundaries is situated the pastoral charge.

e. Each retired minister or retired lay pastor shall continue in his same relationship in the successor conference within the geographical bounds of which was situated the pastoral charge where he last held Charge Conference or Quarterly Conference membership while a minister in the effective relation or while a lay pastor serving with pension credit on the Annual Conference.

f. Each widow and child related to the Central Alabama Conference as a beneficiary shall be related in the same way to the successor conference in the geographical bounds of which was situated the pastoral charge where the husband or father last held Charge or Quarterly Conference membership while a minister in the effective relation or while a lay pastor serving with pension credit on the annual conference.

**\*IV. PENSION AND BENEFIT PROGRAMS**

1. The same pension and benefit programs, including pension rates and other pension provisions, death benefit and insurance programs, and housing provisions, that are in effect as of December 31, 1972 in the present Alabama West Florida Conference and the present North Alabama Conference shall continue in those respective successor conferences until such time as they may be amended by action of such successor conferences, and each participant in those programs as of December 31, 1972 shall be eligible to participate under the same provisions in the respective successor conferences.

2. Effective January 1, 1973, the pensions shall be paid to all beneficiaries of each successor conference in accordance with the procedures and from funds of each conference and at the same rate for all service in each category for which each conference is responsible, without regard to the predecessor conference in which the service was rendered. (North Alabama: Minister, \$78.00; Lay Pastor, \$58.50; Minister's Widow, \$54.60; Lay Pastor's Widow, \$40.95. Alabama-West Florida: Minister or Lay Pastor, \$72.00, Widow of Minister or Lay Pastor, \$50.40. Housing deductions apply in both conferences where housing is provided by the conference.

3. Pension liability on account of approved service rendered on and after January 1, 1973 in the successor conferences shall be the responsibility of the

successor conference in which such service is rendered, and such responsibility shall be provided through the pension plan in which that conference participates.

## V. CLAIMS AND LIENS

Any amounts collected by the General Board of Pensions related to claims or liens filed by the Central Alabama Conference shall be allocated on the basis of 32% to the Alabama-West Florida Conference and 68% to the North Alabama Conference. Claims and liens of the Alabama-West Florida and North Alabama Conferences shall be valid claims and liens in those respective successor Conferences.

## VI. AUTHORIZATIONS

1. In compliance with the foregoing provisions, this committee submits the attached list, (not attached. Will appear in 1973 Journals) which shows by categories the persons who are assigned to the two respective successor conferences in the various relationships from the Central Alabama Annual Conference and also indicates persons in other Conferences for whom the Central Alabama Conference has responsibility. The service records have been carefully reviewed by a committee appointed by the Board of Pensions of the Central Alabama Conference to determine what years of service are properly with pension credit. This Joint Distributing Committee recognizes the years of approved service indicated and authorizes the allocation of responsibility for them as shown. The complete list is submitted for publication in the 1973 Journals of the successor conferences as part of this report.

2. The General Board of Pensions, the Conference Boards of Pensions and the treasurers of each are hereby authorized and directed to put into effect the provisions of this report, to distribute the pension assets, and to allocate the pension responsibilities of the present conferences involved in this merger, in accordance with the 1972 **Book of Discipline** and the principles agreed upon by this Joint Distributing Committee. In the event of the discovery of errors in the list or on service records, the General Board of Pensions is hereby authorized to make necessary adjustments, subject to the approval of the Conference Board of Pensions of the successor conference involved or its Executive committee.

3. The chairman and secretary of the Joint Distributing Committee and a member designated by each conference Distributing Committee, together with a representative from the General Board of Pensions, are authorized to represent the Joint Distributing Committee in any recall of the Joint Distributing Committee by the General Secretary of the General Board of Pensions, and the Chairman of the Joint Distributing Committee of such meeting, indicating its purpose, date, time, and place of meeting. All members not attending shall be informed of any action taken.

The foregoing report, together with the list of assignments to successor Annual Conferences and allocations of pension responsibility which list is a part of this report, is hereby submitted by the undersigned, as members of the Joint Distributing Committee representing the three Annual Conferences that are parties to this merger.

## REPORT OF THE BOARD OF HEALTH AND WELFARE MINISTRIES

### Report No. 1

As provided in the standing rules of the conference, your Board of Health and Welfare Ministries met during June of 1972 and organized for the current quadrennium. Officers elected were: Rev. Larry Bennett, Chairman; Mr. L. B. Stephens, Vice Chairman; Rev. Ervin Dailey, Secretary.

At large members of the executive committee elected were: Rev. Gary P. Wright, Mr. John Graybill, Dr. C. O. Harp.

Representing Health and Welfare on the Commission on Enlistment for Church occupations: Rev. Fred Bailey.

Representatives from Health and Welfare to the Conference Council on Ministries were: Rev. Larry Bennett; Mr. L. B. Stephens; Rev. Sam Shirah, Alternate; Rev. Edward M. Cotten, Alternate.

The following members of the Board were named to head specific areas of ministry in the area of Health and Welfare: Rev. Johnny McCurdy, Ministry to the Aging; Rev. Fred Bailey, Ministry to Children and Youth; Rev. Gary P. Wright, Special Ministries (Chap); Rev. Edward M. Cotten, Loc. Ch. Ministries; Rev. Carlisle Miller, Ministry to the Mentally Retarded; Rev. Douglas Williams, Ministry to the Mentally Ill; Rev. Sam Shirah, Ministry in Medical Service.

In July of 1972, the Mother's Day Committee was organized. (See page 89, 1972 Journal—Conference Minutes.) It was decided upon recommendation of the Board of Pensions and Homes for Claimants, not to include Homes for Claimants in the proposed Mother's Day Campaign. It was then decided to set a goal of \$37,000 dollars as a minimum goal for the first offering on Mother's Day, 1973. The division of funds raised would be at the rate of 80% for the care of indigent residents at our retirement homes and 20% for Golden Cross to provide emergency assistance to United Methodists who were properly recommended for the payment of medical bills. The cooperation of Mr. John Williams, Cecil Chancey and Claude Keathley, acting in their respective capacities in our Fair Haven and Wesley Manor Retirement and Nursing Homes, in the production of promotional materials for the Mother's Day Campaign, is to be highly commended. Also the meritorious leadership of the Reverend Steve Dill in serving as Conference Chairman of the Campaign, is to be commended.

We were able, with the help of the Reverend Ervin Dailey of the Conference Program Staff and others, to produce an excellent set of informative brochures on our agencies and institutions which are related to the Board of Health and Welfare Ministries; (Golden Cross, Children's Home and Fair Haven—Wesley Manor) and these are available upon request at any time from the conference headquarters.

As this report is written, we have just been informed that the Children's Home has raised 101% of its last year's total White Christmas offering in just 10 months. This would indicate the prospects of a considerable increase in funds for the current year, which are needed and appreciated. (See Report No. 2, United Methodist Children's Home.) Mr. John Graybill, Conference Campaign Chairman for White Christmas and Rev. John Vickers, Publicity Chairman for the Board of Directors of the Children's Home are to be thanked for their fine work in this success.

In January, 1973, in planning for 1974, Dr. Wendell Bassett of the National Division of Health and Welfare Ministries of the Board of Global Ministries, participated in our planning meeting as a consultant. Our 1974 plans include: seminar experiences in ministries to the aging, ministries to the retarded, ministry to children which would establish the church's responsibility in assuming a role of advocacy for children in crisis.

In March, 1973, four people from our Board attended the convention of the National Association of Health and Welfare Ministries in Atlanta, along with 5 representatives of our agencies, (Fair Haven, Wesley Manor, Children's Home and Golden Cross). This was of considerable benefit for those who attended.

Also in March, 1973, an all-day training experience was held at Wesley Manor for Health and Welfare representatives from the local, district and conference levels. The attendance (including many ministers) was 130. This was closely followed by very successful seminars on Mental Retardation, which were held on consecutive days in Montgomery, Ozark and Mobile with a total attendance of over 100 clergy, primarily United Methodists. This was jointly sponsored by our Board of Health and Welfare, The Board of Christian Social Concerns, SEMAR, the Alabama State Department of Mental Health and the Alabama Association of Retarded Children.

## METHODIST HOMES FOR THE AGING

While many are becoming more concerned for the elderly, the magnitude of the problems of the elderly is big and getting bigger. If the church is to have a truly comprehensive and relevant ministry, the scope of the need dictates that it must devote a far larger proportion of its energies and resources to this rapidly increasing percentage of the population which daily struggles with some of the most difficult and complex problems faced by any group.

During this past year, your Methodist Homes have continued to work to increase our services.

Fair Haven, as stated last year, started construction on six apartments at a cost of \$135,000. We have now completed the 13th apartment. The total cost of these apartments is \$255,000 of which \$202,500 has been paid by those residents now occupying them. As these units become vacant, other prospective occupants will make Founder's Gifts to occupy them until eventually the apartment wing will be free of indebtedness.

With the continued assistance of Grace United Methodist Church, our Mobile Meals program has served over 4,000 hot nourishing meals. The success of our program has encouraged a number of other churches and groups to become involved in a Mobile Meals program.

An application for a Hill-Burton grant of \$300,000 is pending with the State Health Department for the construction of 34 additional skilled nursing beds at Wesley Manor. The outcome of this depends on the action of Congress and the President.

Likewise, the Board of Trustees continues to explore the possibility of constructing a high-rise Home in the Pensacola Area. These programs have also been slowed by the action of the President. However, a committee continues to stay on top of all actions taken by the government for the possibility of providing more care programs for the elderly.

Through a grant by the Linn-Henley Charitable Trust, the Board of Trustees is producing a 15-minute sound movie of your Homes For The Aging and encouraging continued and increased support. Only through additional giving by the churches can we increase services to the fastest-growing segment of our population.

In line with the trend in our Conferences in recent years regarding tenure, the Board of Trustees recommends the following change in our Certificate of Incorporation.

BE IT RESOLVED that the following paragraph of the Certificate of Incorporation of Methodist Home For The Aging, as amended, viz:

BE IT FURTHER RESOLVED that the following shall be Trustees of this incorporated body, viz: G. P. Cantrell, Paul Duffey, G. Stanley Frazer, Paul Mathison, J. B. Nichols, A. S. Turnipseed (Ministers) and Hartwell Davis, C. B. Gillmore, Mrs. A. D. Lipscomb, C. Ralph Paul, W. H. Plant, Jr., and Mrs. George Galliher (laymen and lay women), selected from the Alabama Conference, and R. L. Archibald, R. L. Dill, Jr., Denson Franklin, W. N. Guthrie, Otis Kirby, M. L. Triplett, (Ministers) and Mrs. L. C. Branscomb, K. E. Cooper, Mrs. T. J. Cottingham, Harry Denman, J. H. Owens, Clarence Pinson, (Laymen and lay women), selected from the North Alabama Conference. One-half the Trustees selected from each Conference shall be laymen or laywomen, and one-half shall be ministers. Said Trustees from the Alabama Conference shall serve until the annual meeting of that Conference in 1957. Said Trustees from the North Alabama Conference shall serve until the annual meeting of the North Alabama Conference in 1957. At the respective meetings in 1957 of said Annual Conference, each Conference shall elect twelve Trustees of this Corporation, four to serve for one year, four to serve for two years, and four to serve for three years, thus making twenty-four Trustees in all; and annually thereafter each of said two Conferences shall elect four Trustees to fill the vacancies occurring that year by expiring terms. All Trustees shall serve for their designated terms, or until their successors are duly elected and qualify. A majority of said Trustees shall constitute a quorum at any meeting of the Trustees, and a majority vote of those present at any meeting shall control. The powers of the Corporation shall be exercised under the authority and direction of the Trustees. The Trustees shall select one of their number as Chairman, and shall name other officers of the Corporation, fix their terms of office and define their duties. The Trustees shall hold their annual meeting on the first Wednesday in October of each year at the time and place to be designated in written notice of the meeting to be sent by mail to each Trustee by the Chairman. Special meetings may be called by the Chairman by giving at least one week's notice thereof by mail, be and such paragraph is hereby amended to read as follows:

BE IT FURTHER RESOLVED that the Methodist Home For The Aging shall be under the guidance and control of a Board of Trustees. The Alabama-West Florida Annual Conference and the North Alabama Annual Conference of the United Methodist Church may each elect annually six Trustees for terms of three years, and shall also fill vacancies. One-half of the Trustees elected by each Annual Conference shall be laymen or laywomen, and one-half shall be ministers. A Trustee may be re-elected if he has attended, during his term of office, not less than 50% of the meetings of the Board and not less than 50% of the meetings of the committees of which he is a member. A Trustee may not be re-elected for more than four consecutive three-year terms, plus an unexpired term to which he may have been first elected. All present Board Members shall be deemed to be presently filling an unexpired term. After being off the Board one year a person shall be eligible for election to the Board as if he had no prior service. A majority of said Trustees shall constitute a quorum at any meeting of the Trustees, and a majority vote of those present at any meeting shall control. The powers of the Corporation shall be exercised under the authority and direction of the Trustees. The Trustees shall select one of their number as Chairman, and shall name other officers of the Corporation, fix their terms of office and define their duties. The Trustees shall hold their annual meeting on the first Thursday in August of each year at the time and place to

be designated in written notice of the meeting to be sent by mail to each Trustee by the Chairman. Special meetings may be called by the Chairman by giving at least one week's notice thereof by mail.

#### Report No. 4

### UNITED METHODIST CHILDREN'S HOME

How many children were served by the Home in 1972? A total of 324 children were served in all programs—Children's Village 123, Group Homes 16, Family Aid 132, Scholarship 30, Foster Homes 22, and 1 Adoption.

What is the average daily enrollment for all programs? In 1971 the average daily enrollment was 187 and this was increased to 210 in 1972. This is a 12% increase in service and sets a new all-time high for the helping ministry of the United Methodist Children's Home.

How many applications for new children were received in 1972? During this busy year 212 applications were received and the Home was able to help 112 new applicants.

Why were the other 100 not accepted? At the end of the year 15 applications were still pending, 30 withdrew prior to admission study, 10 were helped by other plans, and 45 could not be accepted because they were either too disturbed or too retarded for our present programs. Only 5 children were rejected because of lack of suitable space at the time of referral.

Where did these 212 referrals come from? Welfare and other public agencies referred 153 cases, 56 came from United Methodist ministers and 3 from relatives.

What are some of the main reasons for referring these children to the Home? Probably the most frequent reason for referral is general family neglect although another increasing reason is the child's emotional maladjustments.

What are some of the greatest needs for facing the Home in the coming years? At this time some of the greatest needs are 1) finding dedicated staff who want to work with troubled children and 2) securing sufficient funds so that 3) the Home can better meet the needs of the troubled adolescent while 4) finding new and better ways to serve youngsters nearer their home community. It is the feeling of the board and staff that every effort will be made to meet these challenges, and others, during the coming months and years,

Richard I. Kirkland,  
Executive Director.

### Report No. 5

#### Report of Semar to Alabama-West Florida Conference

The Southeastern Methodist Agency for the Retarded, Inc. has been functioning for one Quadrennium. These four years have been fruitful in providing care in the area of retardation. Programs, and facilities have been launched across the Jurisdiction to extend vital ministry to this segment of hurting humanity.

Three major areas of work have highlighted the activities of SEMAR. They are:

1. Education of the Church about the mentally retarded and ways in which the Church could serve them.
2. The creation of district service ministries to the retarded and their families.
3. Probing the various funding systems which might yield public and/or private dollars to provide the services and ministries needed by the retarded and their families.

Services and ministries growing from these emphases distinguishes SEMAR as the only Church related agency in the nation seeking to enable the Church to move into the new areas of service in the community.

Plans for the future consist of continuing in the three areas in which SEMAR is already involved. Two new areas will be added provided funds can be made available. These are:

1. Creating a committee which would bring together persons from professional disciplines in mental retardation, social security, insurance, housing, etc. to determine ways in which the church might move into residential care for retarded persons.
2. Expand the program by providing more intensive training programs in regional areas of the Jurisdiction.

Positive results are seen from past experiences. New areas are before us. Funding is more difficult than in the past. With innovation and dedication services and ministries will continue to be expanded to the mentally retarded.

In the Alabama-West Florida Conference in the month of March, three seminars on The Church and Mental Retardation were held in Montgomery, Ozark and Mobile, Alabama under the direction of the Board of Health and Welfare Ministries and co-sponsored by the State Department of Mental Health, the Alabama Association for Retarded Children, the Alabama-West Florida Council on Ministries, the Conference Boards of Health and Welfare Ministries, Christian Social Concerns and SEMAR. These seminars were well attended and well received. They dealt with an overview of retardation, what retardation means to a family, what retardation means to the Church, and what Churches can do to provide ministries and services for the retarded and their families.

It is anticipated that a follow-up series of seminars will be held in the Alabama-West Florida Conference with more specific details on the "How to" facet of program development in the areas of pastoral care and counseling and developing programs in Christian education.

### GOLDEN CROSS FUND REPORT

As the new director of Golden Cross, I have learned a great deal about an area of our church's ministry which is little known to most of our people. However, this is one of the more compassionate areas of ministry in which our

church is involved. It is through this fund that we reach out to help United Methodist laymen and ministers who have medical bills which they are unable to pay.

Your giving to this fund increased by 42% this past year which enabled us to respond to many more needy people. We were able to help 27 people. The total of our help came to \$4,428.23.

The cost of hospital care has soared during the last few years and our ability to help those in need would have been reduced had it not been for the great increase in your giving.

This year the Golden Cross fund will join with the Home for the Aging in a united Mother's Day Offering. The Home for the Aging will receive 80% and Golden Cross 20% of this offering. I hope that you will lend your support to this combined giving. We are expecting this to increase the amount received and thus enable us to increase the amount of help which we can extend to each applicant.

There are film strips and brochures available from the Conference Headquarters which will provide information about the Golden Cross Fund. Applications and information can be obtained by writing me. (David H. Chunn, Rt. 3, Box 474G, Mobile, Alabama 36608).

Golden Cross helps people where they hurt. Become a part of This Christ-like concern and give to the Mother's Day Offering in your Church. Thank you.

David H. Chunn  
Conference Director of Golden Cross.

### BOARD OF EVANGELISM

1973 is the year of intensified evangelistic effort throughout the nation. In many areas the Key 73 program has brought some very creative thrusts. Some churches have done very little, and others continue with their usual routine, calling everything they do "Key 73," without making any effort to break out of the dull rut of the past.

As the Key 73 program has unfolded it has become more and more evident, in most of the denominations, that the minister is often the hold-up in the evangelistic outreach of the church. Because he may disagree with some of the traditional means of evangelism, the pastor may close the door to any evangelistic effort. Feeling he must "protect" his people from some of the "excesses" he may close the door to possible means of renewal through lay witness missions, new life missions, "we care missions," and other creative approaches.

The Board of Evangelism strongly urges all our churches and pastors to use all means possible to bring renewal to the local congregation. Key 73 offers many opportunities to get involved in evangelistic outreach. During the last half of 1973 we urge our people to put together a program that will meet the needs of the local congregation. Call on the district secretaries of evangelism, the Conference Board of Evangelism, and the Board of Evangelism in Nashville for help.

All our churches can profit from studying such books as *Who In The World and The Growing Congregation*. Both these books can be obtained from Cokesbury. Many churches are having studies in the Gospel of Luke and the Book of Acts. These and other studies can help the local church to understand the nature and mission of the church.

The Board of Evangelism is working to bring about new and creative approaches in evangelism within our Conference. On July 1-4, the Board of Evangelism and the Board of Education will jointly sponsor a camp meeting at Blue Lake. Speakers will be Bishop Carl Sanders, Bishop Robert Goodrich, and Dr. Dennis Kinlaw.

The Board of Evangelism each year helps to sponsor the Conference on Youth Discipleship. This year, Dr. Jerry Mercer, a dynamic young United Methodist minister, teacher, and theologian, from the California Conference, will be the platform speaker. This camp is set for July 16-20, at Blue Lake.

One of the critical needs in our conference is to help the small rural churches. On October 29-30, the Board of Evangelism will bring in from the Texas Conference, the Rev. James W. Darnell, for a workshop for the pastors of the smaller churches. District Secretaries and District Superintendents are urged to help get our men to this workshop.

There will also be a workshop held in October for the District Secretaries of Evangelism. We feel these men can be more adequately trained by having a workshop in our own conference, rather than depending upon the workshop at Junaluska.

As we come to the end of 1973, and face the new year, the Board of Evangelism will be working on plans for a two-fold attack on the problem of continued loss in membership in our churches. The lay people have indicated that they want to know how to share their faith with others. In March of this year a pilot training program was held in the Demopolis District. During 1974 we hope to have Institutes of Personal Evangelism in every district in the conference. These institutes will multiply the number of persons who can effectively share their faith. Secondly, during 1974, there will be held a workshop on The Conservation and Care of Church Members. We must begin to do a better job of conserving the fruit of our evangelistic efforts.

J. Edward Chandler, Chairman  
Thomas W. Sowell, Secretary

### MINIMUM SALARY COMMISSION

The Minimum Salary fund is for the purpose of providing assistance to those ministers and their families serving charges which salary will not assure a minimum standard of living. It is not for the purpose of paying ministers for their service. Therefore, your board includes under its recommendations a section which specifically states that the fund is designed to encourage local congregations to raise their salaries in order for their pastors to receive a larger share, as the Conference will not pay an amount of more than one-third of the minimum salary of each classification.

1. Only full-time pastors and student pastors are eligible for minimum salary.
2. Each pastoral charge must pay at least two-thirds of the minimum salary of its pastor, with the minimum salary fund paying only up to the remaining one-third. However, it is to be understood that newly organized congregations can for two years receive for its pastor up to one-half of the pastor's salary from the fund.
3. It is recommended that the minimum salary secretary be authorized to issue check orders for minimum salary only after each District Superintendent has certified (1) the complete income and amount of need of each pastor who is to receive minimum salary aid; (2) that the Charge conducts an Every Member Commitment Program emphasizing the total program of the United Methodist Church; (3) that the pastor give leadership in promoting the total financial program with special emphases being given to the ministerial, World Service and Conference Benevolences apportionments. It is not the responsibility of the minimum salary commission to determine all the ramifications of a man's employment. This is the responsibility of the Superintendent. It is recommended that the secretary withhold any funds until the District Superintendent has provided all the information as accurately as possible on the forms provided by the secretary.
4. No pastor of any classification shall receive aid from the fund if he receives income from any other church source, including pensions earned while under church appointment, if the income plus salary from the charge he serves is more than the minimum salary for his classification.
5. No person qualifying for minimum salary which amounts to less than \$100 will receive any minimum salary. We feel that local churches can take care of this small amount.
6. The administering agency will not grant aid to any member on trial or, an Approved Supply pastor, who does not pass a full year of the Conference Course of Study, or fails to meet the minimum requirements for a student.

7. No Associate pastor shall receive aid from this fund.

8. Each District Superintendent is required to review all minimum salary situations in his district toward the end of increasing funds for minimum salary. We request that no charge be divided where the salary is less than the minimum scale, unless there exists the opportunity for substantial growth, and unless such a division has been approved by the entire Cabinet; and we urge that churches or charges, to be eligible for minimum salary aid, should consist of three or more churches or a minimum of 250 members.

9. We commend the Cabinet for the work they are doing in combining charges with the view of giving each minister a reasonable work load and a livable salary.

10. We recommend that the Council on Finance and Administration and the Annual Conference continue to provide the funds necessary to carry on the minimum salary program as directed by the Annual Conference.

11. The secretary of minimum salary shall file with the Journal editor for publication in the Journal each year a report listing the payments from the minimum salary fund during the year, giving the names of the pastor, the charges, and the amount received.

12. We recommend that no pastor serving outside the bounds of the Alabama-West Florida Conference be eligible to receive minimum salary aid unless there is no appointment available for him in this Conference, or unless it be a special appointment by the presiding Bishop. Appointment for the convenience of the pastor himself shall not be considered reason enough to receive minimum salary aid.

13. The Minimum Salary Commission feels there may exist from time to time certain situations within our Conference where special attention may help a church to more quickly become self-sustaining. In such situations a supplement, determined by the Minimum Salary Commission, above the regular minimum salary, may be given the pastor, provided the church under consideration is unable to raise the salary level, and provided the money is available for this purpose. Normally no situation will receive this special consideration for more than four years. Ordinarily no more than three such situations will be considered during a year, based on money available. Such cases will be called Growth Potential Situations. In order to be considered, every case will be judged by certain criteria, and final determination will be done with the approval of the Board of Missions, since this Board handles money for church extension. Each situation will be judged by the following criteria:

1. growth potential
2. leadership requirements
3. age of the church
4. indebtedness.

14. We recommend that the following be the Minimum Salary schedule for 1974.

Members in Full Connection .....	\$6,800	Lay Pastors:	
Probationary Members .....	\$6,800	Student (married) .....	\$4,300
Associate Members .....	\$5,400	Student (single) .....	\$3,900
Seminary Students .....	\$4,700	Full-time .....	\$5,200
		Licensees (married) .....	\$4,000
		Licensees (single) .....	\$3,700

15. Conference Members and Full-Time Lay Pastors be eligible for the following additional increments:

For each child up to 18 years, or totally dependent children, maximum of three .....	\$100
For each church above the first .....	\$100
For the first ten years service .....	\$100
For each succeeding five years after ten .....	\$100

No combination of the above shall exceed a \$500 increase above the basic minimum salary. Increments will be paid in December, on a percentage basis of money available, to those who make application for these benefits.

A Conference Member or Full-Time Lay Pastor may receive full increments for which he qualifies, less any amount of salary paid above his minimum salary level.

J. Lamar Brown, Chairman  
Fred Fuller, Secretary

### COMMISSION ON ECUMENICAL AND INTERRELIGIOUS CONCERNS To THE ANNUAL CONFERENCE 1973

During the first part of this year, our Church, along with many other Christian Churches across North America, has had a unique opportunity for joint efforts in ministry through the program called Key '73. Interdenominational cooperation is a fact in many of our communities because of this program. We encourage continued support of Key '73 with the hope that this program will not end in '73 but will be another door through which we walk in our travels toward that overall dream and design of our Lord that "they all be one." We believe that a profound imperative to Christian unity springs from the early church's affirmation that "There is but one body and one Spirit, only one hope of God's calling, one Lord, one faith, one baptism, one God and father of us all." (Ephesians 4:4-6). This position is reinforced by the preamble of the United Methodist Church Constitution: "The Church of Jesus Christ exists in and for the world, and its very dividedness is a hindrance to its mission in the world."

In our fervor for the Christian cause we must be guided by openness to dialogue with other major religions of the world. Evangelism for Christ in no way excludes appreciation for and dialogue with other religious traditions. United Methodist Christians are encouraged toward this perspective by the landmark statement on Jewish-Christian dialogue (entitled "Bridge in Hope") which was adopted by the Atlanta General Conference last April. We would encourage study of this between the people called Methodists and our Jewish neighbors in our communities across Alabama-West Florida.

The Consultation on Church Union (COCU) continues its process of exploring possibilities and problems of the 1970 "Plan of Union." The Atlanta General Conference last April reaffirmed our participation in COCU by a vote of 9 to 1. The future of COCU continues to be uncertain but it also continues to further our understanding of the problems and promises involved in church union.

Both the National and World Councils of Churches continue to provide us with a means whereby we may work together to accomplish objectives which no church could achieve in isolation and an illustration in their being and action of the oneness of the Church of Christ. We encourage continued support of our "Interdenominational Cooperation Fund" which supports the ministries of these councils.

It is the feeling of the Conference Commission that on a grass roots level our churches could well profit from participation in such special ecumenical opportunities as Week of Prayer for Christian Unity, World Communion Sunday, Reformation Sunday and Pentecost.

Helpful materials on a variety of ecumenical ministries may be ordered from the Division of Ecumenical and Interreligious Concerns, The United Methodist Church, 475 Riverside Drive, 13th floor, New York, N.Y. 10027.

### BOARD OF EDUCATION ANNUAL REPORT

#### 1. Chairman's Introductory Statement: (Charles R. Britt)

This report in the Brochure will be incomplete. Some areas such as "Task Force On Higher Education" and the coveted positions as trustees of the two colleges

related to our Conference will be a part of our final reporting at the forthcoming session of Conference. Other matters will perhaps be presented then. Any deficiencies in this brochure report are due to the chairman of the board. No one else is responsible for any shortcomings in this year's program.

Not in every respect, for every member of the Board, has this been an easy year. This has been the first year in a new quadrennium, first in a new annual conference, first under new Discipline yet to come off the press, first of the new structures at the general level of the Church. In this matrix we have sought to form ourselves as a Board, chart our directions, implement our assignments.

The good things are too many to enumerate them all. Later sections of the report will convey many of these. However some I must mention: Don Brill, ministering at a level that comes close to sacrificial; Dr. Faye Brown, lending charm and dignity, with unlimited creativity, as she continues the compassionate ministry of "Four L's"; Dr. Floyd Vallery and those who agonized with him seeking answers to the "economic feasibility" of operating our Wesley Foundation/Fellowship units; Frank Hyles, Gerald Munday, Steve Dill, Paul Duffey, Joe Bullington, Richard Wright—lending abilities to the tasks of this Board; Earl and Tommy DuBois serving us all so well at Blue Lake development; Jimmy Conner in his role as mentor and executive committee member.

"If there is anything of virtue" in the work of this Board in this first year of the quadrennium these persons mentioned, and a number of others, deserve recognition. It will be noted that we have been assisted by several people who are not Board members but who possess acknowledged competence in certain fields.

We request this conference to confirm the following members-at-large of this Board: Mrs. Gary Cumbie, Mrs. Jewell Stanford, Mrs. Roy Sublette, Gerald Munday, Steve Dill, Frank Hyles, Linwood Lewis.

## 2. Committee On Leadership Development: (Frank Hyles, Chairman)

In response to "Program Priorities" for 1973 (1972 Journal, p. 121) this committee cooperated with the Conference Council staff in the following settings for training:

1. A Council On Ministries/Administrative Board workshop held in two sessions—one in November, 1972, at Blue Lake, and another January 26-27, 1973 at First United Methodist Church, Andalusia. Three districts (Andalusia, Pensacola, Troy) furnished teams involving pastors, youth representatives, chairmen of Administrative Boards and Councils on Ministries. Many of these teams agreed to help in giving leadership to Council on Ministries and Administrative Boards in churches near to them. Also trained certified lab leaders from our conference who are prepared to offer similar workshops in other districts.

2. Coaching Conference on Children's and Youth Ministries held simultaneously but separately at Blue Lake, February 8-10.

3. April 13-14, 1973, a conference-wide workshop to introduce the "Our Living Bible" series of adult materials for church school classes was held at Blue Lake. District teams were given leadership by Dr. Lon Speer, editor of the new series, and designs were made for district workshops. Mrs. Carolyn Cumbie, a member of our committee, continues to act as coordinator for introducing this new series.

4. Believing that Laboratory Schools provide effective settings for leadership development, this committee offers financial assistance to churches willing to make the necessary effort. Whenever two or more churches in geographical proximity unite for a lab, their school will be underwritten by one-half honoraria for each leader. Requests for aid should be made through the Conference office in Andalusia.

5. Believing that our conference needs more certified lab instructors, this committee offers financial assistance to persons who commit themselves to two labs and one seminar required for certification.

6. To aid local churches in preparing leadership, a card catalogue listing designs for leadership and available resources persons is being prepared by this committee.

## 3. Committee On Camping: (Joseph H. Bullington, Jr., Chairman)

This committee is a new creature established by the 1972-76 Board of Education. The scope of our responsibility is ever widening as we seek to improve our camping program so it may meet the needs of our day.

There are four major areas of note in the work of our committee this conference year:

## 1. Getting started:

To begin to function as a committee we needed to gather information on our camping programs and the attitude of our people toward it. On September 26-27, 1972 we had hearings in which ideas and evaluations were heard from 1972 camp directors and deans, program staff, Blue Lake staff, and other interested persons. On the basis of these hearings we mapped out a general course of action in the areas of program, facilities, staff, and funding. Progress in three of these areas are reported below:

## I. PROGRAM—SUMMER of 1973

A. CHANGES IN CONTINUED PROGRAM—Changes were made in agencies to be continued in three areas:

1. The number and availability of Jr. Hi. and Elementary camps: In 1972 there were nine Elementary camps with an average attendance of fifty-five campers and ten counselors. Allowing for a hoped-for increase in the attendance in 1973, we felt that six camps could accommodate this number and that three weeks could be freed for a wider use of Blue Lake's facilities. These six camps have been scheduled and continued on a district or district-cluster basis. The 1972 Jr. Hi. camps numbered seven with an average attendance of forty-seven campers and eight counselors. In 1973 there will be four Junior Hi camps. Registration will be conference wide on a first-come-first-served basis until capacity is reached.

2. The age-levels served by our camps: The age level for our camping program has been lowered by one year and will be observed as follows:

Elementary Camps—rising 5th and 6th graders

Jr. Hi. Camps—rising 7th and 8th graders

Mid Hi. Assembly—(July 23-27) rising 9th and 10th graders

Sr. Hi Agencies—rising 11th and 12th graders and graduates.

3. The 4-L Camp for retarded children, formerly under the committee on Experimental Ministries, is no longer considered experimental but rather an established part of our camping program. Accordingly it has been moved under the auspices of this committee. It is scheduled for June 20-24.

## B. NEW CAMPING EXPERIENCES—

1. The Younger Elementary Camp—July 5-7 is an experimental three day camp for rising 4th graders.

2. The Blue Lake Camp Meeting is a joint venture of our committees with the Board of Evangelism. The holiday break of July 1-4 is to be a family-oriented time of relaxation, fellowship, and great preaching. The preachers are our own Bishop Sanders, Dr. Dennis Kenlaw, and Bishop Robert Goodrich.

## 3. Appalachian Trail Hikes.

See Conference Calendar for schedule of summer.

## II. Development Of Recreational Facilities At Blue Lake—

To make our camp more attractive to our youth, we are developing a master plan of improvement of recreational facilities at Blue Lake in close co-operation with the Blue Lake Commission. This summer will see a renovated waterfront area and the addition of canoeing and archery to the program. Future plans include a family camping area, tennis courts, and horseback riding.

## III. Funding—

As we work closely with the Blue Lake Commission in this area, both groups are of the opinion that our conference must take steps to subsidize our camping program and facilities if it is to continue to serve as we want it to. 1974 budget requests from both agencies reflect this need.

Our Camping Program can be a means of meeting the needs of our people and promoting the Gospel. It is our desire to put Blue Lake and our program in the eye, mind, and heart of Alabama-West Florida Methodists.

#### 4. Committee On 4-L Camp: (Dr. Faye M. Brown, Chairman)

For the past three summers, the Alabama-West Florida Conference of the United Methodist Church has sponsored a summer camp for mentally handicapped children of all denominations.

The 4-L Camp; live, laugh, love and learn, in the outdoors is a camp designed to provide mentally retarded children and youth an opportunity to enjoy outdoor camping and recreation that very few have an opportunity to enjoy. It is an exciting experience for these youth. In many cases it is the first time these youngsters have had an opportunity to spend the night away from home. They learn to live with other handicapped individuals but most important they have an opportunity to be closely associated with a young adult who serves as their counselor.

It is difficult to determine who benefits most from this camp, the camper or the counseling staff. One of the counselors made this statement: "I don't really know whether I helped her or not but she helped me. I learned to be more patient and how real these kids are. I do know that the campers and counselors have had a good time." This statement is reflected through the laughter of the youth as they swim, sing, dance, climb and enjoy all the outdoor activities that the so-called "normal" child enjoys.

This summer we expect the camp to serve approximately 120 campers with a staff of approximately 100 adult assistants and counselors. The camp will be held at Blue Lake using two or three campsites. Each campsite will be staffed with an adult professional director and other adult assistants. The staff, adult assistants and counselors will not receive pay for their time, but the personal rewards are great.

The staff, adult assistants and counselors will be requested to attend a staff orientation week-end on June 9th-10th at Pinewood Campsite at Blue Lake. The orientation will give an opportunity to review the files on the campers and answer many questions the staff might have prior to the opening of camp.

If you are seventeen years of age or older and are interested in participating as a member of the staff or counselor in the 1973 4-L Camp, please contact me. Staff will be appointed before May 4th.

## REPORT OF THE COMMITTEE ON EXPERIMENTAL MINISTRIES TO THE 1973 SESSION OF THE ALABAMA-WEST FLORIDA CONFERENCE BOARD OF EDUCATION

The work of the Committee on Experimental Ministries is both intriguing and rewarding. It has been interesting from the point of view that we have no guidelines or suggested procedures. Many Annual Conferences do not have a committee handling this style of ministry. Many committees and organizations within our Conference need a set of guidelines or suggested procedures, but this Committee must continue to be free of tradition, comparative procedures and past experience. The Committee needs to be "free-standing," free to dream and fail, free to dream and succeed. The Committee is beginning the process of designing for the 1972-76 Quadrinnium, possible programs and experimental ministries.

The Committee, in the last Quadrinnium, enjoyed the rewarding experience of establishing the 4-L Camp for Special Education children. The Alabama-West Florida Conference has given moral and financial support for the establishment of the Committee. The 1972 Camp was a rare and beautiful experience for both children and staff. The Conference Board of Education realized that the 4-L Camp is now an established camp and placed its responsibility under the Camping Committee of the Board of Education beginning in 1973.

Camp Discovery I was held in August, 1972. The camp is designed to bring urban indigent children to Blue Lake for a week of Christian camping experience. The Rev. Fred Toland, our Mobile Inner-city Minister, and the Rev. Al Norris, Pensacola Inner-city Minister, were our directors of Camp Discovery I last year. We plan a similar camp for August of 1973 and these two fine men will be our camp directors again.

We are in the planning stage for establishing in August, 1973, a Camp Discovery II. This camp will minister to rural indigent children. The specific plans have not been established.

Any person who would like to serve on the staff of these camps may contact the office of Miss Ruth Goff in the United Methodist Headquarters in Andalusia for further information.

The Committee on Experimental Ministries understands that we will not always succeed. There have been failures and we have attempted to evaluate our failures and set new goals and procedures, but the success of our ministry far outweighs our failures. This is a meaningful and viable ministry which the Alabama-West Florida Conference should continue to support.

Respectfully submitted,  
Rev. Gerald Munday, Chairman

## THE HIGHER EDUCATION TASK FORCE

The Higher Education Task Force was appointed in 1971 by Bishop W. Kenneth Goodson, Presiding Bishop of the Birmingham Episcopal Area. It is composed of both ministers and lay persons from both the Alabama-West Florida Annual Conference and The North Alabama Conference.

The organizational meeting was held on January 7, 1972 with Bishop Goodson presiding. Dr. Eric Rodgers was elected Chairman of the Task Force; The Rev. Robert H. Collins was elected Vice Chairman (Alabama-West Florida Conference); Dr. E. B. Norton was elected Vice Chairman (North Alabama Conference); Dr. William McWhorter was elected as Secretary and Mrs. Dan Waite, Jr. as Treasurer.

The Task Force was instructed to "make an exhaustive Study to look into

the Church's relationship to the three colleges, and all of the issues that are involved in Christian Higher Education, to use whatever resources in the way of material and knowledge that are available from the State as they project student enrollments in the years to come, to take a good look at the financial structure of our institutions, to take a good look at the mind of the Church as it relates to feelings about higher education, to take a look at the mind of the institution as it finds itself relying more and more upon the Church and finding almost less and less financial support from it."

The Rev. Charles F. Betts, Associate Council Director, North Alabama Conference, was made available to the Task Force and has rendered capable service as Coordinator of the Study.

After the resignation of Chairman, Dr. Eric Rodgers and Vice Chairman, Rev. Robert H. Collins, the Task Force elected Dr. E. B. Norton as Chairman, Rev. Charles Britt as Vice Chairman (Alabama-West Florida Conference), and Rev. Laurence Dill III as Vice Chairman, (North Alabama Conference).

The Task Force has completed its work and proposes to hand out its report as a separate document at an appropriate time in the regular 1973 session of each of the Annual Conferences.

The Task Force recommends:

1. That its report be received by each of the Annual Conferences but not discussed or acted upon in the regular session.

2. That the Presiding Bishop be requested to call a special joint session of the two Annual Conferences to deal with the Task Force Report, preferably within sixty days after the adjournment of the regular session of the North Alabama Conference.

Dr. E. B. Norton, Chairman

## REPORT TO THE ANNUAL CONFERENCE 1973 COMMITTEE ON HIGHER EDUCATION AND CAMPUS MINISTRY

### I.

#### PRIORITY YEAR IN HIGHER EDUCATION & CAMPUS MINISTRY

In view of the concern with Christian Higher Education reflected in various studies ordered by the Annual Conference, and in view of Methodism's historic support of Christian Higher Education,

BE IT RESOLVED THAT, The Alabama-West Florida Conference designate 1974 as a Priority Year in Christian Higher Education. Let the Conference seek to provide our Colleges and Wesley Foundations with adequate financial support and endeavor to increase the understanding between church and campus.

The 1974 Priority should inform the Conference of the program, personnel and purpose of our Colleges and Wesley Foundations. As a result, it is hoped that these educational institutions will receive the support they deserve and the direction they need to fashion the future of our Christian witness.

The detailed plans of this Priority Year shall rest with The Conference Board of Education, The Conference Council on Ministries and the educational institutions involved.

### II.

#### THE COLLEGE FORMULA

The Board of Education recommends a continued relationship of the Annual Conference to both Huntingdon and Birmingham-Southern Colleges. We realize this involves both financial support and student recruitment. It is necessary for the Annual Conference to recognize the urgent necessity for loyal and generous support of the colleges to which we are related. We, therefore, urge each local church to pay in full its apportionment for Higher Education.

Based on an urgent need at Huntingdon College and realizing its specific territorial relationship to the Alabama-West Florida Conference, we recommend the division of Higher Education Funds according to the following formula:

Huntingdon College—66%—Birmingham-Southern College—33½%.

It should be understood that this recommendation is made in light of an opportunity to strengthen Huntingdon, and it reflects no lessening of love for Birmingham-Southern College.

### III.

#### WESLEY FOUNDATIONS

##### 1. Organization

The organization pattern of campus ministry shall be faithful to the requirements of the 1972 Discipline of the United Methodist Church. The attention of the Conference is directed to the purpose of campus ministry in Par. 1204.2; and the responsibility of its governing bodies in Par. 1206 and 1251.

The Variety in campus ministry, so obvious in form and name, should be encouraged in order to adequately meet local needs. However, variety is both provided for and limited by the requirements of the 1972 Discipline.

The Conference Committee on Higher Education and Campus Ministry shall have the responsibility for developing knowledge and support for campus ministry (Par. 1252) as well as offering guidance and establishing standards (Par. 1251.3). It also relates the local campus ministry to the various opportunities of the general church. One campus minister should be selected by the Cabinet as an ex-officio member of the Conference Committee on Higher Education and Campus Ministry.

The local government body for the campus ministry in any college community where The United Methodist Church is at work shall be in accordance with Par. 1206 and 1251 of the 1972 Discipline.

##### 2. Administration

An Annual Report of program and financial status shall be submitted by the Wesley Foundations to the Conference Committee on Christian Higher Education and Campus Ministry. The Conference Committee shall forward the report to the Annual Conference Council on Finance and Administration as well as the Section on Campus Ministry as required in Par. 1208.2 of the 1972 Discipline.

The Conference Committee in accordance with Par. 1250 shall present the financial needs of the Wesley Foundations to the Council on Finance and Administration; it shall recommend an apportionment to the Annual Conference for Wesley Foundations, and determine the distribution of funds received.

The salary of the Campus Director shall be set by the Local Board of Directors and approved by the Conference Committee on Christian Higher Education and Campus Ministry.

All Annual Conference disbursements shall be remitted to the Treasurer of the Local Board of Directors.

A financial summary of each campus unit shall be published in the Annual Conference Journal.

##### 3. Ministry

The Campus Ministry should not be building-oriented, but person-oriented. This is not to say, however, that buildings may not be useful in a person-centered ministry. We encourage all student ministries to involve themselves on campus, in the community, and in the local churches.

Close cooperation between the campus ministry and the local United Methodist Church(es) is essential. (Par. 1251.3)

Cooperation between Wesley Foundations is to be encouraged. The Chairman, or another person selected by the Conference Committee, shall organize opportunities for mutual sharing and planning by the several campus ministries and Boards of Directors.

There is no campus ministry without a campus minister. This person, lay or clerical, may be entrusted with Campus Ministry on either a full-time or part-time basis. He shall be responsible to the Annual Conference through the District Superintendent.

The appointment of a full-time campus minister should be made by the Bishop and the Cabinet in consultation with the Conference Committee, the local Board of Directors and the prospective appointee.

#### 4. Finance

We urge every church to pay its Wesley Foundation apportionment in full.

It is obvious that financial need continues to limit the operation of student ministries, and there also exists an opportunity to initiate student ministry on additional campuses. Income for student ministries beyond the Wesley Foundation apportionment is now derived through Conference Advance Specials and district apportionments.

In light of these facts, we recommend that the Council on Administration and Finance apportion to the Districts the amount of \$25,000 for Wesley Foundations. The apportionment shall be allocated according to the district decimal, and distributed to the churches by the District Superintendent. These funds shall be designated by the local church for the Wesley Foundation of its choice and remitted to the Annual Conference Treasurer.

## COUNCIL ON YOUTH MINISTRY

The Conference Council on Youth Ministry made great strides in 1972-1973 toward its goal of a meaningful and fulfilling Christian lifestyle for every United Methodist Youth in the Alabama-West Florida Conference. We look back with satisfaction from our successes, understanding of our failures, and eternal optimism for the future.

Our summer camping program was an exciting experience as hundreds of youth came together to bask in the beauty of Blue Lake and to work together to increase their understanding of the Christian faith. Fall Rally gathered over 1,200 youth in a giant celebration together.

Some of our weekend camps in early 1973 have been smashing successes. Among them:

1. Coaching Conference—A weekend was spent training adults to be youth ministry leaders and resource people.

2. Contemporary Worship Weekend—Two days spent in the development of a contemporary worship service and the understanding of some of the techniques used.

3. Junior High Retreat—118 Junior Highs gathered at Pinewood for this weekend of their own.

Of course, the United Nations-Washington, D.C. Seminar was a fascinating time for those who participated in this tour.

This will be the second year for us to have voting delegates to Annual Conference and we are excited about the people chosen to represent the youth of this conference. This is an important part of our voice in the shaping of the policy for the church of the future.

We are also appreciative of the fact that for the first time in ten years, Youth Service/Fund giving increased. We believe that this is a result of United Methodist Youth's greater commitment to be in Christian mission. 1973 marks a historic time for Youth Service Fund. Beginning this year, 70% of every dollar given to Youth Service Fund will remain in this conference. This will be spent by the Youth Council, while 30% of every dollar will be sent to Nashville. This is an exact reversal of distribution procedures from previous years.

Although happy about the past year, we look toward 1973-74 with even greater determination and excitement. Our summer camping program has been revised with several interesting innovations. Some of these are:

1. Youth Ministry Workshop—June 15-17—Workshop for Young Ministry leaders in the local church.

2. Junior and Senior High Trail Hikes—Hikes along the Appalachian Trail in North Georgia.

3. Camp Discovery—A week long camp for children from culturally deprived urban areas.

4. Junior High Camps—Instead of the district camps that we have had in the past, we have moved to a series of conference-wide camps.

Of course, the summer will also include Seminar and Mid-High Assemblies, Conference on Youth Discipleship, L-L Camp, and Youth in Missions Weekend.

The fall will bring us another fall rally and also two new weekend camps. The Christian Vocations Weekend will be October 26-28, and the Convocation on Music and Youth Choirs will be November 9-10.

All of these camps will greatly enrich the lives of those who participate in them, but perhaps the most dynamic concept in youth ministry for 1973 will not take place at Blue Lake, but rather in 30 different local churches. A unique system of district convocations for youth have been set up all across the conference from June 18 to July 18. Representatives from the Conference Council on Youth Ministries will lead those convocations which will deal with a better understanding by the youth of this conference of the United Methodist Church, the Con-

ference Council on Youth Ministries and its program, and Youth Service Fund. It is also designed to help set up some type of continuing district youth ministry.

In looking back, we would like to thank all of those who took an interest in us and who struggled with us in our attempt to formulate an effective youth ministry. In looking ahead, we realize even more is required of us. We ask that you give us your continued support and interest so that a dynamic church of the future can have its foundations laid today.

John Hildreth, President  
Conference Council on Youth Ministry

## COMMISSION ON WORSHIP

We believe that TRUE WORSHIP links us up to God and to one another. It is not enough to sit complacently in our comfortable pews going through a form of worship which has little meaning for us because we give nothing of ourselves through it.

Worship is more than an act—it is an experience. It is more than an empty form of beautiful ritual—it is a dynamic response to the love and mighty acts of God. It is a relationship to God which calls the worshipper to become involved in the world of God, fulfilling the mission of Christ. True worship, the loving offering of grateful lives to God, will make a people and a church strong by awakening the awareness of heroic responsibility.

### The Setting For Worship

The setting for worship is extremely important in the life of the worshipper. Care should always be taken to see that the place of worship is clean, well-lighted and arranged in orderly fashion. It should contain simple, yet adequate symbolism since we are always aided in our worship through symbols which focus on Christ and the Gospel.

The use of color and flowers will help to accent the Cross as the focal point on the altar or communion table, whether the church has an open channel or central pulpit.

Whether our worship is individual or corporate, the use of differing forms, both formal and informal, can aid us to enter into a personal experience of the presence of God. Beauty, dignity, and simplicity assist us to keep our worship in focus. While worship is a personal experience, it is also a personal involvement by faith commitment with our brothers and sisters as the Body of Christ. Therein does the church discover its fullest meaning and become aware and accept its glory as the People of God.

### New Ways To Worship

Let us evaluate the effective methods and techniques with which we may have become too familiar.

Recognize that God can be worshipped other than at Eleven o'clock on Sunday morning.

Recognize that there could be a meaningful use of music and instruments, other than piano and organ, which speak to us.

Interpretation of the Gospel through drama, interpretive movement, films, dialogue and other forms of unconventional worship might be part of our planning and practice.

Let us allow God to speak through us in ways and at hours that may seem strange as we bring our people to affirm their faith in the intimate fellowship of genuine adoration of God.

### Duties and Responsibilities

Since *The Discipline of The United Methodist Church* places the following as duties and responsibilities of the Annual Conference Commission on Worship:

1. To promote the interests of worship within the bounds of the conference.
2. To foster the use of the best resources for worship . . .

3. To promote the use of *The Book of Worship For Home and Church* and *The Methodist Hymnal* in all the churches . . .

4. To plan and promote seminars and demonstrations on ways of worship and the use of hymns . . .

5. To provide exhibits at the conference sessions in such fields as architecture, church appointments, etc.

6. To cooperate with the Board of Education and National Fellowship of Methodist Musicians of the United Methodist Church in promotion, seminars and all other conferences on Church music.

### Some Recommendations

We, the Commission on Worship, recommend to the Annual Conference the following:

1. That in order to train leadership in the area of Worship that a training event for the Commission on Worship be held at Blue Lake on September 14 and 15.

2. That in order to train leadership in the area of Worship in the local church, The Commission on Worship hold two Worship Workshops in early 1974.

3. That the Commission on Worship be given responsibility for, or consulted in planning the services of worship at Annual Conference, and for various meetings of groups and conferences where worship is involved.

4. That every local church according to the 1972 Discipline, elect a Work Area Chairman on Worship. In accordance with the Discipline where the extent of the program indicated the need, the Council on Ministers should choose a Commission on Worship.

5. That the following questions be answered by the Work Area on Worship each year:

Are the communion set and chancel furniture in good repair?

Does the setting for worship inspire worship?

Is the new Methodist Hymnal in use?

Are the Methodist Hymnals in good condition?

Is the organ or piano satisfactory and kept in good repair?

Is there a music director?

Is there a capable organist or pianist?

Are music supplies adequate and suitable?

Are there storage facilities for music?

Are rooms with clothes and supply cabinets provided for the choir?

Are there choir robes suitable and kept in good repair?

Are there choirs for children and youth?

Is there a public address system? Is it functioning properly?

Are Sunday bulletins attractive and easy to read?

Are hearing aids provided?

Are the ushers genuinely helpful and friendly?

Is our congregation staffed to serve adequately all the members?

Are the hours of worship meeting the needs of our people?

Should we have special services to reach the unchurched?

Is our pastor given enough time for sermon preparation?

6. That local commissions study the history and meaning of our United Methodist worship, review the worship practices of the congregation and assist the pastor in cultivating and effecting whatever changes might appear necessary in making the worship practices of the congregation true to the tradition of practice of Methodism, as well as meaningful to the local congregation.

7. That orders and Rituals officially adopted by the United Methodist Church be used, with the recognition that they are in the present tradition of United Methodist worship and should be altered or adapted only with extreme care.

8. That the Order of Worship, as approved by the General Conference for use as the Sunday Service for United Methodist, be used in all our Churches and that the congregation be trained in the proper understanding of and participation in this service.

9. That local music leaders join "The National Fellowship of United Methodist Musicians," and that they also join the Alabama-West Florida Chapter.

### Recommendations To The Ministers

The Discipline of the United Methodist Church clearly gives authority to the United Methodist pastor to plan and control the appointments of all Services of Worship held in his charge. The Commission on Worship recognized this fact, but in order for pastors to discharge this authority according to the best tradition of Methodism, we make the following recommendations:

1. We call upon each minister to be "a faithful dispenser of the Word of God, and his holy sacraments."

2. We call upon each minister to emphasize the importance of the Service of the Lord's Supper and to arrange for the Holy Communion to be administered at least quarterly.

3. We urge our pastors to use the full Order for the Administration of Holy Communion, observing the directive that there shall be a sermon in every service of Holy Communion. This, we believe, is in keeping with the Protestant tradition of blending the Sacraments of the Word with the Sacrament of the Lord's Supper.

4. We urge our ministers to emphasize the importance of preaching in every service of worship. We believe that true worship must have vital, strong, and meaningful preaching of the Gospel.

5. We urge our pastors to assume full charge of every Service of Marriage and Service for the Burial of the Dead held in their charge. Careful counseling should be given especially to couples anticipating marriage. In no case should the furniture of the church be moved for a wedding service.

6. We also urge that emphasis be given to the Christian Year and encourage use of the Calendar and Lectionary in the preparation of sermons and worship.

Respectively submitted,

Albert R. Hunt, Jr., Chairman

## BLUE LAKE ASSEMBLY GROUND COMMISSION

### Report No. 1

The Assembly Ground Commission has had another successful year in the operation of the Conference Assembly Ground at Blue Lake. Blue Lake Camp continues to widen its field of service to the church with an annual increase in the number of persons being served. During the conference year nearly twelve thousand people attended children's camps, youth camps and assemblies, adult retreats and other conference, district and local church groups.

We look hopefully to the 1973-74 conference year with expectations that the indebtedness will be paid in full. With the continued fine support of the United Methodists of the Alabama-West Florida Conference we can make some greatly needed repairs and improvements and chart the course for long range needed development of other facilities.

### Report No. 2

Due to the change in the structure of the women's organization the Commission recommends a change in the Resolution of Incorporation of the Blue Lake Assembly Ground Commission. The following change is recommended: In Item 5 of the resolution which deals with membership of the Commission the words, "One person by and from the Woman's Society of Christian Service and One by and from the Wesleyan Service Guild," be replaced by the words, "two people by and from the Alabama-West Florida Conference United Methodist Women."

### Report No. 3

The Commission placed high priority on improving the water front and its facilities and entered into a "crash-program" of offering more attractive water activities for the 1973 camping season. The beach area is to be improved, new

piers installed, canoes and equipment purchased. A water front director is to be hired for the summer. Also, archery equipment will be provided at Blue Lake. In order to undertake these projects the Blue Lake Commission borrowed money, not to exceed \$8000 from the Alabama-West Florida Conference Commission on Finance and Administration.

The Blue Lake Assembly Ground Commission hereby makes a request to the Alabama-West Florida Conference, in its 1973 annual session, for a grant from the Capitol Development Revenue Fund, not to exceed \$10,000.00 in order to repay the loan from the Commission on Finance and Administration.

#### REPORT OF THE BOARD OF MISSIONS

This is the first report of your Board of Missions of the 1972-76 Quadrennium. Many of the members of this Board have served previously and we are aware of the fact that we serve now where some outstanding leaders have served. We need the prayerful support of all the members of our Annual Conference if we are to continue the fine programs previously begun and give the progressive leadership needed by this Conference to make our future a bright one in Christian Mission.

Your new Board has begun its work in earnest. Early in the year we sent the Chairman of the Board, Erwin Dailey, our Associate Director of the Conference Program Council and all District Secretaries of Missions to the General Board of Global Ministries for a workshop to prepare them for work in this area of service. The General Board shared generously in the expense of this training program and we express appreciation for this assistance. With our leaders better prepared we can look to them for the leadership we need in the Districts and already we have seen evidence of progress. Our Annual Conference paid in full its National Mission Special apportionment to the Rio Grande Conference Pastors for 1972. In our support of World Advance Specials we have had wonderful response to the quadrennial program of "Support for Qualified Liberian Leaders." Churches of the Conference have already under-written support of two additional missionaries this year.

However, I would like to lift up an area of concern that should be a real challenge to all of us. In 1972 our Annual Conference was number seventy-four (74) of the seventy-seven (77) Annual Conferences in payment to World Service Apportionments. We can do better than this and it is the hope and prayer of this Board that our Conference reach 100% in its support.

We are facing new challenges in many areas even within the boundaries of our Conference. We are sensitive to many needs that arise constantly and by God's help we want to see our people have the privilege of being in Christian Mission. We request your participation and want to hear from you, and we ask for your suggestions of ways that all of us can be in mission. Let us not forget that our Commission came from Christ who said, "And ye shall be witnesses unto me both in Jerusalem, and in all Judea, and in Samaria, and unto the uttermost part of the earth."

Cecil E. Bradley, Chairman

## MISSION EDUCATION AND CULTIVATION

In a wide variety of creative ways the Committee on Education and Cultivation seeks to undergird the total program of the Board of Missions. The Committee seeks to fulfill its undergirding role in such a manner that individuals and churches may understand the bases for Christian Mission today.

### I. MISSION EDUCATION

A. Each church in the conference is encouraged to undertake a series of mission studies. The Studies for 1973-74 are:

"Contemporary Christians and Their Writings"

"Justice, Liberation and Development"

"Women: Over Half the Earth's People"

During 1972-73 the mission studies were:

"Romans"

"India"

"Faith and Justice"

All nine district held a Fall Mission Study Conference with 209 charges represented and a total attendance of 684. The average number of hours spent was 3.44 in the conferences.

The 1972 Cooperative School of Christian Missions was held at Blue Lake August 7-13, 1972. There were 91 in attendance at the week long school and 166 at the short school. Thirty youth attended the Youth in Mission weekend, August 11-13.

The Reverend Stanley Mullins will be Dean of the 1973 Cooperative School which will be held:

Long School—July 30-August 3

Short School—August 3-5

Youth in Mission Weekend—August 3-5

B. Missionaries have iterated in every district during 1972-73.

C. Miss Betty Griffin was commissioned by Bishop Carl J. Sanders as a missionary to Peru on September 10, 1972 at the 11 o'clock worship service in the Dauphin Way United Methodist Church. She was sent to teach English and work in the Christian community in Colegio America in Callao, Peru for three years. The Dauphin Way Church assumed her entire salary support.

D. A new missionary family, upon request of the Conference Board of Missions, has been assigned to our Conference—they are Reverend and Mrs. Glenn H. Keller who are presently at the University of Tennessee working on Masters degrees before returning to Costa Rica in June. As of March 25, 1973 their salary support has been pledged by several churches of this Conference.

E. Films: The Board of Missions gave two 16 mm films to the Conference Film Library entitled "The Cross in the Lotus" which was available for the India Mission Study. Ten additional filmstrips on missions were also presented to the Conference during the year.

F. During the summer of 1972, eleven young people from the Conference attended the Youth and Mission Conference at Lake Junaluska, North Carolina. These young people spoke in local churches and district meetings about their experiences at Lake Junaluska.

G. All nine district directors of missions attended a two day training seminar in New York at the Board of Missions. This was one of the most helpful experiences in job training ever attempted.

## II. MISSION CULTIVATION—1972

### A. World Advance Special 1972—Keiwa Gakuen

The number one priority of the Conference Board of Missions for the 1968-72 Quadrennium has been Keiwa Gakuen High School. The total asking for this project was \$25,000. The Alabama-West Florida Conference gave \$15,663.04, but gifts were received from other interested donors during this time which completely fund the project.

### B. National Advance Special 1972—Rio Grande Conference

In the area of National Missions for six years the Alabama-West Florida Conference has raised annually approximately \$10,000 in Advance Specials to help up-grade pastoral salaries among Spanish speaking ministers serving mission churches. During 1972 \$12,129.14 was raised with six districts exceeding their goal.

District	Goal	Raised	Percent
Marianna.....	\$ 1,000	\$ 1,944.33	194.4 %
Pensacola.....	1,500	2,227.42	148.49%
Dothan.....	1,200	1,603.69	133.64%
Montgomery.....	1,500	1,868.01	124.53%
Mobile.....	1,200	1,416.81	118.07%
Demopolis.....	860	958.24	111.42%
Andalusia.....	1,000	989.79	98.98%
Troy.....	880	611.50	69.46%
Selma.....	860	509.40	59.23%
	<u>\$10,000</u>	<u>\$12,129.24</u>	<u>121.29%</u>

### TOTAL ADVANCE GIVING FOR 1972

*World Missions.....	\$109,633.63
*National Missions.....	12,123.97
*UMCOR.....	9,844.27
CONFERENCE.....	<u>14,127.28</u>
Total.....	<u>\$145,729.15</u>

\* This figure is different from what Conference Records show, because the Board of Global Ministries closed books on December 31 and we keep our books open until January 15.

The Alabama-West Florida Conference was one of twenty-five annual conferences in the United States that had an increase in per capita giving in 1972.

C. In 1971 sixty-two (62) churches were 4 Star Churches. This year (1972) one hundred and three (103) churches qualified. This is an increase of 82 per cent.

## III. MISSION CULTIVATION GOALS FOR 1973

### A. World Advance Special

The top priority in the World Advance for our Conference is "Support for Qualified Liberian Church Leaders." The Conference Board of Missions has set a goal of \$30,000 over a period of five (5) years or \$6,000 a year. This project will involve salary support money for 8 Liberian National Christians who are and will be taking the place of missionaries. Over 5,000 Liberian calendars were distributed during January and February to promote the project.

### B. National Advance Special

The Rio Grande Conference in the Southwest continues for the seventh (7) year to be the National Advance Project. We will again attempt to raise \$10,000 to support Spanish speaking pastors in mission churches in the Rio Grande Conference.

### C. Tour to Rio Grande

To help understand this work we will take thirty nine (39) persons from eight districts on a tour to the Rio Grande Conference and Mexico.

**D. Four Star Churches**

One goal for 1973 is to have 125 churches qualify as a "Four Star Mission Church." The way you do this is to:

1. Pay your World Service asking in full.
2. Contribute at least a minimum of \$5.00 to a World, National, Conference Advance and also a UMCOR project.
3. Carry on a Mission Education Project.

**E. Missionary Support**

As of June 8, 1972 there were only thirty-one (31) churches in the Alabama-West Florida Conference which had recorded pledges for salary support to United Methodist Missionaries. The amount pledged totaled \$73,675. By December 31, 1973 the goal is to have forty-six (46) churches pledging \$85,000.

F. Increase attendance at the Co-operative School of Christian Missions by five (5) per cent.

**G. Youth and Mission Conference at Lake Junaluska**

This summer the Board of Missions is securing a bus to take 40 young people to Lake Junaluska, North Carolina to the Youth and Mission Conference. The transportation will be free. The cost for lodging, meals, "Unto These Hills" (play) will only be \$70.00 per person. The Reverend Martin Ennis is in charge of this project.

You are urged to call on the Conference Council on Ministries when you need assistance in the area on missions. The Conference office in Alabama has a full range of materials to help you in missions and much of this material is free.

## URBAN WORK

The Committee on Urban Work of the Board of Missions recommends the following:

Continue our support of new forms of urban ministry in Mobile, Pensacola and Montgomery.

Commend those persons of vision who have developed new approaches to ministry in the urban areas of our Conference.

Seek to obtain resource persons from Board of Global Ministries, ACTS, and other sources for a seminar on urban work for interested churches and agencies in our Conference.

Urge churches throughout the Conference to support the new beach ministry being developed at Panama City, Florida.

Invite churches in the large cities to share information and ideas with each other.

T. Leo Brannon, Chairman

## REPORT OF COMMITTEE ON SUPPORT FOR ACTION MINISTRIES

Aid to Action Ministries is one of the vital parts of the work of the Board of Missions in this conference. The projects which we as a conference support are important in two ways. First, they are vital service projects in and of themselves—the church of Jesus Christ in action in the world. Second, they are pilot projects pointing the way for all of our ministries in all of our churches and communities. In regard to the Pensacola and Mobile ministries, though local pastors cannot always carry on the intensive program represented by these action ministries, they can in a smaller but no less effective way adopt the same approach of making their churches the “body of Christ” in the world, seeking out and ministering to the needs of the community. In regard to the Rural Larger Parish ministries, it seems clear that this is the direction in which all of our rural ministries need to move. So both as programs in and of themselves and also as pilot projects, these action ministries point all of us in the direction we should be going.

I would like to have time to tell you in detail about each of these action ministries. However, I can only touch the highlights:

1. First, one of the truly creative projects in Larger Parish rural ministry is being carried on in the Union Springs area. Rev. W. E. Edwins, pastor of the First United Methodist Church of Union Springs, is the Parish Director and with him are Bill Tracy, Midway; Russell Teal, Pleasant Hill Charge; Alton Green, Hopewell Charge. Posters showing this work may be found in the hall just outside the door to your left toward the bookroom.

2. Another similar project is the Connecuh County Larger Parish directed by Rev. Marcus Chandler.

3. A completely different type of project, but still based in the local church is our Toulminville-Warren Street work. Featuring one of the largest, if not the largest, and recognized as one of the best day care centers in Mobile, plus a multitude of other community-centered projects, this work is spearheaded by the able pastor at Toulminville-Warren Street, Rev. Richard Walker.

4. Still a completely different type of action ministry is carried on in the Mobile Inner City mission headed by Rev. Fred Toland. Featuring an open house with all kinds of projects, plus increasing involvement in the total life of social action projects in Mobile, this ministry is growing and pointing the way in inner city involvement of the church.

5. Fifth is the Pensacola Specialized ministries, similar in scope to the Mobile Inner City Mission, headed by Al Norris. It features a multitude of projects involving the church in the life of Pensacola and surrounding area. One of the recent developments is the Urban Resources Center seeking to relate the church to all the civic agencies of the city in an effort to meet peoples' needs.

6. Finally our Aid to Action Ministries has included such new church projects as the Perry Hill Church here in Montgomery, Don Dean, the present pastor, the Trinity church project in Prattville, with Gerald Shelton as pastor, and this year

only the Destin Church in Destin, Florida, with Robert Daffin as pastor. These projects are now moving rapidly toward total self-support and are strong, viable expressions of the church in action.

#### REPORT OF THE WOMEN'S SOCIETY OF CHRISTIAN SERVICE AND THE WESLEYAN SERVICE GUILD

Since June 1972 the members of the Women's Society of Christian Service and the Wesleyan Service Guild of the Alabama-West Florida Conference and the former Central Alabama Conference have been in a whirlwind of activity. Following the annual conference's vote on merger, we were confronted with two primary tasks in addition to our regular program: the first, to effect merger of the two conferences and the second, to convert to the new "one inclusive organization—United Methodist Women."

To accomplish this we met in Montgomery in August for a planning session. This Tri-Conference meeting included the executive committees of the North Alabama Conference, the Central Alabama Conference and the Alabama-West Florida Conference. Mrs. David Cathcart, Regional Secretary of the Women's Division, met with us. Planning committees were set up and Nominating committees were activated. These committees were composed of representatives from the Women's Society and the Guilds of the three conferences involved. A target date of January 20, 1973 was set for merger and conversion to the new organization. These committees met frequently during the next few months.

In October a Training Day for Teams was held at Blue Lake. Mrs. J. Boyd Tyrrell, Assistant General Secretary of the Women's Division of the Board of Global Ministries, led this workshop. Teams of women were made available to

the local units in each district of the conference to assist the women in their preparations for moving into the new organization.

The local units held their Services of Celebration by December 31, 1972; the district organizations by January 15, 1973 and the conference on January 20, 1973. Mrs. Thomas P. Green, President of the Southeastern Jurisdiction Core Planning Group, was the leader for the conference Service of Celebration. New conference officers were elected. They included former members of the Women's Society and Guilds of the two conferences now merged.

In the meantime we carried on our regular schedule of opportunities for personal enrichment and growth. In June representatives from the Women's Society and Guilds attended the Regional School of Missions at Duke University and participated in our Co-Op School of Christian Mission at Blue Lake in August. The studies offered were: Romans, Faith and Justice and India.

Our regular annual meeting of the conference was held in October at Blue Lake. The Reverend John K. Bergland developed the theme: If Not Me, WHO? If Not Here, WHERE? If Not Now, WHEN?

The Women's Division provided two training sessions for conference officers at Cincinnati, Ohio. One group attended in October and the other in March.

In April three Spiritual Enrichment Retreats were held. These closed retreats were led by the Reverend Harold K. Bales, staff member of the Evangelism, Worship and Stewardship Division of the Board of Discipleship. The theme for the retreats was Explorations into Inner Space.

During the conference year we were saddened to hear of the death of one of our most valued members, Mrs. J. H. Bullington, Sr., (Lois) had served her church and the Women's Society faithfully for many years. We will miss her. Also during the year two of our women were signally honored. Mrs. W. C. Carter of Prattville was elected to the Board of Global Ministries through the Women's Division and Mrs. Opal D. Barrow, former conference chairman of the Wesleyan Service Guild, was elected to The General Board of Church and Society.

We have been inspired by the general increased participation of women in all of our activities during the year and would especially note the presence of a large number of younger women who have joined the new organization of United Methodist Women in positions of leadership.

Our financial support of the mission program of the church increased again this year and we are looking forward to more opportunities for service both in our own communities and around the world.

Helen H. McGonigal, President

### COMMISSION ON UNITED METHODIST INFORMATION AND PUBLIC RELATIONS

The quadrennial organizational meeting was held June 15 at Blue Lake. Officers were elected and discussion of the task of the Commission ensued. Members of the Commission pointed out the need to get accurate reporting through all news media. Strong feeling was expressed about an aggressive public relations effort that would tell the story of what is happening in the churches in our Conference.

Recommendation was made for the Council on Ministries to produce another film strip explaining the work of our Conference and General Program.

We commend Rev. Welton Gregory for his splendid work as Director of our office in Birmingham. He has been diligent in coverage of national events as well as local church events. He has traveled extensively throughout the Birmingham area and has been on top of news-worthy events. We are grateful for his leadership.

T. Leo Brannon, Chairman

### UNITED METHODIST INFORMATION AND PUBLIC RELATIONS

It has been a high privilege to share in the work of the United Methodist Church in the Birmingham Area through another year. To be associated with

Bishop Carl J. Sanders and members of the cabinets, staff members of the Conference Councils, my coworkers in communication and the pastors and the laity in our common task has provided many learning and inspiring experiences.

Some of the highlights of the year have been:

- attending the quadrennial conferences of our church and working with UMI directors from all over to keep the back home people informed of the work done at these levels of the church's life;

- sharing in the consummation of merger;

- work with the Rev. Benjamin N. Smith, chairman of the Former Central Alabama Conference Committee on Church Related Occupations and other leaders, in two week-end convocations for black youth;

- sharing in conference and district meetings of the women of the church as they celebrated the New and trained their leaders for new tasks in United Methodist Women;

- participating in a consultation on Parish Development in each annual conference;

- sharing in district meetings of the laity;

- and answering calls for service to numerous local churches throughout the area.

Toward the end of the year plans were made with Mr. Donald Wear, Executive Vice-President and Manager, and Mr. Everett Holle, Program Director of WAPI-TV, Birmingham, to continue the production of *The Bishop's Hour*. Nine TV stations in four states with whom we have a very fine relationship are carrying the program each month. Choral groups from Athens College, Birmingham-Southern College, and Huntingdon College now share in providing music for this program which continues to enjoy high favor throughout the area according to a recent survey of the cooperating stations. Our use of television is currently being evaluated by all persons with responsibility in Communication/Information. Our purpose is to use this media to our fullest potential in the service of the Church.

In addition to the ongoing services within our denomination, the office of UMI became a focal point of activities for planning and promoting Key 73—a continent-wide evangelistic effort involving 150 denominations and religious groups throughout North America. This involvement has greatly increased the activities and enlarged the services of the office.

We have projected for 1974 a training program for all persons in the conferences, districts, and local churches who are responsible for or who are concerned with the church's use of Mass Media. Dr. Arthur West, Associate Executive Secretary and his coworkers of the Joint Committee on Communication, Dayton, Ohio, will assist us in designing and leading this program. The date is February 18-22, 1974.

I am grateful for the cooperation of the Rev. Herschel T. Hamner, Editor of the *Methodist Christian Advocate*, and a growing number of newspapers over our area for their help in a big task.

Your suggestions for improving the services of this office will be greatly appreciated.

Welton Gregory, Director

## THE METHODIST CHRISTIAN ADVOCATE REPORT

In the past year the Board of Directors and editor of the *Methodist Christian Advocate* have concentrated especially on making our Birmingham Area publication more appealing and interesting to readers. This endeavor has been a follow-up of the workshop meeting with representatives of the Conference Councils on Ministries of the Alabama-West Florida and the North Alabama Conferences held in the preceding conference year. In the workshop we had the benefit of discussion and counsel by specialists in the communications field, including resource persons from both religious and secular publications.

One result from the workshop was the change of the format of the *Advocate*

to newspaper style, beginning with the July 18, 1972 issue. The new format in our opinion is a distinct improvement. It has met with the enthusiastic approval of the great majority of readers, though of course not everyone.

We have also sought to secure ideas from readers about how the *Advocate* can more effectively meet their interests and needs. Through a questionnaire printed in our publication three times across three months we invited opinions about what readers find most interesting in the paper as it now is, what changes they would like to see made, and suggestions they have for new features. Almost one hundred responses were received, and many helpful ideas were submitted. Some of the suggestions have already been incorporated in the *Advocate*, others will follow.

We have added several new features to the paper in the past year. Among these are the "Young View of Washington" column; the weekly cartoon, with church-related humorous content; the "Name the Photo" contest, to which readers have responded well; the "What others are thinking" column, which consists of reprints of outstanding pieces from other publications, television and radio broadcasts.

During the year the editor has had the advantage of special enrichment opportunities in continuing education, through provision by the Board of Directors for this purpose. These have included a two-day observation of the operations of the *Texas Methodist* in Dallas, Texas and conferences with the Rev. Spurgeon Dunnam, III, editor, and three staff members there; attendance at the Alabama Press Association 1973 session in Montgomery, with application for associate membership in this organization to be recommended to the Board of Directors at its May meeting; conferences with the editor of the *Birmingham Post-Herald*, Mr. Duard LeGrand; the study of several books recommended by the Departments of Journalism of Columbia University, the University of Alabama and the University of Missouri. In the summer or fall of 1973 the editor will take a course in journalism.

Another pleasing development during the year has been more expression of opinion by readers, particularly in recent months, through the "Letters to the Editor" column. We hope that this participation by readers increases.

The *Advocate* here re-emphasizes the publication's policy of publishing material representative of both sides of a given issue. Those who hold views opposite to the *Advocate's* position are invited to send statements of their stands in the assurance that these will be given full consideration for publication.

The *Advocate* would like to make available to local churches their own special edition of the publication, by which a local church would have the front page each week for its own news. The rest of the edition would be the content of the regular *Advocate* edition. We are exploring this possibility and expect to make announcement soon regarding it. By this plan a local church could have both its local news and the *Advocate* at a practical price.

The participation of local churches in the *Advocate* program is gratifying, both from the standpoints of subscription support and the sending in of news items and photos for publication. We encourage all churches of the Birmingham Area to increase in these two activities. We hope that more churches will subscribe 100% (active resident families) at the \$2.00 per subscription rate or at the \$2.50 per subscription rate for Administrative Boards when every family represented on the board subscribes.

The *Advocate* counts it a privilege to serve all boards and other agencies and the districts of the North Alabama and Alabama-West Florida Conferences by publishing materials in promotion of the programs of the respective boards, agencies and districts, and appreciates the interest of these units in making articles available to us.

The basic purpose of the *Methodist Christian Advocate*, now in its 93rd year of service, is to inform, inspire and aid the Christian growth of readers and the work of the churches throughout the Birmingham Area. We are confident there has never been a time when this publication, established by the Alabama-West Florida and the North Alabama Conferences in 1880, has had greater chance than now to serve the cause of Christ and the United Methodist Church

in the Birmingham Area. We rejoice in the opportunity and challenge and urge all of our churches to support this program of work.

Respectfully submitted,  
Ovie W. Mathison, Chairman,  
Board of Directors

Editor and Business Manager

## REPORT OF THE COMMITTEE ON ENLISTMENT FOR CHURCH-RELATED OCCUPATIONS

The Committee has been re-organized and is moving to implement some of the excellent long range plans that were developed in previous years. Two projects are to be completed by this Summer. First, A Slide-Tape presentation, highlighting Church Occupational needs in our area, is being produced for use with youth in Summer Youth Agencies and other gatherings. Second, school book covers are being produced with a message about Church Related Occupations. These are to be distributed to youth through U.M.Y.F. groups in August, or at the beginning of the '73 school year.

A training event for District Secretaries of Enlistment has been set for June 28, 1973. It is to be led by Dr. Richard H. Bauer of the Board of Higher Education and Ministry, Nashville, Tennessee.

The Job Data Books which are kept by the District Secretaries are to be revised and will be brought up to date. This is a resource book which lists all available Church occupations.

We recommend as first priority in '73-'74 that Local Church Secretaries of Enlistment be selected, trained, activated. New *Guidelines* for Secretaries of Enlistment are now available for Cokesbury—part of the new Resource System for Administrative Boards. We recommend that these be placed in the hands of Pastors and Enlistment Secretaries and that they seek to make the local Church "Enlistment Conscious." By this we mean, development of imaginative local Church programs to emphasize the concept of Christian Vocation with both adult and youth groups.

Our age greatly needs the convictions stated in (Par. 96-10) The Methodist Social Creed—*Book of Discipline* 1968, p. 57. "We believe that every employable person so far as possible should be engaged in some vocation productive of common good. Every such vocation should be viewed as a Christian calling by those who pursue it as well as those who receive its benefits, and our daily work should be regarded as a sphere of service to God. The creative use of leisure time is also a major responsibility for the Christian."

We need to make our people aware of specific Church Occupations, and the many areas of Voluntary Service in which they may invest themselves in response to God's Call to serve humanity in the name and spirit of Christ.

We also recommend that Pastors and Local Church Secretaries of Enlistment take the initiative in meeting with High School Guidance Counselors. Attempting to establish a good working relationship with them and offering for their use Church produced resources on vocations. In particular, the booklet, "Church Occupations and Voluntary Service."

### REPORT OF THE MONTGOMERY DISTRICT FORMER CENTRAL ALABAMA CONFERENCE

TO: The Alabama-West Florida Annual Conference for the Conference Year of 1972-73

After being re-appointed to the Montgomery District for the second term, my first task was to call the pastors and members together for organizational purpose. This was done in such a unique way that it served as a stimuli to the extent that the people were willing to become involved in the total program of the church. This meeting was held at St. Paul Church, Evergreen, Alabama on July 22, 1972.

Because of the vast area of the district we thought that meeting on sub-district levels would be an advantage to both the pastors and laymen. This has been done and has proven to be very fruitful.

On October 20-21 the district conference was in session at Zion Chapel Church, Marion, Alabama, at which time all area chairmen made reports. The highlights of the conference was an inspiring and informative message delivered by our Resident Bishop, Bishop Carl J. Sanders.

As District Superintendent, it has been my indispensable duty to instruct, prepare and guide the 32 per cent of the members of the former Central Alabama Conference that are in the boundary of the Alabama-West Florida Conference for this plan of merger. I think I can say without reservation, "they are ready."

I consider one of the highlights of my district activities to be my ability to influence one of our congregations back into the fold of the United Methodist Church, with the strong hope of getting another one in the near future.

With the enthusiasm that is existing on the district for the first time in the history of the district, I believe that 95 per cent plus of the churches will pay their assessments in full.

These above mentioned accomplishments and countless others can be attributed to our Resident Bishop, Bishop Carl J. Sanders, for his wise counsel, sound advice and profound leadership and guidance and the unlimited co-operation of the pastors and churches, and above all our heavenly Father for making all things possible.

I am pleased to say that most of the pastors in the district have enjoyed good health. However, death invaded our ministerial rank on October 13, 1972 and took one of our retired ministers, Reverend R. W. Johnson.

The last meeting (a training seminar) for the district will be held at St. Paul Church, Eutaw, Alabama on May 5, 1973. The leaders will be the staff of the Alabama-West Florida Conference assisted by members of the Former Central Alabama Conference.

I pause here to thank the cabinet and ministers of the Alabama-West Florida Conference for the rich fellowship I have enjoyed in working with them.

I would like to paraphrase Dr. Edward and say, I have striven to make the Montgomery District a bit more beautiful because I'm serving on it.

Respectfully submitted,  
E. D. Ridgeway

## BOARD OF PASTORAL CARE AND COUNSELING

As Area Director of Pastoral Care and Counseling it has been my privilege to work closely with the Area Board during these past ten months. The Board has designed policies which insure the integrity and productivity of your program in pastoral care and counseling. Without exception, you have supported these policies such as confidentiality and ecumenical cooperation. Because of your continued support—spiritual, moral, and financial—the program is off to a solid start in reaching a goal of readily available consultation for every pastor in The United Methodist Church throughout the Birmingham Area.

During the past year consultations have generally taken two forms: (1) increasingly, pastors are consulting about professional matters in regard to pastoral care and counseling within the local church; (2) pastors and members of their families have consulted about personal concerns which frequently relate to marriage and family life or individual issues. Both types of consultations are readily available.

As your Area Director, I have spent 603 hours in counseling and consultation sessions. In addition, I have traveled more than 6,000 miles throughout the Area for educational and consultative purposes. Increasingly, the educational dimensions will become more prominent as adequate channels of communication are established with you, the local pastor. An active program has been achieved through the full utilization of modern air-travel and tele-communications which has greatly expanded consultative availability.

At this writing, the Area Director holds regular office hours in Mobile and Birmingham. In Birmingham the Area office is in the Professional Building at the Baptist Medical Center—Montclair, while in Mobile the Area office is at St. Mark United Methodist Church. Your Area Board is unwavering in its commitment to excellence and the needs of the entire Birmingham Area. For example, it is anticipated that a pilot program will emerge from the Mobile experience which will be valuable in the formulation of future plans and centers.

Hidden behind all of the words and figures of this report are unique persons who are quietly yet courageously struggling to deal more creatively with the burdens of life—burdens which can crush the spirit and lame a ministry. It is deeply significant that we as members of Christ's Church can support each other through the journey of life knowing that there is a time to give and a time to receive.

William Clemons

## HEADQUARTERS COMMITTEE REPORT

A resolution was adopted at the last session of the Alabama-West Florida Annual Conference to appoint a special committee to study the location of Conference Headquarters. Appointed to this committee were: Mr. M. S. Brasfield, Mr. Russell Burson, Mr. Charles Earnest, Rev. Charles Hays, Rev. Ralph Hendricks, Mr. Aubrey Jones, Rev. John Ed Mathison, Rev. Carlisle Miller, Dr. Wilbur Walton.

The committee met several times during the year and gathered data relative to the areas of geographical location, communication services available, functional adequacy of present building, cost of living and office operation expenses, procurement of material and supplies, necessity of close proximity to Blue Lake, present market value, equity and indebtedness on all properties.

After interviews with the Conference Program staff and others involved in Conference programs and several meeting to evaluate the data gathered, our committee adopted the following resolution:

Our study shows that there would be a tremendous cost involved in a move of Conference Headquarters, and we do not find sufficient reasons for moving at this time to justify the cost that would be incurred.

## REPORT CHRISTIAN SOCIAL CONCERNS

At the quadrennial meeting in Atlanta the Board of Christian Social Concerns name was changed to the Board of Church and Society. This is a good change, for it not only speaks to social concerns, but now the Board's very title implies the vital link that must exist between the church and the society in which we live. We must have more than Christian Social Concerns; we desperately need a firm relationship and an active involvement in our world and its problems.

For much too long the average churchman's conception of social concerns centered around the use of alcohol, smoking, and gambling. The primary reason for such concerns seemed to be based on the idea that such acts were sinful, leading to condemnation and hell if Divine forgiveness were not received. But the real task of the churchman should be confronting and giving Christian alternative solutions to all problems and situations which dehumanize and destroy human dignity of God's prize creation, man.

The Church is of God, but does not exist for God. Its "raison de etre" is mankind. God does not need the church, man is the one in need. Throughout the entire Bible, we find God's concern for man to be a concern for the total person and not just a segment of one's personhood called the soul. His requirement of us is "to love justice and mercy and to walk humbly with your God." This summation, as do many others in the teachings of Jesus, plainly shows God's commission to the people to be diligently and compassionately involved in the development of the total person.

The Board calls the United Methodist peoples of the Alabama-West Florida Conference to examine their personal and collective lives for sins of omission. Specifically, where we have not loved justice and mercy, and totally dedicated ourselves to those priorities of the faith. Justice and mercy are not free, their cost is high, the risks are frightening, but they are not options to the faith—they are essentials. The criteria of the faithfulness of the servant of God is solely what he does to even the least of God's children. The Judicial Branch of our society's government concerns itself primarily with judgement and justice. The Church, in dealing with the problems of mankind has an added dimension—mercy.

It is the Board's sincere belief that the revised Social Principles of the United Methodist Church speaks clearly to the vital issues of today. We recommend that all United Methodist in our conference be exposed to this document which states the official stance of our church. We stand ready to assist in the distribution and clarification of the Social Principles.

### HUMAN RELATIONS

It is the gospel understanding that all persons are important—because we are human beings created in the image of God. We affirm the Christian's call in all human relations to work toward a society in which each person's value is asserted, strengthened and maintained.

We believe it to be of utmost importance that family life be nurtured and sustained by the community of faith. Human relations within the family should encourage mutual love, responsibility, respect, and fidelity. We believe that the church can render a great service by sharing essential insights from the Scripture and other disciplines with its people in the ministry of strengthening the family unit.

We recognize that sexuality is a good gift of God, and we believe persons may be fully human only when that gift is acknowledged and affirmed by themselves, the church and society. We reject all sexual expressions which damage or destroy humanity God has given us as a birthright. We believe all persons to be of sacred worth and we seek to extend the ministry of the church to all in their struggle for human fulfillment. Further, we insist that all persons are entitled to have their human and civil rights insured, though, as stated by the latest General Conference of the United Methodist Church, we do not condone the practice of homosexuality and consider this practice incompatible with Christian teaching.

We recognize the action of the latest General Conference of our church in its support for the removal of abortion from the criminal code, placing it instead under laws relating to other procedures of medical practice. A decision for abortion should only be made with thoughtful consideration and counsel from the medical doctor and pastoral counsel. We receive the diversities of gifts given by God to the church with joy. We acknowledge the values and insights which ethnic groups bring to the total life of the church in our time. We seek improved human relations among groups by increased respect, openness and dialogue.

We applaud the concern of the United Methodist Church and its ministry to retarded or handicapped persons. We further urge support of programs which will enable them to enjoy their human rights, especially in matters of education and employment.

We recommend that the United Methodist Children's Home take or continue to take steps to bring about racial balance in children in residence, membership on the Board and in Children's Home staff.

Christ said, "Blessed are the peacemakers, for they do a God like work." This is our ministry. We are called of Christ to seek peace in all human relations and to affirm the value of all persons as created in the image of God.

### PEACE AND WORLD ORDER

We commend the President of the United States and Henry Kissinger for their efforts in negotiating peace in Southeast Asia.

We express thanks that the prisoners of war have been returned to their native land.

We further commend the National Board of Church and Society in its long continued efforts to be an advocate for peace.

Concerning the subject of Amnesty—we feel that no blanket statement can be made but strongly urge that the case of each person who has left the country to evade draft or military service be considered on an individual basis in the light of the Christian faith and the Constitution of the United States.

We believe that our country should be in constant process of waging peace in the troubled areas of the world and we recommend that each christian examine

the extent and end result of the enormous expenditures of blood and treasure in armed conflict over the past two decades. What has been the cost? We believe that honor and dignity are not necessarily synonymous with victory and/or military power—indeed Jesus did say there will always be wars and rumors of wars but He did not urge active participation.

Let us seek to wage peace as intensely as we have waged war in the past. We seek to follow our Master in sowing actively the seeds of peace. He affirmed that it is not those who just desire peace that do a God like work but those who are active in creating conditions conducive to peace—these alone are called the children of God.

### GENERAL WELFARE

We realize that the area of General Welfare overlaps into many disciplines and requires the total community's involvement in seeking solutions to human needs.

The Church, because it sees the infinite worth of the individual, should act to develop and support conditions by which these needs can be met, through both individuals and corporate involvement.

Therefore we encourage our Churches and members:

1. To facilitate and cooperate in programs which seek to educate and involve the public in areas of Drugs and Alcoholism and in Planned Parenthood.
2. To become informed and sensitive to the needs for improved penal rehabilitation systems that will "restore, preserve, and nurture the humanity of the imprisoned." And to be involved, wherever possible, in ministering to the inmates and their families both during and after imprisonment.
3. To become informed to the tremendous crises in Health Care in America.
4. To develop specialized ministries to the physically handicapped, mentally retarded, emotionally disturbed, unmarried expectant parents, the divorced, social deviants, and other groups of special needs.

# PENSION AND BENEFIT PAYMENTS TO CONFERENCE BENEFICIARIES

For Calendar Year 1972

Service years and payment amounts relate only to service in this Annual Conference but do include approved supply or lay pastor service credits as well as ministerial service. See Division III of Journal for breakdown of ministerial and lay pastor services as well as years of service in other conferences. Amounts under "Funded through MRPf" are payments provided through reserve funding, based on a \$40.00 funding rate for ministers and lay pastors and \$28.00 funding rate for widows, and are not paid directly from conference funds. "Current Income Payments" are additional amounts required to build up total pension to the amount due based on the applicable rates, to provide unfunded disability and children's benefits, and special appropriations as shown. These amounts were paid directly from conference funds and so are reflected in the financial statement. Housing deductions are based on all years served as ministers under appointment and all years of supply service with pension credit.

\* Beneficiaries with housing deductions for only a portion of their total payment period reported.

### Reverend Parks Ward Jordan

Rev. Parks Ward Jordan was born at Canon, in Franklin County, Ga., on Nov. 15, 1906 and died in Columbus, Ga., July 6, 1972. His saintly parents were George and Sarah Hattie (Shell) Jordan. Parks' funeral service was held

in the Hillside United Methodist Church, Phenix City, Alabama with the Reverends Mark W. Anthony and Henry L. Mott, officiating.

Parks received his early education in his native county but later he had the privilege of attending Emory at Oxford, Ga., where he was converted during the year of 1924; his attendance at Emory played an important role in helping Parks to answer the call to the ministry.

After moving to Columbus, Georgia in about 1925 and while working at Woolworths he met Grace Irene Perkins and after a period of courtship he fell in love with her and married her on April 4, 1926 at Girard, Alabama. Grace was the daughter of Elmer Lewis and Harriet Elizabeth (Sackett) Perkins. From the union of this happy Christian couple came 3 lovely daughters and 4 wonderful sons; Parks Ward, Jr., Sarah Elizabeth (Mrs. Raiford Wright), Malcolm Eugene who passed on into Glory at the young age of 15, Martha Louise (Mrs. Robert Leon Moseley), Alice Ruth (Mrs. James Kyle Cummings, Jr.), George Edwin and Gary Wayne. In addition to these children Parks was survived by eleven grandchildren.

Brother Jordan was real active in the Girard Methodist Church before Girard consolidated with Phenix City to become Phenix City. He was a Steward, Sunday School Teacher and a Scout Master and was very effective in each of these roles; it was his schooling at Emory together with the influence of a saintly mother and the many activities in which he found himself engaged in at the Girard Church which exerted a compelling force upon him to answer the call of the Ministry. With these constraining forces behind him and the deep desire from within to become a Minister of God, he asked for and the Girard Methodist Church saw fit to recommend him for license to preach in 1933. Shortly after being licensed to preach he began to look around for a place to put his talents to work; in September of 1933 Parks organized Hillside Methodist Church. At first they met in various homes of the community; one of the very first homes offered was my mother-in-law's, Mrs. J. O. Little and they met in her home for a good while; later they were offered some store buildings which would accommodate more people; finally they purchased the old Ladonia School lot where Parks led and inspired the people to build a lovely brick Church even though we were still feeling the pinch of the Great Depression years. Parks endeared himself to the hearts of many people during his 14 long years of devoted service to Hillside Chapel.

After serving Hillside for so long he asked to be moved where he could complete his education. Some of his later appointments were near Auburn or Livingston where he attended and finished his college work. He was stationed at Newton Circuit, Loachapoka, Gainsville, Pineapple, Castleberry, Loxley, Notasulga, Westside Geneva, Skipperville, St. Paul in Opelika, Sunflower Circuit, Lapine, Plantersville and Forest Home.

Parks had a great impact upon this writer's life, in fact, it was his Godly influence which helped me to answer the call to the Ministry as well as several others. To me, Parks Jordan lived as near the Christian life every day and every hour as any one I have known. Parks died as he lived, cheerfully, heroically, triumphantly. He loved the Methodist Church and was devoted to its service until he moved from this world out into that Beautiful Land about which he preached and labored so effectively for so many years.

#### Memoirs of R. K. Jones

R. K. Jones officially retired from the Conference in 1961 and became known in Phenix City, Ala., as the minister who fixed clocks. There are scores of clocks in his empty house. When he was taken to the hospital on January 28, 1973, in

the hope of relief from agonizing pain, he paused, looked around at the den full of clocks—some not quite repaired—and then walked to the car without a word.

During his absence the clocks stopped. Two weeks later cancer had taken its toll and his casket was rolled into the living room, also full of clocks, where his first wife had laid before her burial 9½ years earlier. As his body entered, the biggest grandfather clock (which he himself had built) struck. One of the sons had started it the day before.

But Dad was far more than a "clock hobbyist." His death on February 9 ended fifty years as a pastor—nine of those years after "retirement." But it did not end his impact. For "Brother R. K." had served his Lord faithfully for over sixty years. He was known all across the Conference as a strong personality, a man of prayer and great faith, with a ministry which constantly emphasized the importance of the Word of God and the necessity of a holy life. His ministry touched some families even unto the third generation.

Perhaps these memoirs will give intimate glimpses behind his effectiveness.

That his five sons all became ministers—two as missionaries—is mute testimony of his impact on the family. We, his thirteen children, were never more proud of him than in the "service of victory," as his funeral on February 12 was called, when his son-in-law, Rev. Frank Hyles, Jr., brought words of remembrance. In that service, held in First United Methodist Church of Phenix City, led by the pastor, Rev. B. Gene Williams, we proudly stood and recited the 23rd Psalm, joined the congregation singing "Amazing Grace" and "Jesus Loves Me," affirming the Apostles' Creed, and praying the Lord's Prayer. All of these had been our custom around the breakfast table every Sunday morning for about thirty years while we were growing up. Among the family, which filled almost half of the packed church, were most of his 54 grandchildren and three great-grandchildren.

One of our family keepsakes is Dad's old razor strap, a keenly-remembered symbol of the firm discipline we had experienced from his hand. But he disciplined himself just as firmly and was true to the Wesleyan tradition in his methodical habits of prayer and Bible reading. When in the hospital he insisted that we help him kneel down beside the bed for evening prayer, he was simply being consistent with one of his many "established habits of a lifetime." In his home, every day had ended by kneeling in prayer, preceded by reading the Bible aloud so systematically that it had been covered from Genesis to Revelation *every year* for at least 45 years! No wonder he, and all his children, never stumbled over the pronunciation of any name in the Scriptures. Maybe this practice explains the fact that every one of his children have at least one Bible name. They are, chronologically, Haniel (Local Elder, now at Auburn University), Jedidah (Mrs. Willard W. Jones), Aziel (missionary in Costa Rica), Lael (member of Louisiana Conference), Phoebe (Mrs. Clarence Johnston), Matred (Mrs. J. C. Perdue, Jr.), Joel (member of this Conference), David (minister in Prichard), Mary (Mrs. Charles Taff), Sarah Mae (Mrs. Blanton Cosby), Ruth Edna (Mrs. Malcom Sims), Lois (Mrs. Mack Holt), and Martha (whose husband, Frank Hyles, is a member of this conference.)

"Brother Jones never met anyone casually," reminisced Frank Hyles. "Any meeting was an encounter." This fact was illustrated by the United Parcel Service man who in recent months delivered the monthly church bulletins. He was so affected by these contacts that he went to the hospital three times to visit the dying minister.

Another item in the living room at home is a symbol of Dad's ministry: a small altar, made by two of his sons, for weddings held in the home. It was used almost 100 times in the last eighteen months—three times the day before his final hospitalization! Weddings, like meetings, were no casual occasions. Before every marriage, the couple were urged to consider prayers together, beginning

the very first night. Many followed this advice and started their new life together in a church.

R. K. was the youngest son of J. S. and Edna Wyrosdick Jones and was born on July 3, 1892, in Crenshaw County, Ala. Of the ten children in that family, only one, Mrs. Leona Baggette of Sylacauga, survives. However, two of his brothers are listed among the deceased of the Conference: Samuel R. Jones and George W. Jones. In 1899, R. K. joined the Methodist Episcopal Church, South, at Campground Church near Luverne, a church in which his father was a steward for over 50 years. At age 19 he felt God's call to the ministry. Although he had not begun high school, he was not afraid of the long educational road ahead. He worked his way through high school at Berry School in Rome, Georgia. Then, in 1916, he entered Old Southern University at Greensboro, and while there met his first wife. They were married after her graduation from the last class of Old Southern in 1918. She was from a family of Methodist ministers: Her father; J. B. Tate, and one brother, Henry Tate, are deceased members of this Conference; another brother, James E. Tate, is a retired Conference member; and a third brother, John Tate, is a retired member of the North Georgia Conference.

The first graduating class of Birmingham-Southern College (1919) included R. K. Jones. He was licensed to preach in the Troy District in 1920 and that December was appointed to his first charge: Butler, with nine churches, served on horseback. Succeeding appointments were: Silas (1924); Pine Hill (1926), Monroeville (1930), Florala (1934), Oakdale—Mobile (1938), Girard (later First Church)—Phenix City (1943), First—Fort Walton, Fla. (1952), Pepperell (1953), and Hillside—Phenix City (1957). In 1964 he accepted a retired supply appointment to Golden Acres in Phenix City. He preached his last sermon there the Sunday before his hospitalization.

The last years of his life were shared with the former Ernestine Barnes Covey, whom he married on July 26, 1965. She now lives in Selma and has a son, two daughters, two grandchildren, and three great-grandchildren. But for R. K. Jones, time had taken its toll and the "fightings for the right" through the years had caught up with him. Surely, he had realized his favorite text: "Be thou faithful unto death." His father's tombstone has the inscription from Acts 13:36: "... after he had served his own generation by the will of God, fell on sleep. These words also fit R. K. Jones after fourscore years of life.

### Chester Gilliam Stinson

In life, we have many casual acquaintances, but not a great number of friends. We sometimes call a person a friend who is little more than a casual acquaintance. It is the real friend and not the casual acquaintance who adds so much to our lives. It was my personal profit to be a friend to Chester Stinson. The span of our friendship extends from 1939 until his death on February 12,

1973. I knew him as a Layman who loved the Lord and his Church, and I knew him as he served as a Pastor. There was still the same devotion to the Lord and the Church which grew with each year as he grew in the grace and knowledge of our Lord. He only served a few years as a minister, but never anyone served with more love and devotion than he. He said many times that he lived each day as if it was his last one on earth. Chester was born on December 30, 1908 in Butler County. He was married on July 20, 1929 to Dottie Black. He is survived by his widow and their nine children who are: Donald Lee, Mrs. Evelyn Joy Snyder, Ray McMillian, James Kenneth, Mrs. Carolyn Dean Williams, Mrs. Dorothy Ann Nolen, Mrs. Shirley Joan Elliott, Chester Winston, and Larry Rex.

His ministry was a short one. He served only seven years. His pastorates were Excel, Campbellton, Fla., and Repton. Though limited in training, he made up in his sincerity and devotion. As a layman, he served about every office in the local Church. His service there was characterized with the same sincerity and devotion. It would be possible to calculate his income most any year by simply looking to see what he gave the Church. Just multiply by ten and you would know, so strictly did he follow the practice of tithing.

The life of Chester Stinson was characterized by his utter devotion, to his family, to his friends, and to his Lord. He was a totally committed man. From this total commitment, he knew a close walk with the Lord. Now he simply walks with the Lord in a new relationship. Like Enoch of old, "he walked with God and was not, for God took him."

## Annie Lois Adams Bullington

Born on March 1, 1904, to Lewis Columbus Adams and Georgia Ann Durden in Barbour County, Alabama, Annie Lois was the youngest of eight surviving children. The family soon moved to Midland City where she spent her childhood and youth. The faith and churchmanship of her parents was evident in the fact that she was nurtured in the Midland City Methodist Episcopal Church, South, and there took the vows of membership in 1912. After graduation from Midland City High School and Troy State Teachers College, she taught school at Fleetwood (Pike County), Pell City, Sylvan Grove, Midland City, Coffee Springs and Daleville.

While residing in Daleville, she met the Rev. Joseph Hardie Bullington, then in his first appointment. They were married on August 16, 1938. In 1943 their only child was born—Joseph H., Jr., presently pastor of Trinity United Methodist Church in Fort Walton Beach, Florida. During the thirty four years of their marriage, she graced the parsonages of La Place Circuit, Titus, Macon Circuit, Pine Forest (Pensacola), Eight Mile, Eutaw, Evergreen, Trinity (Phenix City), Luverne, Butler, Autaugaville, Gonzalez, Alabama Avenue (Selma), and Pinckard, serving with distinction in a shared ministry with her husband.

The arena of her ministry was not limited to the parsonage and local church; she offered years of love, devotion, and unwearied service to the former Women's Society of Christian Service. In 1953 as Demopolis District Secretary of Promotion, she began a tenure of over 18 years on the Conference Executive Committee. When the Andalusia District was created in 1955, Mrs. Bullington helped to organize the district W.S.C.S. and was its first President. She also served as Troy District Treasurer (1959-1961), a second time as Demopolis District Secretary of Promotion (1961-1963), and Conference Recording Secretary (1964-1967). Her latest capacity was Conference Chairman of Public Relations and editor of *Alert* and the woman's page of the *Methodist Christian Advocate* (1968-1972). The work of the W.S.C.S. was for her at once an object of her love and a means of expressing her love for her Lord.

On Friday, February 9, 1973, in the early morning hours before dawn, death slipped in swiftly and peacefully to take its short-lived triumphs—short-lived because Annie Lois Adams Bullington, in the full knowledge of death's nearness, faced it not with terror, but with a realistic, yet joyful acceptance of life and an unflinching faith in Him who is the Resurrection of the dead. Her faith and strength sustain us who live in her memory and heritage, and we recall her passing not with horror, but with the beauty described by William Cullen Bryant, so appropriate in this case:

So live, that when thy summons comes to join  
The innumerable caravan, which moves  
To that mysterious realm, which each shall take  
His chamber in the silent halls of death,  
Thou go not, like the quarry-slave at night,  
Scourged to his dungeon, but, sustained and soothed  
By an unfaltering trust, approach thy grave,  
Like one who wraps the drapery of his couch  
About him, and lies down to pleasant dreams.

Remembering the life of this saint, a life given in love and service, we give God praise:

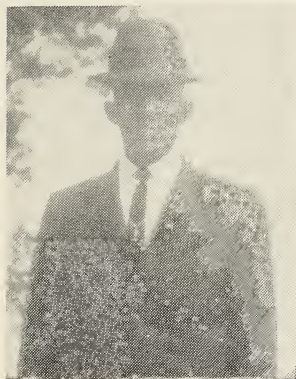

For all the saints, who from their labors rest,  
Who thee by faith before the world confessed,  
Thy name, O Jesus, be forever blest.  
Alleluia! Amen.

**Robert William Johnson**

The Reverend Robert William Johnson died October 13, 1972 at Brewton, Alabama. He was born March 2, 1901 at Pleasant Hill Alabama. He was the third son of Mr. and Mrs. Handy Johnson.

He began his ministry as an Accepted Supply, and was admitted into full connection in the Former Central Alabama Conference in 1941. During his active ministry he served the following charges: Village Springs, Evergreen Circuit, Rockford Circuit, Wedowee, Talladega, Eclectic Circuit, Marion-Oak Grove, Troy Circuit, Evergreen-Troy and Evergreen-Brewton. He retired in 1972. Brother Johnson was a great spiritual preacher and wherever he went the people received him gladly.

His dream was to build a new church plant at the St. Paul Church, Evergreen, Alabama for the younger ministers to lead the people in worshipping God. This was done by him.

### REPORT OF COMMITTEE ON COURTESIES

Bishop Sanders and Members of the new ALABAMA-WEST FLORIDA CONFERENCE: This is a new and historic Conference. It is new in its membership; it is new in its structure; it is new in its episcopal leadership, and it is new in spirit as it stands united to give a glorious Witness in this new day.

Therefore we pause at the close of this Conference session to express the gratitude of our hearts to Almighty God for making this historic Conference possible, and for bringing us to this high moment of oneness in Christ that we feel so deeply this day.

Moreover, we wish to express our sincere gratitude to all those who in some special way have blessed our lives this week. To Dr. Allen Jackson and his staff, we say "thank you." It is such a joy to come to this lovely campus year after year as recipients of the warm hospitality that we always experience here.

Words are so inadequate to express the gratitude of our hearts to all those who have stimulated our minds, warmed our hearts, and challenged us to a deeper commitment to Christ this week. We were deeply inspired by the messages of Bishop Sanders, Bishop McDavid, Bishop Cannon, Dr. Ira Galloway, and by the heart warming fraternal words of Rev. Warren Hamby from the N. A. Conference, by the singing of Jim Overton and the Auburn Wesley Foundation Choir, by the presence and spirit of our Youth delegates, by those who have led in the devotional services, by the spirit of Christian fellowship that has been so evident among the delegates, by the visitors who have enriched that fellowship with their presence, and by the efficient "labor of love" rendered to this conference by Rev. Lloyd Kimbrough, our conference secretary.

Furthermore, we express our appreciation to all of the boards, agencies, Committees, and Commissions, as well as the Cabinet, for endless hours of preparation for this Conference.

Finally, we commend Bishop Sanders for his excellent, dynamic, Christian leadership in this his first Annual Conference as episcopal leader of the Birmingham Area. His sincere commitment to Jesus Christ, his concern for the work of God's Kingdom, his love for the United Methodist Church, his compassion for people, and his total devotion to his task of leadership in this ALABAMA-WEST FLORIDA CONFERENCE, have been evident in everything that he has said and done this week. Bishop Sanders, we pray God's richest blessing upon you as you lead this New Conference into a new tomorrow.

## DIVISION III—THE CHRONOLOGICAL ROLL, PASTORAL SERVICE RECORD AND CONFERENCE DIRECTORY

NOTE: The Chronological Roll, the Pastoral Service Record, and the Conference Directory are all hereby presented in a combined form, and in alphabetical order. It is our hope that we can present a more detailed as well as a more accurate record of each minister. The information in this Division is compiled from my records and not from those of the Board of Pensions. I sincerely hope they are accurate, and you are asked to notify me of any discrepancies in your record. It is our plan to continue this form on a permanent basis, and we hope it meets with your approval. (Conference Secretary)

Symbols used *before* each name denotes the category of Conference membership and the number indicates his place in the chronological order. Hence R-1 means the first place in the Retired category. R—The Roll of Retired Men; DLS—The Roll of Men on Disability; FC—The Roll of Effective Members; PM—The Roll of Probationary Members; RAM—The Roll of Retired Associate Members; and AM—The Roll of Associate Members; LP—Lay Pastors; RLP—Retired Lay Pastors; PT—Part Time.

The Symbols used *after* the name are as follows: D—When Ordained Deacon; E—When Ordained Elder; A—When Admitted on Trial or as a Probationer; FC—When Admitted into Full Membership; T—When Transferred into this Conference; LP—When Approved as a Lay Pastor or Approved Pastor; AM—When Approved as an Associate Member; and PT—Part Time Minister (one who has other employment). \*—No Record of Attendance at Annual Conference.

### A Service of Recognition For Ministers Retiring at this Session

#### CHAIRMAN, CONFERENCE RELATIONS BOARD OF MINISTRIES:

Brethren, we have come to the hour of recognizing a new life-style for these men who were called of God to proclaim the good news as revealed in Jesus Christ. This retired relationship is an honored place in the annals of our Annual Conference. We have been compassed about by so great a cloud of witnesses—

those present and the unseen multitude of those who have gone before us. We now rejoice that these men have fought a good fight. They have finished their course, they have kept their faith, and we now submit their names to the Conference to be placed in the retired relationship.—Billy Frank Hall

#### REPRESENTATIVE OF RETIRED MINISTERS:

We are the recipients of a great heritage; we are honored to have been members of this Annual Conference now celebrating its 146th anniversary.

Our retired class represents 229½ years of service to the Church of Jesus Christ. This means that nearly 12,000 Sundays the gospel has been proclaimed and we trust that it has been lived and reflected in our lives for 84,000 days.

It is not in length of days but quality of living and sincerity of spirit that the message is most effectively proclaimed.

Bretheren permit us to say that we rejoice in our new station of life. We are freed from the details of the pastorate and are now enabled to live somewhat relaxed lives with a greater opportunity to devote ourselves to reading, prayer, and the reinforcement of our spiritual lives. There will come the increased enjoyment of friendship and the reminiscence of the joyous years in the brotherhood of the ministry and the fellowship of the congregations which we have served.

Be assured that we shall watch with pride the progress that you make. We have great faith in the future of the Church—because the Church is of God. We do not intend to stand on the sidelines and criticize, nor compare, nor even to advise. We shall march with you in the thick of the fight in the unfolding of your dreams and we pray to the ultimate triumph of the city of God. May God bless you everyone.—Dan Whitsett

Dan Whitsett, retiring, passed a lighted torch to Neil McDavid, representing the new full connection persons symbolic of passing the work on to new men.

#### RESPONSE BY NEW MEMBERS IN FULL CONNECTION:

We come now, 9 of us, not to replace you, by bretheren, for no one can take your place. We come with appreciation of your years of service, your devotion to Christ and his Church and your exemplification of the highest principles of The United Methodist Church of the Alabama-West Florida Conference.

Your lives, your service, your devotion to the ministry and your perseverance with joy, to this good hour give us inspiration and encouragement. We rededicate ourselves to continue to present the truths of Christ and the Grace of God in unflinching devotion, wherever we may be called or sent in God's vineyard. We ask a continued interest in your prayers as we assume our place of service as members of the Conference to which you have given your lives and so richly served.—Neil McDavid

#### PRAYER BY THE REVEREND BILLY FRANK HALL

Eternal God who ordainest that man shall inherit the riches of thy grace and the blessings of the earth, we rejoice that thou doest still call men and women to the sacred task of proclaiming the truths of God.

Continue to endow these now retiring, the replenishing of thy life. The sustaining power of thy Grace and the rich reward of hearing, "well done, good and faithful servants." Grant we pray, insight, fortitude and confidence, to those coming into this new active relationship in the Conference, that we may serve, not in our own strength, but in the power of the Eternal God who is our refuge and our strength. Through Christ our Lord we pray. Amen.

PASSAGE OF CHARACTER—Bishop Sanders called the roll of Districts. The District Superintendents gave an affirmative answer to the Disciplinary Question: "Are all the ministers blameless in their life and official administration?"

PERSONAL PRIVILEGE—The Reverend Thad Chesser reminded the retired men and their wives of the breakfast on Wednesday morning being hosted by the Conference Board of Archives and History.

## DIVISION VIII—REPORTS OF BOARDS AND AGENCIES AND RELATED RESOLUTIONS

### BOARD OF THE MINISTRY

It is very elating at this time to give a bird's eye view of the work of your Board of Ministry. This year as usual has been a very busy one. We continue at high speed to give assistance in every area of our work. So, as to encourage young men to join our ranks following the guideline given in our discipline.

We think we are fortunate, in that our work entails direct contact with the ministers from the time they enter the field to retirement.

Continuing education continues to be one of our major concerns. During the past Conference year the Committee on Continuing Education has sponsored and promoted the following workshops and study programs:

1. The first Group Guided Study Program was conducted by Robert Wingard in the Pensacola-Mobile area. Eight ministers participated in this study—on "Styles of Ministry in the Seventies."

2. A Consultation-Workshop on "Ministering to Persons Through Preaching," was held at Huntingdon College, January 14-16, 1974. Thirty-eight ministers participated in this workshop which was planned and conducted in cooperation with the Center For Continuing Education, Candler School of Theology, and the staff and faculty of Huntingdon College.

3. Schools for preachers were conducted in several districts. We commend the District Superintendents who promoted and organized these schools.

4. Several scholarships were granted to ministers who participated in learning experiences at the Center For Continuing Education, Candler School of Theology.

The response to these workshops and Study Programs has been most gratifying and plans are now underway for an expansion of these learning events during the next Conference Year.

We appreciate the support and leadership given by Dr. Allen Jackson, Rev. John Trobaugh, Dr. William Pickard, and others from Huntingdon College.

Hopefully, as we work in cooperation with Huntingdon College and the Center For Continuing Education, Candler School of Theology, Huntingdon College will become the Center For Continuing Education on our Conference.

To enable persons who plan to enter some continuing education involving a nine month to a year program of study the Board of Ministry has set up an annual scholarship of up to \$1600. The first \$800 of this amount is a grant, and the remaining \$800 is a loan with low interest. To encourage those who plan to receive training for a shorter period of time (less than nine months) the Board of Ministry has designated \$450 annually. This amount provides financial aid which is not to exceed \$150 per person. Applications for these funds can be made through our Continuing Education Committee, Rev. Floyd Enfinger, Chairman.

The Ministerial Education Fund is an asking from our General Conference based on 2 percent of the non-building budget. Twenty-five percent of the amount raised is retained in the local Conference for use by the Board of the Ministry for Scholarship-loans. Seventy-five percent goes to the General Board of Higher Education and Ministry for distribution to our Seminaries as it replaces money formerly provided from World Service. Every Church is urged to pay its apportionment so that our Seminaries will not suffer from the loss of World Service funds.

In our Conference we have Scholarship-loan funds provided by interest from Endowments left to our Conference by devoted Methodist friends: The Norris-Allen Fund, The Hattie B. Norred Fund, and the C. B. Gilmore Fund. Income from these funds is added to the Ministerial Education Fund and distributed in the following ways:

1. We provide scholarships of \$160.00 each for those attending the Lay Pastor's School each Summer.

2. We provide scholarships of \$150.00 each (three per year) for short-term seminars in Continuing Education.

3. We provide scholarship-loans to students in college or seminary preparing for any full-time church related vocation. These funds are paid back after grad-

uation—one-half with service and one-half with money, with no interest until after graduation.

The money paid back by students is placed in the scholarship-loan Fund to be used to help more students and to increase our ability to provide larger amounts in years to come.

Applications for Scholarship-loans should be addressed to Rev. John C. Carmichael, Chairman of the Ministerial Education Fund, P.O. Box 4097, Pensacola, Florida 32507.

"The Committee on psychological testing continues to administer the M.M.P.I. psychological test to all candidates of the ministry requesting a permanent relationship to the conference. This test is administered and processed under the direction of Dr. A. B. Stephens and his staff."

Benjamin Smith, Chairman

## CONFERENCE COUNCIL ON MINISTRIES

### PROGRAM PRIORITIES FOR 1975:

#### "HUMAN RESOURCE DEVELOPMENT IN CHRISTIAN SERVICE"

The Conference Council on Ministries is recommending to the Alabama-West Florida Conference that the major program emphasis be continued in the area of "Human Resource Development in Christian Service" for 1975, and that specific emphasis be on the Church—"People Serving People." The Boards and Agencies programs should fulfill this priority in three areas:

1. The Church
2. The Laity
3. The Ministry

We further request that the Boards and Agencies continue to design specific programs in these areas. Also that these programs be developed not as "one time" efforts, but as multi-phased, on-going programs that will recognize and affirm the need for continual education in many areas of the Christian life. We further recommend that any board or agency not listed, take our conference priority, "Human Resource Development in Christian Service" as a top priority in designing their program for 1975 and that they add any programs that will help fulfill this priority.

#### Human Resource Development in Christian Service.

1. The Church
  - a. 100% of World Service and Conference Benevolences—"People Serving People." Realizing that World Service and Conference Benevolences is the "life line" of the local church ministry in the world and at home, we feel we should be 100% in our giving to this area.
  - b. Benevolences: in keeping with this the Committee on Interpretation of the Conference Council—design programs that will continually interpret the benevolence program of our conference each year for this quadrennium, using a variety of resources and recognizing the need for repetition in this task. This program should also include education in the area of the structure of the United Methodist Church.
  - c. Recognizing and realizing merger: that the Commission on Religion and Race develop ways in which the total conference can affirm and utilize the unity of communion and diversity of gifts that are ours through merger.
2. The Laity
  - a. Local Church Officers: that the Committee on Lay Life and Work develop an on-going training program to help local church officers understand their responsibility and create a meaningful style of operation.
  - b. Lay Speakers: that the Committee on Lay Life and Work consider the re-vitalization of the Lay Speaker program.
  - c. Church School Teachers: that the Board of Education—design a multi-phased, on going program to help local churches have access to continual and meaningful training for church school workers.
  - d. Age Level Ministries: that the Board of Education continue and increase training opportunities in all age level ministries during 1975.
  - e. Visitation Training: that the Board of Evangelism—design a training program for local churches in the area of visitation evangelism.
3. The Ministry

a. Beginning Ministers: that the Commission on Town and Country Work develop an on-going, multiphased program to help beginning ministers understand the roles of the ministry, the United Methodist Church and resources available on all levels.

b. Continuing Education: that the Board of the Ministry—continue and increase its plans in the area of continuing education so that all ministers may participate yearly in some phase of a program of additional education.

### PROCESS FOR PLANNING FOR MINISTRY

The Conference Council on Ministries suggests the following guides to all Boards and Agencies in their projection, implementation and evaluation of their programs.

#### Report No. 7 Stewardship Responsibility

The Council on Finance and Administration believes that all apportionments are needed in the amounts apportioned. Further, the council believes that it is within the capacity of the churches to pay the apportionments in full. We urge full acceptance and payment of all apportionments by every church.

2. When a Charge pays more than \$1800 for pastor's expenses, or more than \$900 for utilities, the excess be added to the pastor's salary for purposes of developing the formula for apportioning that church.

3. The spring meeting of the Council on Finance and Administration also be the time for receiving requests from the Conference Council on Ministries, Boards and agencies for allocations from the benevolence budget for the ensuing year. All boards, and agencies funded through the benevolence budget should be advised that they place their allocation of funds for their program in jeopardy when they fail to comply with requests for information requested and required by the Conference Council on Ministries.

4. That apportionments be developed and distributed to each church as early as possible in order that they may be used for development of church budgets for the calendar year.

### BOARD OF PENSIONS AND HOMES FOR CLAIMANTS

#### Report No. 1

#### Pension Rates and Apportionments

We recommend that the total annuity rate of this Annual Conference for the

calendar year 1975 be seventy-eight dollars (\$78.00) per service year for service as ministerial members and approved lay pastors with pension credit; and that the total rate for widows be fifty-four dollars and sixty cents (\$54.60); provided that, for ministers, lay pastors and widows who are provided homes by the conference the annual pension amounts shall be adjusted by a reduction equivalent to twelve dollars (\$12.00) for ministers and lay pastors and eight dollars and forty cents (\$8.40) for widows for each year of service as a supply or lay pastor with pension credit and for each year with pension credit as a minister in any annual conference or under special appointment as a minister without pension credit on the annual conference.

We recommend that the payment from pension funds of one hundred and fifty dollars (\$150.00) toward funeral expenses of each ministerial member of the annual conference, each approved lay pastor who is either serving a charge under Episcopal appointment at the time of his death or who has been officially retired; each widow who is a claimant; and each wife of a claimant; such payment to be made as soon as possible after the death of the eligible person.

We recommend that the apportionment to the pastoral charges for the pensions and benefit program of the conference (including pensions to conference claimants, MRPF funding and the benefit programs) shall be \$630,000.00 for the calendar year 1975.

We call attention to paragraph 1260.6 of the 1972 Book of Discipline relative to the requirement that the apportionment for the pension and benefit programs be paid in proportion to payments of salaries to ministers and also to the Board's policy of charging defaults to ministers and associate ministers for deduction from pensions if not otherwise paid. Interest is added to such defaults and other unpaid obligations of the minister at the rate of 7% per annum.

#### **Report No. 2 Reserve Funding of Pensions**

We recommend that the resolution designated as Report Number 1, page 161 of the 1969 Conference Journal and subsequent amendments recorded on page 154 of the 1972 Journal and on page 135 of the 1973 Journal, shall be further amended as to provide that, effective with the deposit due December 31, 1975, the level annual deposit for the purpose of funding pensions through the Ministers Reserve Pension Fund shall be \$389,700.00, such adjustment being required to provide for the increase in pension rates to \$78.00 per service year.

#### **Report No. 3 Death Benefit Program**

We recommend the continuation of the Alabama-West Florida Conference in the Death Benefit Program, Plan B with the cost and benefits for each calendar year being determined by the latest average salary computed prior to the beginning of each year, (average salary of \$7,607.00 for 1974).

We recommend that, as a part of the conference pension and benefit program, all persons in the following categories of this Annual Conference be continued in the Death Benefit Program and that newly eligible persons be enrolled as of the closing dates of the annual conference session, and that they be asked to fill out and submit enrollment application cards:

1. Ministerial members—associate, probationary, and in full connection—who are appointed with pension credit on this conference, except those who are appointed to attend school and not appointed to a pastoral charge in this conference.

2. Approved lay pastors listed in the conference minutes as eligible to be appointed, as in the full-time category and receiving appointments in the conference session, or within a 21 day period, beginning with the opening day of a regular annual session of the conference, who are not gainfully employed in non pastoral work and not attending school as a full-time student.

3. Ministerial members on disability leave and receiving disability benefits on account of service in this conference, ministerial members on sabbatical leave and lay pastors receiving disability benefits.

4. Any lay person employed as Associate Director or Assistant Director of the Conference Council on Ministries.

5. Ministerial members in the retired relation, who currently receive pensions on account of not less than four years of service in this conference.

6. Retired lay pastors listed with latest conference minutes and who receive pensions for not less than four years of service in this conference approved for pension credit.

We recommend that all persons in the following categories be permitted on an optional basis to enroll in the Death Benefit Program as of January 1, of any year, with coverage in effect as of the first day of that month; provided that each such person electing to participate shall pay the Conference Treasurer prior to December 10 of the preceeding calendar year, such amount as computed by this Board as the most in effect for such year; provided further that persons entering these categories at the time of a conference session may be enrolled within a period of 60 days following the closing day of such session, if they were not previously eligible for participation.

1. Ministerial members—associates, probationary, and in full connection—appointed without annuity claim on this conference or appointed to attend school.

2. Retired ministerial members who do not receive pension on each of four or more years in this Annual Conference.

3. Other eligible persons, who, in the judgment of the Board, rendered or have rendered service on a full-time basis sufficient to warrant inclusion in this program.

We recommend that the cost of the Death Benefit Program coverage not paid by individuals in the optional groups be provided from receipts from churches by apportionments for the Pensions and Benefit Program, as provided in Report No. 1 of this Board.

We recommend that the Board of Pensions and Homes for Claimants be authorized to administer the participation of the Annual Conference in the Death Benefit Program and to determine the eligibility of individuals for participation in this plan.

### Report No. 10 Pensions For Lay Employees

We strongly endorse the reserve pension plan administered by the General Board of Pensions for Lay Employees of the United Methodist agencies and local churches. We recommend it to our local churches and agencies and urge that

##### Full-Time Service as a Requirement for Pension Credit

We call attention to the following provisions which appear in the Paragraph 1259.4 (a,b) of the 1972 Book of Discipline, relative to full-time service as a normal condition for pension credit:

a. Full-time service of a ministerial member or of a lay pastor shall be required as a normal condition for pension credit; provided, however, that such credit may be granted for part-time service by a three-fourths vote of those present and voting in the Annual Conference, on recommendation of the Conference Board of Pensions.

b. Full-time service shall mean that full time is devoted to the work of a pastor by one who has not attained the age of mandatory retirement for a conference member, who is not attending school as a regular student, who is not substantially employed in nonpastoral work, and whose cash support per annum from all church sources is not less than the minimum salary established by the conference for those in this person's classification.

It should be noted that service of either a ministerial member or lay pastor is without pension credit if it is not full-time service as defined, unless such credit is granted by special action under extremely unusual circumstances.

#### Report No. 12

##### Personal Notations Under Question 51

Subject to the approval of the Alabama-West Florida Conference by a  $\frac{3}{4}$  vote we recommend that Mrs. Ella Mae Lowery be granted a special grant for the year 7-1-74 through 6-30-75 as the wife of a minister of our conference who served 35½ years as a member of this conference. The grant would be based on the years of his service.

William E. Bridges is granted one additional year of pension credit as a Full-time Approved Supply Pastor for the year that he was omitted on page 104 of the 1967 Journal. For that year he served the Ariton Circuit in the Dothan District.

Rev. Reynolds Ellis adjusted to read 8½ years annuity credit. (Under appeal to Judicial Council).

This formula was agreed upon by the Alabama-West Florida and North Alabama Annual Conferences.

### A RESOLUTION

Mr. Russell N. Burson has served the United Methodist Church for many years in many capacities. Not only has he served devotedly in his local church and been instrumental in the forward progress of United Methodism in his District, but evidence of his devotion to his Heavenly Father through the Church has been evidenced for many years in his participation and active involvement on the Annual Conference level.

We, the Board of Pensions and Homes, are especially indebted to his faithful years of service on this Board. His incisive mind, his ability to cut through the peripheral minutiae, and lift up with crystal clarity many of the problems with which our Board has had to deal, has placed him many times in our debt. His business acumen was always matched by a depth of Christian faith and commitment, both of which were obvious in the many contributions he made in the deliberations and work of our Board.

Therefore, be it resolved, in the light of his dedication, Christian commitment, and service, as referred to above, that the Alabama-West Florida Conference in its One Hundred Forty-sixth Session express its sincere appreciation to the family of Russell N. Burson for the valuable contribution he has made while serving his Church through the Board of Pensions and Homes For Claimants.

Be it further resolved that a copy of this expression of sincere appreciation be made a part of the minutes of this conference with copies being sent to the Methodist Christian Advocate and to the family of Mr. Burson.

### A RESOLUTION

WHEREAS it has become a near impossibility to convey titles to property acquired by the Conference for retired ministers homes before 1956 because of the changing of names of concerned boards and the changing of the name of the Conference and more recently changing the name of the denomination. As these name changes were made, title to properties owned were never conveyed to successor boards and conferences thereby creating considerable difficulty when property was exchanged or sold.

AND WHEREAS Church officials present and voting when said changes were made, and church records indicate that changing the name of the boards or conference did not affect the title of property owned by the predecessor board and that trustees of the successor boards and conferences were intended to be vested with full authority to convey.

AND WHEREAS the name of the Alabama Conference, Methodist Episcopal Church, South, was changed with merger in 1939 to The Alabama Conference, The Methodist Church and again changed by the Jurisdictional Conference in session in 1956 to The Alabama-West Florida Conference, The Methodist Church. The General Conference meeting in Dallas, Texas in 1968 changed the name of the Methodist Church to The United Methodist Church. The Annual Conference in session in 1956 created the Board of Pensions and Claimants Homes by Amending Standing Rule #16 to merge the Board of Retired Ministers Homes and the Board of Conference Claimants and naming the Board of Pensions and Claimants Homes (1956 Journal Page 49).

THEREFORE BE IT RESOLVED that the Annual Conference direct that the Board of Pensions and Homes for Claimants is the successor board to the Board of Retired Ministers Homes and the Board of Conference Claimants and that its trustees are vested with full authority to conduct the business of the former boards, to convey title to property held in the names of trustees of former boards and to assume title to property retained by the successor board, accept

bequests and otherwise exercise the duties as prescribed by the Book of Discipline and from time to time directed by the Annual Conference.

## BOARD OF CHURCH AND SOCIETY

The purpose of the Board of Church and Society is to relate the gospel of Jesus Christ to the members of the Church and to persons and structures of the communities and world in which they live. It seeks to bring the whole life of man and woman, their activities, possessions and community and world relationships into conformity with the will of God. It seeks to show the members of the Church and the society that the reconciliation which God effected through Christ Board projects plans and programs that challenge the members of the United involves personal, social and civic righteousness. To achieve this purpose the Methodist Church to work through society toward righteousness; it assists the Districts and Conference with needed resources in areas of such concern; it makes an attempt to analyze the issues which confront the person, the local community, the nation, and the world; it encourages Christian lines of action which assist humankind to move toward a world where peace and justice are achieved. It helps to interpret and to implement the Social Creed of the United Methodist Church.

The Board of Church and Society was reorganized in June 1973. It has spent the greater part of the past year evaluating previous programs, setting goals and priorities and developing a program to implement the major program emphasis for 1974 "Human Resource Development in Christian Service" (adopted by the Annual Conference in 1973 upon recommendation of the Conference Council on Ministries).

To help implement this program emphasis the Board of Church and Society is working with the Commission On Ecumenical and Interreligious Affairs in setting up an ecumenical Communications network within the conference area. One member of the Board was appointed to an Ecumenical Task Force. This Task Force is also working on involvement in Forms of Ecumenical Worship.

As voted by the last Annual Conference (Council on Ministries report) the Board of Church and Society is in the process of "developing ways in which the total conference can affirm and utilize the Unity of Communion and the Diversity of Gifts that are ours through merger.

We again call attention to the Social Creed of the United Methodist Church and urge that it be implemented at all levels.

Special appreciation is expressed to the Reverend E. D. Ridgeway who has served as Conference Council Representative to this Board and to the Reverend Everett Barnes who has helped us over many hurdles during the past year.

### Division of Emerging Social Issues

It is the responsibility of this Division to conduct a program of research, education, and action centering around newly emerging social issues which need to be called to the attention of the Church. Since this Division in newly added, plans are in the process of being developed to find the quickest way to communicate to local churches on issues as they emerge.

### Division of General Welfare

We commend every local church that has ministered to handicapped persons. We commend the Conference Youth Director for implementing the 4-L Camp, a camp for mentally retarded children. We urge every local church to be involved in ministering to persons with specialized needs; such as, the physically handicapped, the mentally retarded, the emotionally disturbed, unmarried expectant mothers, the divorced, social deviants, and others of special need.

The Church needs to continue its struggle against the growing use of drugs in our society, particularly alcohol. We commend the Alabama Council on Alcohol Problems (A.L.C.A.P.) for its help and supportive role. We recommend that each local church have a specific and appropriate observance on Drug and Alcohol Concerns Sunday, November 10, 1974.

The church ought to be involved in the jail and prison ministry. So often very little is done to minister to the offender or his family. Thus, the voice of the Church is "silent," when it ought to be saying "We really do care." To implement this concern, we recommend the following:

1. That each minister actively seek to be related to penal systems in his parish.
2. To conduct district presentations on how the local church can minister to both the inmate and the family.
3. To encourage every local church to have at least one presentation by a local law enforcement official concerning local needs and programs.

#### Division of World Peace

The Division endorses The Bishop's Call to Peace adopted at the last General Conference and urges every local church to participate in this program. A conference committee has been set up to assist Conference, District and Local participation in the Bishop's Call.

Let us continue to seek peace by urging that persons become informed on Bills in Congress that will help to make peace, and by writing to our Congressmen urging support of such bills.

The Division calls upon all United Methodist to support continued efforts for disarmament and continued negotiation with other countries of the world to bring about peace.

#### Division of Human Relations

We strongly urge that political integrity be a vital concern of all United Methodists people. We urge the kind of public financing of political campaigns which will better enable government officials to remain independent and retain their administrative integrity. Recognizing that government officials are called upon to serve the interests of the entire constituency, we call upon business, labor, farm, and other groups to refrain from using campaign contributions as leverage to secure special interests at the expense of the public good. We also urge the elimination of as much secrecy as possible in all levels of government. Finally, we affirm our belief that the vast majority of government officials are worthy of public confidence. We call for a continuing responsibility from public officials that a climate of public trust may be nurtured. We call upon the Church to help people find ways of working with understanding and supporting public officials in their difficult leadership roles.

We call for our people in each local church to undertake a ministry of concern as they confront alcohol problems. The religious community has the compassion and competence to help people cope with many of these factors, such as anxiety, guilt, anger and alienation, which cause or result from the misuse of alcohol.

We express gratitude that the use of drugs among the youth of our nation seems to be on the decline. We believe that in Christ a person can face life and experience joy without the use of artificial stimulants.

Fred Rowe, Chairperson

Mary Elizabeth Carter, Secretary

#### A RESOLUTION

Presented to the one-hundred and forty-sixth session of the Alabama-West Florida Annual Conference — May 30, 1974

Whereas, the Southeastern Jurisdictional Conference of 1972, of The United Methodist Church, established a Jurisdictional Task Force to study the criminal justice system and to seek solutions to the problem of society's failure to deal redemptively and rehabilitatively with those convicted of crimes,

And Whereas, the Southeastern Jurisdictional Task Force on Prison Reform, which was duly established, has urged that each Annual Conference develop programs of prison reform and prison ministry,

And Whereas, the inadequacies of the Criminal Justice system of the states of Florida and Alabama are a matter of public record,

And Whereas, over 25,000 persons in these respective states are incarcerated,

And Whereas, the problem of crime is the concern of every community in Alabama and Florida,

Be it therefore resolved, that the Alabama-West Florida Conference establish a Task Force on Prison Reform and Prison Ministries, to be composed of such laical and clerical constituents of the Conference, who by vocational expertise or spiritual calling, are possessed of such peculiar capabilities as would qualify them for participation in such a Task Force, membership not to exceed 12.

Be it further resolved, that the Chairman of the Board of Church and Society, along with his executive committee, recruit the proposed Task Force, and convene this group not more than 45 days after the adjustment of the Annual Conference, and that upon convening, the Task Force shall organize itself as it deems suitable, electing its own chairman, and developing its own method of study and involvement.

Be it therefore further resolved, that this Task Force, subsequent to its organization shall be under the auspices of the Board of Church and Society and related to that Board's Division of General Welfare, but that the proposed Task Force may relate to other Boards and Agencies whose work relates to its purpose, for such support and undergirding as may be needed to complete its assigned work.

## BOARD OF HEALTH AND WELFARE MINISTRIES

### To 1974 Session of Alabama-West Florida Conference

#### Report No. 1

The Alabama-West Florida Conference Board of Health and Welfare Ministries has been blessed by our Lord Christ with a great field of service in the past year. He has also blessed our efforts to serve those persons in crisis throughout the Conference. The biblical mandate that we have always followed has been "Inasmuch as you have done it unto one of the least of these, my brethren, you have done it unto Me."

Some of the fruits of our endeavors in the past year are:

(1) Our Board has been excited and thrilled at the development of the Regional Program by the Director, Board of Directors of the United Methodist Children's Homes (See Report No. 4). This plan is presently being implemented and promises to not only be effective to meet long-range goals in the Birmingham area, but to be a model for child-care for the whole church.

(2) Our Board has watched with great interest and support the physical and programmatic expansions of our Methodist Retirement Homes. The additions of nursing wings and apartments and the innovative programs of care and treatment by Mr. John Williams, Director and the Board of Trustees is done in exemplary style and fidelity to the highest standards now being set across the church for a ministry to the aging. We are supportive of plans now being made to build a new facility in Pensacola, Florida. We solicit the prayerful support of the whole Conference in this endeavor.

(3) The Mother's Day Campaign fell short of the monetary goal which we had set last year. However, we did appreciate more than a 20% increase in giving over previous years. The Methodists of our Conference who need the services of Golden Cross and our senior citizens who need a place of shelter and security will be helped immeasurably by a thoughtful response on the part of all Methodists, to the annual Mother's Day Campaign—80% of the offering goes to our Methodist Retirement Homes and 20% goes to Golden Cross. Funds are important, but of equal importance is the awareness of the church of the needs which we are seeking to meet.

(4) The two "open houses" at our institutions this conference year were well received. On September 29, 1973, over 100 persons from over the Conference came to Selma to the United Methodist Children's Home. On March 9, 1974, over 80 persons from over the Conference came to Dothan to Wesley Manor Retirement-Nursing Home (Each district was represented at this "open house")—on both these occasions, Methodists from over the Conference had an opportunity to visit these institutions and to increase their awareness of the ministry these agencies are performing and the needs which they have.

(5) The District Directors of Health and Welfare ministries are to be com-

mended for their fine spirit of cooperation and work on behalf of our Conference program. These directors are:

**Andalusia District:** The Rev. Lamar Spencer, Crestview, Florida

**Demopolis District:** Mr. Clyde Mehaffey, Melvin, Alabama

**Dothan District:** The Rev. A. S. Turnipseed, Ozark, Alabama

**Marianna District:** The Rev. Johnny McCurdy, Panama City, Florida

**Mobile District:** Rev. Bill Barry, Mobile, Alabama

**Montgomery District:** Mr. Aubrey Jones, Montgomery, Alabama

**Pensacola District:** Mr. W. H. Abbott, Pensacola, Florida

**Selma District:** The Rev. Norman McLeod, Selma, Alabama

**Troy District:** Mrs. Paul Musselman, Troy, Alabama.

These people have served their church in a devoted and meritorious manner. They and their successors are the key to the effectiveness of a successful ministry in Health and Welfare now and in the future.

Plans for the coming year in addition to the seasonal emphases of The White Christmas Campaign and The Mother's Day Campaign include:

(1) Programs to increase the awareness of the local church's responsibility in the area of Health and Welfare ministry. If the local church can be sensitized to program responsibilities at the local level, the problem of creating awareness for the larger concerns of the Conference will be minimal.

(2) Programs to deal with the problems of the aging are seemingly imperative. This age group with its ever growing size calls for a great missional sensitivity on the part of the whole church.

(3) Concomitant with the stress and brokenness of our society is our concern for the children who are the victims of stress and frustration. Since the church with all its resources cannot possibly minister to every child who is the victim of crisis, it is apparent that the church must assume the role of "enabler" at this point. The church must assume a role of advocacy for children in crisis. It is not enough to leave this problem to the courts and to the State institutions.

(4) Another area of rising concern is the current crisis in the criminal justice system. Crime is a concern of every community in the Birmingham area, from the smallest rural crossroad to the urban ghettos and suburbs. Penal systems which routinely produce criminals with the same equanimity that our universities produce doctors and engineers is a blight that should not and cannot be countenanced by the church. The church and society must become aware, and call to task those who can remedy this problem.

Respectfully submitted,  
Larry D. Bennett, Chairman

### Report No. 3

## METHODIST HOMES FOR THE AGING

As science and the medical profession continue to develop new ways to cure illnesses and prolong life, people are benefiting from these developments and

living longer than ever before. As a result, the over-65 age group is getting larger and larger. If the church is to have a truly relevant ministry, it must devote a far larger proportion of its energies and resources to this rapidly-increasing age group.

During this past year, your Methodist Homes For The Aging have continued to work to increase our services.

As reported last year, we completed our first unit of 13 apartments, valued at \$255,000. Under the Founder's Gift Plan, a total of \$202,500 was paid by the residents who now occupy them.

A second unit of 21 apartments is nearing completion at a cost of approximately \$430,000. Under the Founder's Gift Plan, a total of \$296,000 will have been contributed toward this cost of construction. As these 34 units become vacant, other prospective occupants will make Founder's Gifts to occupy them, until eventually the apartment wings will be free of indebtedness.

With the continued assistance of Grace United Methodist Church, our Mobile Meals program has served over 6,000 hot nourishing meals. The success of our program has encouraged a number of other churches and groups throughout the State to become involved in a Mobile Meals program.

An application for a Hill-Burton grant of \$380,000 to construct 34 additional nursing beds at Wesley Manor was granted this month when the State Board of Health met to consider all requests. Construction is expected to start in late fall. The initial steps are being taken to request Hill-Burton funds and a Certificate of Need to add a second story to the present nursing wing at Fair Haven and more than double our present capacity.

The Board of Trustees continues to explore the possibility of building a high-rise Home in Pensacola under the 236 program. This program has been slowed because of action of Congress and the President.

Our 15-minute color movie, "A Gift of Love," showing activities at both Fair Haven and Wesley Manor has been shown in many churches and civic clubs. Response to the film has been very gratifying and it is hoped that even more churches will reserve this film for showing at church services, UMW and Men's Club meetings, etc.

Certification has been granted Fair Haven by the Health & Welfare Certification Council of the United Methodist Church. Affiliation has been granted Wesley Manor and it is hoped that it, too, will soon be given Certification.

The main problem which faces Fair Haven and Wesley Manor is the interpretation of guidelines for retirement and nursing homes under the SSI program which replaced the Old Age Assistance program on January 1, 1974. The State of Alabama has appropriated funds to protect those persons who were on Old Age Assistance prior to January 1, 1974, but the law, as presently passed by Congress, will prevent any resident of the retirement home becoming eligible for financial assistance through the State or the Federal Government. We have initiated action through the Global Ministries of the United Methodist Church and the American Association of Homes For The Aging to determine the proper course to take in having this law amended by Congress to eliminate this harsh ruling.

### UNITED METHODIST CHILDREN'S HOME

The 1973 fiscal year was both an exciting and frustrating year for the United Methodist Children's Home. Frustrating in the sense that the Home is experiencing greater difficulty each year in locating good child care staff (houseparents). Three times during the year a cottage had to be closed for lack of staff. This naturally affected the number of children that could be served. Also, the problems presented by the children received taxed the staff available to the fullest and prevented accepting additional difficult children.

One of the more exciting things in 1973 was the intensive long range study completed by the Board of Directors and staff. The resulting long range plan is being presented to the Boards of Health and Welfare and the Annual Con-

ferences for approval. (See below.) This plan provides for serving some children and their families nearer their local community under the regional concept. It also includes adding some small specialized programs in the regions to help the mildly disturbed or delinquent child—referrals that are on the increase at a time when referrals for dependent and neglected children have stabilized.

Even though 1973 was a year of transition, 299 people were served through this ministry. This compares favorably with a 10-year average of 291 and it was done during a time of great inflation when many agencies were forced to curtail their services. The average daily enrollment in all programs was 184.

We feel that 1974 will be a good year with the opening of group residences for 8 children in Pensacola and Dothan and the planning for implementation of similar services in the extreme northern counties of Alabama in early 1975.

### LONG RANGE PLANS

In order to serve children and their families nearer their home community, the Home would like to establish a southern regional office in Pensacola, Florida. The catchment area for this region would include all of West Florida and the extreme southern counties of Alabama. Ultimately we visualize the following:

- A. Pensacola—one group residence for 8 children and the regional office.
- B. Dothan—one group residence for 8 children.
- C. Incorporate within the region other present services of the Home such as: Counseling and referral services, foster homes, family aid, and scholarship.
- D. Other group residences for 8 children each to be located as need dictates and funds permit.

Further, as funds and staff permit, develop a northern regional program similar to the southern region. Catchment area would include the northern counties of Alabama. Final location of 8-capacity group residences to be determined later but might include such cities as Scottsboro, Huntsville, quad-cities area, etc. Probable location of regional office in Huntsville.

The central region would include all the remaining counties in Alabama where the Children's Village, though reduced in number, would continue to provide the group care services. The Selma facility will house not only the central region staff but will also be the headquarters for the corporation.

Lastly, the Home would like to develop within the regions specialized group homes to serve the troubled and acting out adolescent who may or may not have been adjudicated delinquent and normally could not be served in the other established regional services. These services are not necessarily to be the last programs to be developed but will be implemented as needs, funds and staff permit.

## GOLDEN CROSS FUND

As the director of Golden Cross, I have the opportunity to see an area of the church's ministry which is little known to most of our people. However, this is one of the most compassionate areas of ministry in which our church is involved. It is through these funds that we reach out to help United Methodist laymen and ministers who have medical bills which they are unable to pay.

This past year Golden Cross joined with the Home for the Aging in sharing the Mother's Day offering. The Home for the Aging receives 80%, and Golden Cross receives 20% of this offering. There was a substantial increase in your giving to these two funds combined. This increase enabled us to respond to the ever soaring hospital cost of many needy Methodist people in our area.

There are film strips and brochures available from Conference Headquarters, which will provide information about the Golden Cross Fund. Applications and information can be obtained by writing me:

David H. Chunn

Golden Cross helps people where they hurt. Become a part of this Christ-like compassion, and give to the Mother's Day offering in your church.

Thank you,

## BOARD OF EVANGELISM

During 1973 many of our churches participated in the Key 73 program. If Key 73 did nothing else, it at least helped to make the word "evangelism" respectable again. During the latter half of 1973 the Board of Evangelism shared in the following programs within our Conference:

1. Sponsored Dr. Ira Gallaway as one of the speakers at Annual Conference.
2. Held a Renewal Conference for Clergy-Laity on June 22-23, at Mobile.
3. Shared in the Youth Conference on Discipleship, in which Russell Williams served as Dean, and Jim Carpenter served as assistant Dean.
4. Put together a workshop in October, with special emphasis upon the smaller churches in our Conference. Feedback from pastors attending indicated that this was helpful.

5. We encouraged churches to have Lay Witness Missions, New Life Missions, and "We Care" Missions. All of these have been helpful in bringing renewal to many congregations.

The energy crisis caused the board to change the proposed agenda for 1974. However, in February a workshop on "Conservation and Care of Churchmembers." with Dr. G. Ernest Thomas as resource leader, was well attended, and feedback again indicated that a real need was met.

This board urges that every district within the Conference have at least one workshop on Personal Evangelism during 1974. The District Secretary of Evangelism or the District Superintendent may request and receive up to one hundred dollars from our budget to carry out this program.

A growing number of pastors have found the "We Care" Mission to be most beneficial in bringing new life to their people. We urge all District Secretaries to promote these missions within their district.

All of us are gratified to hear of the good work being done by "Noah's Ark" in Panama City. We hope this ministry can be expanded.

Many of our cities and communities have undergone drastic changes in recent years, with the result that some of our churches have found themselves unable to adequately minister to their own members and to the new people moving into the area. The growing number of persons involved in the charismatic movement has been a source of frustration to some pastors and congregations. Therefore, during the fall of 1974 the Board of Evangelism hopes to have a workshop at Blue Lake geared to the dual theme of (1) how the church can more adequately minister to diverse groups of persons (with a resource person who has had experience in doing this in a local church situation), and (2) how to help get the laity of the church involved in this outreach ministry. If our churches are going to survive and do the work of the church we must do a better job of preparing our people to be the church.

1974 is the year of world-wide evangelism. The climate is ripe for a great awakening. In December of 1973, more than 14,000 college students jammed into the Assembly Hall at the University of Illinois, Urbana, not for a rock concert, but a missionary convention!

On July 16-25 of this year, the International Congress on World Evangelization will meet at Lausanne, Switzerland. On November 16-23, Methodists from all over the world will gather at Jerusalem for the Worldwide Convocation on Evangelism. Methodists are gearing-up for "Mission To The World." What a great day for our Methodist people to get involved in proclaiming the Good News of Jesus Christ to all the world. Don't miss this opportunity to get your church involved.

As we come to the end of 1974 and face 1975, the World Evangelism Committee, composed of persons from all the different branches of Methodism around the world, recommends that:

1. Each congregation have a Covenant Service on the first Sunday in 1975.
2. A period of preaching for commitment be held during Lent in 1975.
3. The people of the churches be trained for witness and service in the world.
4. Small groups explore and capture the values of the historic Wesleyan "class meeting."

Thomas Sowell, Secretary

#### Addendum: Report of The Board of Evangelism

When the deadline came for sending in the reports for the Conference brochure we had not received any definite word from the Board of Discipleship as to what was being planned for the World Methodism Evangelism Thrust for 1975. We now call to your attention the following suggestions and possibilities for our Conference for 1975:

1. There will be a worldwide Consultation on Evangelism in Jerusalem on November 16-23 of this year. Methodists from all over the world will gather to prepare for the thrust in 1975.
2. During 1975, Methodists from the six Methodist denominations in America will be meeting and working together, to develop a thrust that will reach into thousands of homes in our land. Please watch your *Interpreter* and *Street 'n Steeple* for more about how your church can take part.

3. Part of this worldwide thrust will be to bring about 200 Christians from other lands to the United States for preaching and witness missions, beginning in March of 1975. Interested churches should write Dr. Roberto Escamilla, at Box 840, Nashville, Tennessee 37202.

4. The Methodist Fellowman Adventure will send teams of youth and adults into many areas of our world to serve their fellowman through work and witness. We hope, through Bishop Warner, in Liberia, to be able to send a team/teams to Africa during 1975. There is a possibility that we may be able to send teams to the Oklahoma Indians and to the Rio Grande Conference.

5. During 1975 a series of three paperbacks will be released, hopefully to be used in study groups, and more important, to be "passed on." The books are, "How To Find God," by Keith Miller, "Who Really Is Jesus?" by William Barclay, and "What Is The Meaning Of Life?" by Alan Walker. It is hoped that lay people will agree to sell or give away at least ten copies of each of these books. Pastors will receive sample copies and information as the books become available.

Your Board of Evangelism is happy to announce that a Christian Ashram will be held at Blue Lake during 1975. Dates and speakers will be announced in the fall of 1974.

Edward Chandler, Chairman  
Thomas Sowell, Secretary

#### COMMISSION ON ECUMENICAL INTERRELIGIOUS AFFAIRS

We think there has never been a time in the history of man when there has been greater need or greater opportunity for interreligious cooperation than modern man now faces. Your Commission is committed to develop the very best program possible to serve these needs, and we strongly urge the churches of our Conference to face up to the challenge of today's superb opportunities.

We commend the churches and the leadership of our Conference which have been active in promoting the idea of ecumenical cooperation and have been engaged in the many significant, implementing, action programs now going on in our area. We urge more of our churches and more of our people to become thus involved.

At present your Commission is working on three projects. We are in the process of setting up a network of interested and concerned key people in the leadership of the various religious groups operating in our Conference territory. These key people will be feeding into a special committee, we hope soon to have in operation, notice and information of situations and projects where ecumenical cooperation may be needed and welcomed. This committee, in addition to serving as a clearing house for such information, will compile resource materials, listing of interested and available persons and groups, and where desirable encourage and promote interreligious cooperation on particular projects in particular places.

Another project, this one on request of our Bishop, is to develop an ecumenical religious celebration involving the four major religious bodies operating in our Conference area. We are working on such a celebration in which we hope to incorporate the significant common grounds and compatible features of the Roman Mass, Greek Orthodox Mass, the Protestant Holy Communion and the Jewish Passover.

Both of these projects more or less call for our third project. Sometime in October or early November we hope to have the first of a continuing series of interreligious dialogue. Out of these dialogues we will expect to foster better understanding among ourselves of our religious beliefs, objectives and manner of operation and to come up with implementing techniques and structures of action that will bring about more interreligious cooperation.

We now have a fourth project. We have been in search of a college level course or curriculum on "Ecuminism." We have encouraged our colleges to offer it. Dr. Jackson has promised to support this at Huntingdon.

Much of our time and activity this year has been in ground work for the above described projects and in full participation in one of the top ecumenical action projects of our Conference — Our Baldwin County Ecumenical Migrant Ministry.

James A. Zellner, Chairman

## COMMISSION ON WORSHIP

Worship involves the very being of the Church. In this transaction between God and man through Christian worship the Church is constituted, called into her true being, and reveals her nature. Whatever else might be said about the hundreds of churches across our Alabama-West Florida Conference, we are all involved in worship experiences on a weekly basis. Your Commission on Worship very much wants to help in sharing ideas, experiences, and helps to make our worship experiences truly meaningful.

With this as our prime objective, this Commission undertook a project which proved to be most successful, that being the Worship Seminar held last January 11, 12 at Blue Lake, Oakwood Lodge. In searching for a resource person we felt that this person should be a very knowledgeable person in this field. We engaged The Reverend Hoyt Hickman from the Board of Discipleship, Division Evangelism, Worship and Stewardship, Nashville, Tennessee. His leadership was the reason for this Conference-wide Seminar's great success.

However, not all the Commission's work is done at the Conference level. A Task force was appointed to investigate the greatest needs in the several Districts. District Seminars will be held in several Districts if the report of this Task force suggests that is needed.

It is the hope of the Commission on Worship that no person in the Alabama-West Florida Conference, whether lay member or clerical member, if properly motivated in terms of gaining insight into the dynamics of worship shall be denied resources. Our Commission stands ready to respond both to the specific needs of the local church and the more generalized needs of the Conference at large. With your help and support worship can be more meaningful in the future than it has ever been in the past.

Albert R. Hunt, Jr., Chairman

## THE BOARD OF EDUCATION

### I. INTRODUCTION—Gerald Munday, Board President.

The Executive Committee of the Board of Education and each member of the Board are to be commended for the outstanding accomplishment of reaching the high goals which they set for this year's ministry. Realizing the low level of dissipation reached last year, the Board, without hesitation, set about the task of organizing itself to most effectively serve Christ through the United Methodist Church of the Alabama-West Florida Conference. An indication of the Board's level of commitment can be seen in their attendance record: ninety per cent for each meeting.

The Board is deeply concerned that one of the greatest areas of ministry, that of Children's work, is being neglected by the Annual Conference. The Reverend Donald Brill and other Staff members are to be commended for their work in this area, but it is the Board's firm conviction that we are compelled, as an Annual Conference, to give more attention and higher priority to this ministry. The Board's sub-committee headed by Mrs. Jean Sublett indicated an urgent need for a full-time staff member in the area of children's work.

The Board, after study, supports the Conference Program Council in its effort to re-organize and adopt a constitution. We are especially pleased that their report is requesting that the Committee on Higher Education and Campus Ministry separate itself from the Board of Education. We further support bringing all program, i.e. Blue Lake, under the Program Council.

We support Scarritt College in its bid to secure financial support and students from our Annual Conference. We also desire the Annual Conference to underwrite the annual tuition (\$2600.00) for one student.

Furthermore, the Board of Education supports the five million dollar campaign to raise funds over the next five years for Huntingdon College. "In consideration of the legal, moral, and personal ties of Huntingdon College to the membership of the Alabama-West Florida Conference, and in view of the urgent need of the College for a major support of scholarship funds, we affirm and recommend the adoption of a goal of \$1,250,000.00 to be raised over a three year pledge period, beginning in 1975 in a Conference-wide campaign, and solicitation of the membership in each local church. We lift up and endorse the campaign theme that no

qualified student be turned away from Huntingdon College because of a lack of tuition assistance."

The Board, in a recent meeting, adopted the following resolution:

## II. LEADERSHIP DEVELOPMENT COMMITTEE

The focus on leader development has expanded from the traditional emphasis upon training church school teachers. Today, the need is for skilled leadership at every level of the church. In light of this shift in focus, the Leadership Development Committee has identified its function as to its Conference responsibility. The committee considers this to be:

1. the development of skill training across the Conference; (workshops on consultant skills, communication, etc.);
2. a coordinating agency for a trained leadership pool, making both leaders and material available as needed;
3. a contact point for help in leadership training;
4. orientation (in area of education) such as age-level and COM/AB labs;
5. identification of needs (Conference, District, and Local Church levels) in area of education;
6. evaluation of what happens in leadership development.

In order to identify needs, the committee is projecting a plan to work with District Councils on Ministry beginning after Annual Conference 1974. Believing the local church to be the most authentic source of information as to what needs exist in the Conference, an endeavor will be made to hear persons in the local churches according to a District plan. Upon identification of needs, the second step will be to begin to set goals and consequently to implement plans and set up training events that will meet the needs.

Emphasis continues to be placed on Laboratory Schools as the most effective setting for leadership training. Scholarships of \$50.00 are available to persons who commit themselves to lab training in the Birmingham area. Scholarships of \$130.00 are being offered for lab training on the Jurisdictional level. Persons accepting financial assistance will be asked to share their leadership in our Conference educational work. An amount of \$500.00 has been designated to subsidize Laboratory Schools in the amount of \$150.00 to each lab that needs financial assistance.

This committee has continued to work with the Conference staff in local church and District COM/AB workshops and age level educational training.

Respectfully submitted  
Carolyn Cumbie, Chairman

## III. COMMITTEE ON EXPERIMENTAL MINISTRIES

The Committee on Experimental Ministries is proud of its accomplishments during 1973-74 in its attempt to proclaim the "Good News" in new and innovative ways.

The Camp Discovery program was expanded this year to include children from the rural areas as well as the urban areas of our conference. The response of children involved in these camps has been very rewarding. The Camp Discoveries for the summer of 1974 have been expanded even further to include two sections for urban children and two sections for rural children. The dates for the camps this year are June 24-28, Discovery I and August 19-23 for Discovery II. If you would like to assist in either of these camps or would like to recommend children for these camps or information about the camps you may contact Miss Ruth Goff at United Methodist Headquarters in Andalusia. The Rev. Al Norris and Dr. Dallas Blanchard have given outstanding leadership, along with Miss Goff, to the development of the Camp Discovery programs.

The future hope of the Committee on Experimental Ministries is to expand the work of this committee into other areas of our conference and other types of ministries. We are interested in assisting in planning and initiating new and experimental ministries all over our conference, both rural and urban.

At this point, we are depending on the ideas and concerns of laymen and ministers of our conference to help us. As you see needs in your area where an

experimental ministry might be developed, let this committee work with you in planning and development.

Respectfully submitted,  
Dick Cobb, Chairman  
Committee on Experimental Ministries

#### IV. COMMITTEE ON CAMPING

##### A. Summer of 1973

We are pleased to report that the Summer of 1973 was a significant summer for the Camping Program. Our participation was increased over 1972. On the Elementary Level in 7 camps we averaged almost 70 campers or a total of 489. In 4 Jr. High Camps we averaged 89 campers per week or a total of 356 campers for the summer. The Sr. High Summer Agencies drew 330 participants in 4 weeks of activities. In addition our new program of Appalachian Trail Hikes drew 18 Jr. Highs and 6 Sr. Highs. The 4-L Camp operated at capacity again this summer. Dr. Faye Brown, Chairperson of the 4-L Committee has tendered her report and I call your attention to it. The camper participation for the entire summer of camps under the auspices of this Committee exceeded 1300.

Not only was the participation a source of delight, but the program offered this year was an outstanding one. Thanks is due to each of the volunteer staff personnel and to the program staff at Conference Headquarters for a significant program of Christian Education in the out-of-doors.

Adding to the activities and enjoyment of the Camping Program this year were the 12 new canoes purchased for the waterfront recreation program. These proved to be an asset to our camp.

##### B. Development of Facilities

This Committee has worked closely with the Blue Lake Commission in the suggesting of developmental priorities for our camp site. We wish to express sincere appreciation to the Commission for their responsiveness to the needs we have pointed out.

Improvements to be seen at Blue Lake when campers arrive this summer include: Further improvement of waterfront facilities for safety and beauty, basketball courts, public address systems for both auditoriums, additional space for small groups, and better ventilation of the cabins.

In the not too distant future we are hopeful of finding additional attractive recreational facilities including tennis courts at the Lake. 1975 will perhaps hold an announcement of exciting new plans in this area.

##### C. Looking to the Future

This Committee is very strong in its feeling that the future of Blue Lake and the Camping Program of our Conference is indeed bright. We are pursuing plans for development of facilities as mentioned above, however in this section of our report we would like to read into the Conference records two areas of our Camping Program that demand our thought and attention in the immediate future.

The more we study the needs of our Camping Program and facilities, the more this Committee becomes convinced that multiple staff ministry at Blue Lake is imperative. This staff would include a Business Manager/Superintendent of Maintenance and a Director of Program Activities, whose scope of responsibilities would include recreation, on-going programming in camping activities, and development of facilities as program needs dictate.

A second area with which we must be concerned is the possible subsidizing of our Camping Program. The rising cost of both accommodations and program resources makes it increasingly difficult for the Camping Program to be self-sufficient without pricing camps out of reach of the youth we want to serve.

The future will hold specific proposals in these two areas as we seek to improve this excellent program of our Annual Conference—camping.

##### D. As You go Home from Conference

1. Promote our Camping Program for 1974.

2. Assist us in soliciting scholarships for the 4-L Camp for the retarded. In addition to the regular camps, we are adding a Fall Weekend for the retarded in the age range of 18-30. This is scheduled for October 4-6. Scholarships for this

program are \$25.00 and are solicited from Churches, Church School Classes, United Methodist Men, United Methodist Women, United Methodist Youth, etc. Remit to Art Copper.

Joseph H. Bullington, Jr., Chairman

### REPORT ON THE 1973 4-L (Live, Laugh, Learn, Love) CAMP

For the past four summers, the Alabama-West Florida Conference of the United Methodist Church has sponsored a summer camp for mentally handicapped children of all denominations at beautiful Blue Lake near Andalusia, Alabama. It is an exciting experience for the exceptional campers. Many of the youth spent their first night away from home. The professionals and church staff members have an opportunity to observe behavior of the mentally handicapped children in a setting not seen daily. It is very interesting and a joy to note the varied interest of the mentally retarded youth.

During the summer of 1973, approximately 120 campers with a staff of adults and counselors participated in the 4-L Camp. The camp was held at Blue Lake using Dogwood and Pinewood campsites. The staff, adult assistants and counselors were not paid for their time, but the rewards exceed any salary. The laughter of the youth in swimming, singing, dancing and climbing was something to behold. The staff agreed that it is a lovely way to give of yourself.

The 1974 4-L Camp will be held June 19 through 23 with a required staff orientation weekend on June 1 and 2 at Pinewood Campsite at Blue Lake. The staff is committed to around-the-clock dedication and responsibility. Persons interested in serving as staff members should contact immediately Dr. Faye M. Brown, Auburn University at Montgomery, Room 207, Goodwyn Hall, Montgomery, Alabama. Parents interested in having their child attend the camp should contact Miss Ruth Goff, The United Methodist Church, Drawer 700, Andalusia, Alabama.

The Fifth Anniversary of the 4-L Camp promises to be the most exciting camp ever. The campers will tell you that each summer is the best one.

## V. COMMITTEE ON HIGHER EDUCATION AND CAMPUS MINISTRY

### A. A Separate Annual Conference Committee

After careful consideration the Committee on Higher Education and Campus Ministry concurs with the recommendation that it separate from the Board of Education, operating as a distinct Conference Committee in accordance with Para. 1249 of the 1972 Discipline. The primary reason for this decision is the continuing amount of attention required by the colleges and Wesley Foundations, and the advisability of assigning a member of the Conference Program Staff to this area of responsibility.

### B. Finance

Because of the unique worth of Huntingdon College to the United Methodist people of Alabama and West Florida, and because of the needs of the college, we endorse the request of Huntingdon to raise \$1,250,000.00 by means of a campaign within the Alabama-West Florida Conference.

We urge every church to pay its apportionment in full to the colleges and the Wesley Foundations. Financial need constantly limits the program of student ministry through the Wesley Foundations and it is the primary deterrent to student enrollment at Huntingdon College.

Special giving through Conference Advance Specials to the Wesley Foundations as well as through the anticipated Huntingdon Campaign will be an important factor for ministry through Christian Higher Education.

### C. Program

Campus ministers feel the need for closer cooperation and sharing. They have, therefore, planned bi-annual meetings in late June and early December that would involve representatives of local Wesley Foundation Boards of Directors, the campus ministers themselves, persons engaged in student ministry at Huntingdon College and at the Junior Colleges throughout the Conference. It is the intention of the campus ministers to encourage inter-campus visits and Conference or Area-wide United Methodist Student meetings.

#### G. Birmingham-Southern Charter Abstract

Birmingham-Southern College anticipates a new Charter, unifying the several amendments of the previous document. The following abstract of the proposed Charter is published for the consideration of the delegates.

#### ABSTRACT OF PROPOSED CERTIFICATE OF REINCORPORATION

Birmingham-Southern College now operates under authorities granted to it by several documents, including charters by the Legislature of the State of Alabama, and by amendments to those charters authorized by the owning conferences of the Methodist Episcopal Church, South, and its successors. These documents range in date from 1856 to the recent past, the last amendments having been authorized by the Conference in 1969.

Clarity and understanding urge upon all of us the need to reduce the authorities for the operation of the College as an agency of the two annual conferences of the United Methodist Church in the Birmingham Area to a single and comprehensive document.

The proposed certificate merely merges into one document those powers, limitations, and responsibilities which have heretofore been in existence and does not create new ones.

The name of the corporation shall continue to be Birmingham-Southern College; its powers shall continue to be limited by laws of Alabama governing non-profit corporations; and it shall continue to have as its purposes the owning, maintenance, and operation of the College as an institution of higher learning related to the United Methodist Church and dedicated to the nurturing of high intellectual qualities and maturing Christian faith and character.

The Board of Trustees shall continue to consist of twelve trustees to be elected by each of the two owning conferences, six of whom shall be clerical members in full connection and six of whom shall be lay persons holding memberships in local churches of their respective conferences. In addition to these twenty-four

members, twelve members shall be elected by concurring action of the two annual conferences, without restriction as to geographical or denominational origin. Life members of the Board are authorized, and may be elected to such status by concurring action of both conferences, upon their having served as a regular member for an aggregate of twenty-four years, or upon their having reached their seventy-second birthdate during active service on the Board.

The registered offices of the corporation are specified as being in the same location as is now the case, 800 Eighth Avenue, West, Birmingham, Alabama, in Jefferson County.

The organizational structure of the Board into committees, officers, etc., shall be essentially unchanged.

The charter may be amended as provided under the laws of Alabama; with the added specification that any amendment of the charter which would change the method of electing trustees must be approved by the two owning conferences.

It has been the intent of those members of the Board and of the United Methodist Church who are members of the legal profession, and who have participated in the drafting of the certificate, to include safeguards which will preclude any efforts to remove the College from the protection, service, and ministries of the Church in the future.

## BIRMINGHAM AREA COMMITTEE ON HIGHER EDUCATION

to the

Alabama-West Florida and North Alabama Annual Conferences

### INTRODUCTION

The 1973 Session of the two Annual Conferences of the Birmingham Area adopted a Resolution requesting the Bishop to appoint an Area Committee on Higher Education composed of two members each from the Committee on Education of each Annual Conference; the Council on Ministries of each Annual Conference; the Council on Finance and Administration of each Annual Conference; the Boards of Trustees of Athens, Birmingham-Southern and Huntingdon College; and the Presidents of the aboved-named colleges.

Specifically, these persons were—The Reverend Mr. Stephen F. Dill, W. V. McRaney, The Reverend Mr. Billy York, Mrs. J. Ralph Jolly, The Reverend Mr. Ben Smith, Mrs. Opal Barrow, Mrs. Myrtle Gordon, Wilson Patterson, The Reverend Mr. Joe Ed Hastings, The Reverend Mr. Woodfin Grove, J. Warren Ogle-tree, The Reverend Mr. Barry Anderson, Julian Harris, John Evins, The Reverend Mr. Robert Morgan, The Reverend Mr. Ralph Hendrix, John Herbert Orr; Dr. Sidney E. Sandridge, Dr. Ralph M. Tanner, Dr. Allen K. Jackson. The Reverend Mr. Everett Barnes and The Reverend Mr. Charles Betts gave invaluable aid as resource persons.

The Annual Conference charged this committee “. . . with the responsibility of coming forward with recommendations regarding the relationship of the colleges to the two Annual Conferences, with such plans as may be reasonably necessary for their implementation . . . the intent of such recommendations shall be to increase the moral and financial support for the colleges, and to facilitate more meaningful contacts and relationships of mutual purposes and aid between the colleges and churches of the Conference.”

### RELATIONSHIP OF THIS REPORT TO THE 1972 TASK FORCE STUDY

This report builds upon an exhaustive study and survey conducted by an Area Task Force during 1972, led by Dr. Elbert Norton and including leaders from both Annual Conferences. That task force was authorized to study all aspects of church related higher education and to report its findings and recommendations to the annual conferences. The printed report included summaries of responses from the college presidents to a questionnaire listing much statistical data on the colleges, the report of a thorough survey of the attitudes of Area United Methodists toward Christian higher education, an analysis of alternatives

for restructuring the relationships of the colleges to the annual conferences, and the recommendations of the Task Force members.

Apart from updating the statistical data, the present Area Committee has not found it necessary to do additional research. Likewise the findings of the 1972 Task Force are accurate and, for the most part, adequately stated. Some of the recommendations of the present Committee are similar to those contained in the 1972 study. This Committee has sought to test the feasibility of various proposals for relating the colleges to the Conferences and to find ways for the Conferences and the Colleges to work together to strengthen support for Christian higher education.

The members of this Committee wish to express appreciation to Dr. Norton and the members of the 1972 Task Force for their work in providing the basic data for these annual conferences to face the crisis in Christian higher education.

## I. THE PURPOSE OF CHURCH-RELATED COLLEGES

The three colleges in the Birmingham Area are United Methodist institutions with many of the same purposes as the United Methodist Churches; namely, to aid people of the Area in the development of character and in spiritual growth; to hold up before the world, God's truth in every sphere, to preserve and transmit the traditions of the Christian way of life and those specifically representative of Methodism; and to deal with all people in a manner that witnesses to the concern of the Christian for his brother.

While each of these colleges must, first of all, be true to its function as an institution for providing opportunities for formal education; it must also be aware that its church relationship places particular responsibilities upon it and offers to it special opportunities to work as a leaven of Christian influence in the world and in the lives of individuals.

Within the dialogue of the Task Force consisting of the College Presidents, members of the Boards of Trustees, and Annual Conference officials, it has been agreed that the distinctive contribution of Christian Higher Education in the Birmingham Area should be—

1. To provide quality education within a community of free inquiry and Christian fellowship.
2. To equip the student with both vocational competence and the ability to make responsible decisions.
3. To present the claims of Christ while enabling the student to develop and identify his own philosophy of life.
4. To challenge the entire college personality; administration, faculty, student body and alumni to come to terms with the Christian ideal of humanitarian service.

The colleges are related to the church both legally and morally, but the mutual benefits of this relationship can only be derived by the awareness on the part of both church and campus of a common purpose. Following the terminology of the Danforth Foundation Study this committee recognizes that the colleges are and should remain "Free Christian Colleges"; free because they do not control thought, Christian because they have a definite commitment. It is now obvious that the colleges are sharpening their purposes to a distinctively Christian point of view. It is imperative that the Conferences respond to this distinctive stance by offering financial support and opportunities for student recruitment.

## II. OUR DILEMMA

We are caught between the twin pressures of inflationary costs and declining enrollment. The creation of junior and area state colleges further complicates our problem. The differential in costs between state and private institutions presents a very real obstacle to many students who would otherwise desire to enroll in a Methodist College.

The colleges have experienced declining enrollments for the past several years. Each school has practiced cutbacks in program and maintenance attempting to offset decreased enrollment and increasing costs. These cutbacks have reached the point that to press them further would be counterproductive. Deficit spend-

ing has become necessary at some points; which, obviously, cannot continue for any significant period of time.

The solution to these problems lies in two directions: increased income and increased enrollment.

Increased income could prove an immediate remedy offering time to attack the decreased enrollment in a deliberate and planned manner. Increased income by the advancement of student fees would be self defeating, and could not possibly meet the financial needs of the institutions. Increased income in the form of contributions from the two owning Conferences is a possible solution. But, realistically speaking, it is doubtful that the Conferences will increase their contributions appreciably through the Conference Budgets. In the past, major fund drives within the church have not met with spectacular success. One other possible source of income is from the state in the form of tuition grants to students in private colleges. However, this possibility is in the undetermined future, and is not at all assured.

Increased enrollment is the practical answer to the dilemma. Increased enrollment of students paying the full tuition or scholarship aid allowing the United Methodist College to be financially competitive with state institutions or a combination of these two could make the difference between the success and failure of our institutions.

### ATHENS COLLEGE

Athens College peak enrollment was in 1968, with 1115 full-time equivalent students including 210 in a graduate program. This has declined to the current enrollment of 628 FTE (graduate program discontinued in 1969). In 1968 Athens operated with an income of \$1,893,468.97, and a cost of \$1,811,159.35. In 1973-74 Athens will face a deficit of approximately \$300,000.00. If the required funds are not raised through gifts and grants, or sources other than student fees, it will be necessary to obtain short term financing through a loan secured by real estate owned by the college.

At the close of the 1972-73 fiscal year, Athens College valued its property at \$4,536,653. The indebtedness was \$1,270,557.00; and the endowment amounted to \$1,472,658.00.

### BIRMINGHAM-SOUTHERN COLLEGE

The peak enrollment at Birmingham-Southern was in 1968, at which time there were 1,079 full time equivalent students, with a head count of 1,101. The operational costs were \$3,701,949.38 at opposed to an income of \$4,026,233.21. The income figure of 1968 was artificially inflated due to credits of income from the Ford Challenge Fund. In 1974 income from student fees and sources other than the converting of real property or endowment will be \$3,091,937.00; and operational costs will be \$3,186,178.00, resulting in a net deficit of \$94,241.00, projected against the annual budget. Fall enrollment in 1973 was 860 Full Time Equivalent Students, based on a head count of 872.

As of June 30, 1973, the property of Birmingham-Southern College was valued at \$14,508,889.00; the bonded debt with Dept. of Housing and Urban Development was \$3,394,000, as of June 30, 1973. The market value of the endowment was \$15,193,483.00.

### HUNTINGDON COLLEGE

In 1964-65 Huntingdon experienced its peak enrollment with 1,003 full-time equivalent students in the fall term. That year the school operated at a net surplus of \$163,456. The current year, 1973-74, there was an enrollment of 479 full-time equivalent students in the fall term. The income from student fees and other sources, other than conversion of real properties or endowment funds, will be approximately \$1,964,642, resulting in a net deficit of \$175,000.00.

At the end of the most recent academic year, the investment in fixed properties and plant funds at Huntingdon College was \$4,743,533.54. The indebtedness on the building was \$1,216,000.00. The endowment was \$3,328,808.02.

Our obvious conclusion is that no school can long continue under deficit financing. Any permanent inroads upon real properties or endowment funds to meet operational costs must be avoided, and if unavoidable, then drastic measures should be considered by the trustees of the institution.

We recommend that each school supply both Conferences, through the Commission or committee dealing with higher education, with an annual report. This report should contain, in clear and understandable form, total enrollment, income and cost of operation, any conversion of real properties or endowment corpus for meeting operational costs, current indebtedness, plans for meeting debt obligations, and a realistic projection of anticipated income and expenses for the forthcoming year. We further recommend that this report be included in the pre-conference booklets and in the Conference Journals.

### III. THE RELATIONSHIP OF THE COLLEGES TO THE ANNUAL CONFERENCES

The relationship of the three colleges to the two Annual Conferences can be defined concretely in three ways—

1. **Ownership:** Athens College is owned by the North Alabama Conference. Birmingham-Southern and Huntingdon are owned jointly by the Alabama-West Florida and the North Alabama Conferences. The ownership is real in terms of the name "United Methodist" but legally each college is a separate corporation, chartered by the State of Alabama and operated by the respective Boards of Trustees who have responsibility for policy.

2. **Election of Trustees:** The second way the colleges are related to the Conference is through the election of trustees. The North Alabama Conference elects all of the trustees for Athens College.

North Alabama and Alabama-West Florida Conferences elect a representative number of trustees to the Birmingham-Southern and Huntingdon Boards of Trustees, plus members-at-large who are elected jointly by both Conferences.

3. **Conference Financial Support:** Each Conference includes some financial support for the colleges in the Conference budgets, but this support amounts to less than 2% of the colleges' operating budget. Athens receives Conference Budget support from North Alabama only. We recognize that no significant increase in college funds can be channeled through the Conferences budgets without seriously affecting other Conference causes.

### IV. RECOMMENDATIONS

1. We recommend the continuation of the three United Methodist related colleges in the Birmingham Area and that the present legal relationship of the colleges to the Conferences be retained. We affirm their value as United Methodist institutions of higher education. We recognize the fact that the geographical location of the colleges tends to develop a genuine moral and financial support of the colleges in their immediate geographical area. This geographical appeal should indicate the wisdom of supporting major fund campaigns within the context of an Annual Conference.

2. We recommend that the open dialogue and frank communication experienced by this Task Force be continued. At least annually the two Conference Committees on Higher Education should meet jointly to review the status of the colleges, developing some means of involving representative trustees in this experience.

3. Every United Methodist Church in the Birmingham Area must be involved, beyond the meager Conference Budget Financing, in the support of our Area Colleges.

A program of recruitment and financial aid must be developed which is innovative, creative, and personal. Such a possibility can be a reality with local church commitment.

A total approach for a really close relationship with our Area Colleges must therefore involve each district and each local church. Specifically, this would mean:

A. A District Secretary, nominated by the District Superintendent, to represent the colleges in the District Council on Ministries.

B. A local church secretary, nominated by the Committee on Nominations and Personnel, to represent the colleges in the local church's Council on Ministries. The task of these persons, working with their local church and District Council

on Ministries, Annual Conference Committees on Education, and the respective colleges could be extensive. Some of their responsibilities could take the following form:

1. Highlighting our colleges on designated Sundays.
2. Achieving the goal of one student from every church attending a United Methodist College.
3. Develop in each local church at least one scholarship for a student at one of our three United Methodist colleges.
4. Be alert to the educational needs of Black United Methodists.
5. Prepare annually a list of United Methodist high school students planning college enrollment, and cultivate these students to attend one of our colleges.

The call, therefore, is for a total approach, utilizing college, conference, district and local church personnel. One fact is painfully obvious—greater zeal must be demonstrated in seizing every opportunity to reach the individual student, and especially those black and white youth who are academically oriented and Methodist related.

4. The Area Committee recommends that church members, as citizens, give support to the state tuition grant program to individual students. We believe that the effect of reducing the disparity of costs to students and their families, allowing a real choice, is in the public interest. The public service of church-related colleges has long been recognized by government through tax exemptions and tax deductions for contributions given in support of church-related colleges; and more recently, through grants and loans provided for construction, equipment and educational programs. The G.I. Bill for veterans, the National Defense Loan Program and the Educational Opportunity Grants are examples of government support of individuals to be utilized at either church-related colleges or public institutions. As a public policy the opportunity for state support to students who may choose a church-related college both affirms the values of these colleges and enables them to perform public service of larger dimensions. Thirty-five states have, in the past several years, enacted programs of financial support to assist students in private colleges.

### A RESOLUTION

“In consideration of the legal, moral, and personal ties of Huntingdon College to the membership of the Alabama-West Florida Conference, and in view of the urgent need of the College for a major support of scholarship funds, we affirm and recommend the adoption of a goal of \$1,250,000 to be raised over a three year pledge period, beginning in 1975 in a Conference-wide campaign, and solicitation of the membership in each local church. We lift up and endorse the campaign theme that no qualified students be turned away from Huntingdon College because of a lack of tuition assistance.”

Board of Education

### ADMINISTRATION OF THE ALABAMA-WEST FLORIDA CONFERENCE SCHOLARSHIP FUND AT HUNTINGDON COLLEGE

1. The Fund established by this campaign shall be called the Alabama-West Florida Scholarship Fund. Funds received in this campaign will be used exclusively for scholarship aid.
2. Students regardless of religious affiliation shall be eligible for scholarships from this fund based on financial need and ability.
3. Providing a student maintains good standing, the scholarship is renewable under original conditions for each of the four-year undergraduate years.
4. Among students meeting admission requirements, priority will be given to those from the Alabama-West Florida Conference, with recommendation from the pastor of the local United Methodist Church.
5. Every pastor or Methodist layperson of the conference is urged to consult with the student financial aid office of the college regarding any student he wishes to recommend for assistance in this program.
6. Every church is encouraged to recruit and send one or more students to Huntingdon College with the opportunity of receiving support from this fund.
7. A committee of the Ministerial Advisory Board will annually review,

evaluate and report to the Committee on Higher Education and report to the Annual Conference as to the students served, the operation and status of the Conference Scholarship Fund. This report will be submitted for printing in the Conference Program and Brochure of Reports.

8. It is our intent that any student who is otherwise qualified will not be denied the opportunity of attending Huntingdon College.

Be It Further Resolved, That the Board of Trustees of Birmingham-Southern College is hereby authorized to relocate the College campus in Jefferson or Shelby County, and to do all things necessary or desirable to sell its present campus and relocate same.

### THE BOARD OF MISSIONS

The Board of Missions would like to express appreciation to the many United Methodist members of the church of our Conference for the wonderful response given to this very worthy area of Christian responsibility. We can point with pride to several areas of definite progress. We have challenged this Conference to move toward the acceptance of all of our apportionment of World Service and Conference Benevolences and in 1973 nearly 80% was paid. Already we hear optimistic reports of acceptances of 1974 apportionments that move us nearer and nearer to our goal!

There are other areas to which we also point with pride, for in 1973 our Annual Conference ranked 7th in the entire Church in giving to General Advance Specials with an increase of 24.7% over the previous good year. We are proud of the fact that we surpassed our 1973 goal of \$6,000 to Liberia by raising \$12,224.04. In addition to this we raised \$9,229.32 in seven months on our two year goal of \$20,000 on the airplane for the Mathisons and other missionaries to use in Africa. We had 39 people to travel 11 days with Jim Carpenter on the Rio Grande Tour to get acquainted with the work there where we give salary support to the ministers serving our Spanish speaking Methodists. Again we surpassed our \$10,000 goal by giving in 1973 a total of \$11,054.11. Giving to Conference Advance Specials increased in 1973 by 70%.

This Annual Conference is fortunate in having the skilled and dedicated talents of Ervin Dailey. To help him become an even better missionary interpreter we gave him financial assistance to go to Liberia and learn firsthand the work of our missionaries and church members there. He took three ministers with him so all could come back to us with new insights and thus be able to interpret to us the challenges of the Church in that great nation.

We have tried to give the necessary leadership where our District Superintendents have organized programs of Larger Parish Ministry. We have not been able to fund these as fully as we desire but this is a challenge we hope to meet with some new recommendations.

Too, with all of our support programs we have had limited funds to assist in worthy Church Extension projects. We are working to improve this area of our work and feel that as people know of the needs they will respond in a fine way.

A Ten Dollar Club for Church Extension is contemplated and we feel that many individual members will take part in this to help us help churches in need so they can grow to self-sufficient strength.

In the paragraphs to follow you will find the reports of all who share with us in the great work that is the privilege of this Board. We have worked and will continue to work as a team to give leadership to this great conference. With your continued prayers and support we are confident of continued progress. Thanks goes from us to you for the privilege of serving.

Cecil E. Bradley, President  
Board of Missions  
Alabama-West Florida Conference

## CHURCH EXTENSION

Working through the Conference Board of Missions the Conference carries on A Program of Church Extension. The purposes of this phase of our program are:

1. To aid new churches in the development of their buildings and programs.
2. To assist small churches in the building and improvement of their church buildings and parsonages.
3. To aid in the development of new mission outreach ministries in the Conference.

4. To administer the Alabama-West Florida Conference Loan Fund.

This Conference Loan Fund currently has \$110,824.68 on loan to eighteen (18) churches in the conference. Churches planning to build should contact the Board of Missions regarding the possibility of borrowing funds.

Information on grants from Church Extension available from the Chairman of the Church Extension of the Board of Missions, Reverend Douglas Newton, 406 Gibson Street, Enterprise, AL 36330. All requests should be reviewed by the District Superintendent.

## "TEN DOLLAR CLUB"

The Board of Missions has approved a Ten Dollar Club for Church Extension in our Conference as a Conference Advance Special. The purpose of the Ten Dollar Club is to fill the need in our growing Annual Conference for an expanding program of Church Extension which will assist and encourage those churches that are in need of and deserving of assistance in a building and expansion program.

The Ten Dollar Club for Church Extension will be organized within this Conference year on the basis that interested persons may volunteer to give \$10.00 in support of a building and expansion program which has been approved by the Committee on Church Extension. No member of this Club shall be called upon more than twice within any conference year.

The gifts will be made to the local church treasurer of the church to which the member belongs or the local church of his or her choosing and remitted to the Conference treasurer by the local church treasurer. The local church which remits the gift will then be given credit for a Conference Advance Special gift.

The \$10.00 Club will be organized and administered by the Committee on Church Extension with the cooperation and aid of the District Secretary of Missions of each district, the District Superintendents and the Conference Missionary Secretary. We also solicit the interest and assistance of each member of this Annual Conference in this meaningful and worthy cooperative endeavor. Our goal is 500 members of the Alabama-West Florida \$10 Club in 1974-75.

## I. MISSION EDUCATION

## A. Mission Studies—1972-73

Each church in the conference is encouraged to undertake a series of mission studies. The studies for 1972-73 were:

1. "Justice, Liberation and Development"
2. "Women: Over Half The Earth's People"
3. "Contemporary Christians and Their Writings"

All nine districts introduced the mission studies. Some used a Fall Mission Study Conference, while others recruited and taught the local mission study teachers.

The 1973 Cooperative School of Christian Mission was held at Blue Lake, July 30-August 5. There were 63 in attendance at the week long school and 100 at the short school. Twenty youth attended the Youth in Mission weekend, August 3-5.

## B. Mission Studies—1973-74

The mission studies for this year are:

1. "Jonah"
2. "Education for Global Consciousness" (or "When the Word Meets the World")
3. "Our Faith In the Midst of Pluralism" (or "The People of God in Today's World").

The Dean of the 1974 Conference School of Christian Mission is Mrs. J. F. Claridy. Dates for the school are:

Long School—July 29-August 2

Short School—August 2-4

C. Seven (7) Missionary families have itinerated in all nine (9) districts of our Conference during 1973. These were:

1. The Reverend Dr. and Mrs. Frank E. Manton
2. Miss Mary McMillan
3. The Reverend and Mrs. Glenn Keller
4. The Reverend and Mrs. B. Leighton Wiant
5. Mr. Emmett M. Luffman
6. Mr. and Mrs. Robert Meredith
7. Drs. Jerrell and Joyce Mathison

D. Bishop Bennie Warner of Liberia, West Africa visited in six districts of the Alabama-West Florida Conference. He also spoke at the annual meeting of the United Methodist Women.

E. Four new missionary families have, upon the request of the Conference Board of Missions, been assigned to our Annual Conference during 1973. They are:

1. Dr. and Mrs. John Groves—Mexico
2. Mr. and Mrs. James Joyce—Japan
3. Reverend and Mrs. Emmett Luffman—Mexico
4. Mr. and Mrs. Tudor Roberts—Rhodesia
- F. The following films were added to the Conference Audio-Visual Library:
  1. "Friends In Deed," 16 mm on UMCOR
  2. "Take Any Day," 16 mm on World Service
  3. "Banners Flying," 16 mm on World Service
  4. "Something Besides Rice," 16 mm on Missions Today
  5. "Mission Is," Filmstrip
  6. "Person to Person," Filmstrip
  7. "Not All Cherry Blossoms," Filmstrip
  8. "Thanks For Getting Into the Game," Filmstrip

G. During the summer of 1973, forty young persons and adults from the Con-

ference attended the Youth In Mission Conference at Lake Junaluska, North Carolina. The Reverend Marvin Ennis was in charge of this program. He secured the use of the bus owned by Panama City First to transport the group. These young people spoke in local churches and district meetings about their experience at Lake Junaluska.

H. Five persons from the Alabama-West Florida Conference went to Liberia, West Africa in September to see the work of the church in this country. These persons are now serving as interpreters and are available to speak throughout the Conference. They are: Reverend Charles Britt, David Chunn, Ervin Dailey, Joel Jones and Gary Wright.

I. Thirty-nine United Methodists traveled nearly 3500 miles visiting the work of the Rio Grande Conference during a ten (10) day tour to Texas and Mexico. The Reverend Jim Carpenter was the tour guide.

J. One new district director of missions attended a two day training seminar in New York at the Board of Global Ministries to equip him for his responsibilities in missions.

K. A word of deep appreciation needs to be given Reverend Billy Starnes, Field Representative for the Advance in the Southeast Jurisdiction who has done an outstanding job. He has made himself available to our conference to speak, teach and plan.

L. Various General Board personnel have been in our Conference in 1973 to speak in local churches, and as we have requested they have worked with our Board of Missions in developing our program.

## II. MISSION CULTIVATION—1973

### A. World Advance Specials—1973

1. **Support for Qualified Liberian Church Leaders**—The number one priority of the Conference Board of Missions for the new Quadrennium was to help with the support of eight Liberian nationals as they assume roles of leadership within the Liberian United Methodist Church. The goal was set at \$30,000 to be raised over a five year period. During 1973 our Conference gave **\$12,224.04**.

2. **Airplane for Mathisons in Nigeria**—During 1973 the Board of Missions added a second top priority World Advance Special. This was to assist in the purchase of much needed airplane for the work of the Mathisons and others in Nigeria. We set a goal of \$20,000 to be raised in two years, beginning in January 1974. By January 1, 1974, \$9,229.32 had already been received toward the purchase of the plane.

### B. National Advance Special—1973

**Rio Grande Conference**—In the area of National Missions for seven years the Alabama-West Florida Conference has raised annually approximately \$10,000 in Advance Specials to help up-grade pastoral salaries among the Spanish speaking ministers serving mission churches. During 1973 \$11,054 was raised with four districts exceeding their goals.

District	Goal	Received	Percent
*Marianna	\$ 1,000	\$ 1,802.80	180 %
*Pensacola	1,500	2,354.77	157 %

Total income in the General Advance program in 1973 amounted to \$9,507,-719.39 a 13.1% increase over the previous year. It was the highest yearly income since 1969.

## C. Four Star Churches

These are churches that have paid all their World Service asking and have participated in all areas of the Advance Program; World, National, UMCOR and Conference. In 1973 we had 176 Four Star Churches, which exceeded the 125 goal the Board of Missions had set by fifty-one (51) churches!

1971.....	62 Four Star Churches
1972.....	103 Four Star Churches
1973.....	179 Four Star Churches

## III. MISSION CULTIVATION GOALS FOR 1974

## A. World Advance Special

The top priorities will continue to be the support for Qualified Liberian Church Leaders and an airplane for the Mathisons. We want to raise \$10,000 for Liberia and finish the airplane project in 1974.

## B. National Advance Special

The Rio Grande Conference in the Southwest will continue to be a top priority in National Missions as we enter our eighth year of this support. Our goal will again be \$10,000 to support the Spanish speaking pastors in mission churches in the Rio Grande Conference.

This year we are adding the Oklahoma Indian Missionary Conference as a second top priority with no set amount. This will also be salary support.

## C. Tour to Oklahoma Indian Missionary Conference

To help understand the work among the American Indian the Conference Board of Missions will sponsor a tour to the Oklahoma Indian Missionary Conference for forty-five (45) persons. This tour will be April 29-May 4, 1974.

## D. Four Star Churches

One goal for 1974 is to have 200 churches qualify as a "Four Star Mission Church." The way a church can receive this recognition is to:

1. Pay your World Service asking in full.
2. Contribute at least a minimum of \$5.00 to a World, National, Conference Advance and also a UMCOR project.
3. Carry out a Mission Education Project in the local church.

#### E. Missionary Support

A goal is set that by January 1, 1975 there will not any of the ten missionaries from this Conference be in need of salary support. The Board of Missions desires to see a minimum of fifty churches in the Conference supporting United Methodist Missionaries.

#### F. Conference School of Christian Mission

The goal for the 1974 School of Mission is to have 100 in attendance during the week long school and 150 at the weekend school.

#### G. Youth In Mission Conference at Lake Junaluska

The goal for 1974 is to have a young person from each district to attend the Youth In Mission Conference and to provide a partial scholarship. The Reverend Marvin Ennis will be in charge of this project.

#### H. Rio Grande Conference Work Project

The Board of Missions is going to secure two work teams to travel to Brady, Texas to build a parsonage for the Spanish speaking congregation. This will be one of the most involved projects the Board has ever undertaken.

#### I. Work Team to Costa Rica

Plans are being made to take a college age work team for ten days to Latin America and Costa Rica. The group will be involved in the painting and repairing of two churches and a parsonage where the Glenn Kellers serve as missionaries from our Conference.

You are urged to call on the Conference Council on Ministries when you need assistance in the area of missions. The Conference office in Andalusia, Box 700, has a full range of materials to help you in interpreting missions. Much of the material is free.

**AID TO ACTION MINISTRIES**

All of our ministries are, or should be, action ministries, as pastors and laymen across the conference are involved in action in their communities. However, there are some areas of action which involve special approaches. Our committee is seeking to be involved in these ministries which are beyond one local church but which, by our working together can be carried out. We are involved in two types of action ministries: (1) Rural. (2) Urban.

Rural: On the rural scene we have sought to give aid to experimental larger parish ministries. We do not know what the answer to our changing rural church scene is, but we do know that there must be a new and dynamic approach. We have found some things that work and some that do not. We are still searching. Rural projects which we have assisted are: 1. Union Springs—Bullock County

Parish, headed by W. E. Edwins with associates, Alton Green, Russell Teal and E. E. Tracey; 2. Conecuh County Cooperative Ministry, headed by Marcus Chandler; 3. Gilbertown—South Choctaw Parish, headed by Luther Williamson. A new North Choctaw Parish is now under way. Another project to which we have given moral, but unfortunately no financial support is the Baldwin County Migrant ministry.

Urban projects to which we are related are: 1. The Mobile Inner City Mission. This program, under the able leadership of Fred Toland, is doing a most significant job in the city of Mobile. It is not an institution but a program. It centers not in itself but in the city and in people. It is involved in numerous social service and social action projects and programs in Mobile. It has developed excellent relationships with civic and governmental agencies in the city. One good example of its enabling function within the city is its involvement with the city swimming pools. All the pools were closed in Mobile a number of years ago. Fred Toland knew that there were many young people wanting and needing pools during the summer. He approached the mayor but with no results. Then he proposed that if the city would put water in one of the pools the Mobile Inner City Mission would operate it and be responsible for it. Results were fantastic. The Mission will operate the pool again this year, but the most amazing result is that the city council is now convinced and is preparing now to operate five pools next year, so that the Mission will work itself out of the job and turn it all over to the city. Another significant program is the day care center, funded by H.E.W. in the amount of approximately \$200,000. Many projects reaching all age groups, such as the senior citizen's busing program, recreation and learning center, teen-age programs, housing the Mobile Mental Health Center, the OIC and other civic agencies, and a host of other programs make the Mobile Inner City Ministry a vital part of the United Methodist Church witness in the city of Mobile. The program has good support in the churches of Mobile and from other citizens. Recently a family in Mobile, seeing the good work being done, gave \$10,000 to buy a bus. Fred, through special contacts stretched the gift to get a large bus and a van also, both new. The program gets a very good press in Mobile. Also in Mobile we have supported the Toulminville-Warren St. project and the Trinity Church project in Prattville which are now self-supporting.

2. The Pensacola Specialized Ministries headed by Al Norris. This is one of the most vigorous and varied programs I have ever seen. The Specialized Ministries is at the hub of the civic and community life of Pensacola. It serves basically as an enabler, as a counseling and coordinating center for much of the social service and social action projects of Pensacola, both civic and church supported. It is involved in a tutorial program, a senior citizens program, a day care program, a Kairos House, which is a half-way house for delinquent boys, Christmas welfare programs, clothes for the destitute, congregate meals for the aged, a summer beach program for children from underprivileged areas, a scouting program for underprivileged children, a housing program, a campus ministry, and many other needs as they arise. Again, it does not center in an institution but in people. Its only office is a small down-town store-front building, which has become the hub of many programs for Christian witness in Pensacola. Unfortunately for this program, Rev. Al Norris, for very good reasons is leaving this work. The church must find someone to take his place.

3. Finally, we are involved in the Panama City Beach Ministry through the Noah's Ark program. Using an old theater building on the beach, the use of which is donated by the owner, this ministry, under the able leadership of Jim Raines, is doing a most significant work. 20,000 summer vacationers visited the Ark last year for musical and Christian witness programs presented nightly at 8:00 and 10:00. The entertainment is provided by the "Two by Two's," a singing group organized of Huntingdon College students. The new (the group is changed each year) 1974 "Two by Twos" have just left the Huntingdon campus last week for the summer tour at Noah's Ark. I know them personally and know what a wonderful singing and Christian witnessing group they make. In addition Noah's Ark serves around 300 "Snowbirds" (winter vacationers) during the winter months.

We urge not only the wholehearted support of these projects, but their

expansion and development, and the development of similar projects by our churches in other places. We must witness to Christ in all ways possible. In the words of St. Paul, we must be all things to all men, if per chance we may win some.

### URBAN WORK

The Committee on Urban Work urges local churches of our Conference to support the new approaches to ministry in urban areas of our Conference. There are significant efforts in Panama City, Pensacola, Mobile, and Montgomery.

Many local churches are involved in efforts to meet the human needs in urban areas. We commend those churches.

The Committee urges the Conference to keep aware of new needs in urban centers and support every effort at meeting those needs.

T. Leo Brannon

### TOWN AND COUNTRY COMMITTEE

It was once stated by a man: "I am a great believer in luck—the harder I work, the more luck I seem to have." I am convinced I am a very "lucky" man to be associated with such a fine membership as is found on the Town and Country Committee, and be it the result of "hard work" or "luck" it has been thrilling to witness this group in its planning and endeavors.

The Town and Country Committee is composed of three laymen, one laywoman, one youth, three elected ministers, nine District Directors (all ministers), a Representative of the Cabinet—Rev. Roy Sublette—and a member of the Conference Staff—Mr. Ervin Dailey. Though we are a sub-committee of the Board of Missions, we have a distinct ministry to the churches in small towns and rural settings. In spite of the fact the membership of the churches we serve is not impressive in relation to numbers, we find the ministry of our churches committed to our care impressive in the scope of their work and ministry, in their response to matters of a church nature, involvement in community affairs, in the contribution they have made to the ministry witnessed to by the large number of the ministers of our Conference being products of these churches, and not to be overlooked—the fine level of lay leadership they have afforded the church.

We began our work of the year with the consummation of plans made during last year—a breakfast during Conference of last year for "new" ministers and their wives serving their first appointment in our Conference, the presenting for the first time a group of this nature to the Conference and giving them a "tool"—"The Beginning Ministers Workbook." This book received high acclaim from not only "new" ministers, but from other ministers who availed themselves of it, in its value in informing and directing them in matters relating to the ministry. We

are indeed indebted to Rev. Eugene Edwins, Ervin Dailey, and Roy Sublette for the very fine contributions they made in preparing this book for us.

Soon after Conference a workshop was held at Conference Headquarters to assist in the orientation of our "new" ministers and in meeting needs they had already encountered.

One of the Conference Program Priorities for 1974 was "The Larger Parish." Though there are some problems that have arisen in this area, we are thrilled to see the progress these have made. Especially are we thrilled to have witnessed the forming of "The South Choctaw County Larger Parish" in the Demopolis District under the fine leadership of its Parish Director, John Wesley Lord. Three of our Parish Directors—John Wesley Lord, Marcus Chandler and Eugene Edwins—attended a workshop in the fall at Emory University and received invaluable training and brought back to us pertinent information concerning what is happening in some of the larger Parishes established throughout our country.

Following upon our initial steps in the orientation of our "new" ministers, we held for them a "Beginning Ministers Institute" at Blue Lake in early fall. The leadership was excellent and the response by those attending was enthusiastic and heart-warming as we observed the high caliber of new ministers entering our ranks.

Relating ourselves to the area of guiding the small church in its ministry, we sent Dan Ward, a member of our Committee and the person delegated to this section of our Committee's work, to Hinton Rural Center in the fall to receive further training and to bring back new methods being attempted in this area. From this effort new ideas have been incorporated into our thinking and planning for assistance to be given these congregations.

Spurred by the successes of our labors and challenged by the opportunities opened to us for the future, we offer these plans for the new year:

1. A Breakfast at Conference for and the presentation to the Conference the "new" ministers (and their wives) along with presenting them a copy of our revised and up-dated "Beginning Ministers Workbook."

2. A new "New" ministers Institute to be held at Blue Lake beginning with lunch on Monday, June 17th and concluding at lunch on Wednesday, June 19th. This institute is not only for the ministers, but for their spouses, if they have one, and a leading layman from their charge.

3. Attendance at the Southeastern Jurisdiction Interrobang at Lake Junaluska in August for Small Church's Ministry by members of our Committee and other Conference representatives.

4. Continued search for methodology for the Small Congregation and giving assistance to them and their minister.

5. A "Larger Parish Sharing Session and Time of Information Gathering" at Blue Lake beginning with supper on Monday, Sept. 16th and continuing through lunch on Tuesday, Sept. 17th. This meeting will be for all Parish Ministers in our Conference, their families and leading laymen in their parishes.

A matter of appreciation and two requests are set forth by our Committee to the Conference:

We appreciate the manner you have supported the Mission askings of our Conference which has enabled the Board of Missions and the Equitable Salary Commission to give monetary assistance to our Larger Parish Ministries and to the Small Church. Without this assistance, our ministries would have been greatly hampered and in some instances would not be in existence today.

We request you to support the Conference Council on Ministries' Restructuring Plan which creates a Commission on Town and Country Work. We are convinced a work affecting so vast a number of churches and members should be represented on the Council on Ministries in this honorable manner.

And, to vote for the establishment of a Committee to report to the 1975 Annual Conference "Conference Policies on Co-operative Parishes." This is needed to insure the proper establishment of and continuation of our Co-operative Ministries. This new form of ministry we feel is essential to the ministry of our

churches in this day and every effort should be made to give this innovative endeavor the proper guidance. This will be a fine step in that direction.

With "luck," hard work and your continued prayers we are certain "God has greater things in store for us."

Respectfully submitted,  
Oliver Scott, Chairman, and  
Members of the Town and Country  
Committee

### A RESOLUTION

Be it resolved that the Alabama-West Florida Conference in session at Huntingdon College May 28-30, 1974 request Bishop Carl J. Sanders to appoint a Committee on Cooperative Parishes to study the need for an Annual Conference policy on cooperative parishes and/or larger parishes as they seek to minister to particular service needs. This committee is to consist of 2 members from the Town and Country Commission; 2 Larger Parish Directors; 2 District Superintendents from Districts now having Larger Parishes and shall give their report and recommendations at the next session of the Annual Conference.

C. E. Barnes

### A RESOLUTION

WHEREAS The funds bequeathed by The Hattie B. Norred will to the Annual Conference has been loaned to the Board of Missions by action of the Annual Conference and

WHEREAS the agreement between the Board of Missions and the Trustees as agents for the Conference, was for a period of five years, maturing in 1972 and

WHEREAS the agreement has matured and The Board of Missions has requested renewal of the loan for further use of the Corpus of the bequest in their revolving loan fund.

BE IT THEREFORE RESOLVED that the Trustees negotiate an agreement with the Board of Missions to loan the Corpus of The Hattie B. Norred Loan Fund (\$15,000) to the Conference Board of Missions to be used in their revolving loan fund for a period of five years from this date (June 1, 1974) at an interest rate of 6½ percent per annum to be paid to the Conference treasurer semi-annually on 1 December and 1 June. Said interest to be deposited to the Hattie B. Norred Loan Fund and used by the Board of Ministry in its scholarship loans program.

### UNITED METHODIST WOMEN

Our first full year as United Methodist Women has been a challenging one. The organization of the local units under the new structure is nearing completion. We hope to achieve this goal during this calendar year.

Since my last report to you, in June 1973, representatives of our conference have attended the Regional School of Christian Mission at Lake Junaluska and participated in the Inter-Board Schools of Christian Mission at Blue Lake. The studies offered were: Justice, Liberation and Development; Contemporary Christians and their Writings and Women, Over Half of the Earth's People.

In October the national Assembly of United Methodist Women was held in Cincinnati, Ohio. We chartered a bus and 40 women from our conference attended. It was a thrilling experience to meet with women from all over the United States and representatives from over-seas.

Later in October I was invited to attend the annual meeting of the Board of Global Ministries in New Orleans, La. I met with the Women's Division and then attended the World Division meetings in preparation for the full board meetings. It was a rare opportunity for me and one for which I am humbly grateful.

The first annual meeting of United Methodist Women was held November 3rd at Blue Lake. The theme for the meeting was 'A Call to the Churches—The Global Ministries Crisis.' Dr. William H. Pickard Jr. was the keynote speaker. Bishop Bennie D. Warner was itinerating the conference and was our guest for

this annual meeting. He spoke briefly of his work in Liberia and of the work of United Methodist Women in that country.

To help with the financial crisis in the mission field the women of the conference pledged to contribute an extra dollar per member. This extra giving has been added to our regular pledge to missions.

During February representatives from the conference attended a workshop at Epworth-by-the-Sea on St. Simon's Island, Ga. This workshop was sponsored by the Jurisdictional Core Planning Group.

Also in February we were privileged to participate in the television program, The Bishop's Hour. This program was devoted to the work of women in the church.

Three Spiritual Enrichment Retreats were held in March and April. These were led by the Rev. Ronald R. Kerr from the Evangelism, Worship and Stewardship Division of the Board of Discipleship in Nashville, Tenn. The theme for the retreats was: "There's A New Wind Blowing."

During the year Mrs. Lorena B. Charlton of Autaugaville accepted the responsibility of editing the conference newspaper, ALERT, and acting as contributing editor of the women's page in the ADVOCATE. This position has been vacant since the death of our former editor, Mrs. Lois Bullington.

The response of our members to the financial concerns of our organization has been most gratifying and the attendance at conference-wide meetings has been excellent. We look forward to an even greater year for service in 1975.

Helen H. McGonigal, President

### EQUITABLE SALARY COMMISSION

The Equitable Salary fund is for the purpose of providing assistance to those ministers and their families serving charges whose salary will not assure a minimum standard of living. It is not for the purpose of paying ministers for their service. Therefore your board includes under its recommendations a section which specifically states that the fund is designed to encourage local congregations to raise their salaries in order for their pastors to receive a larger share, as the Conference will not pay an amount of more than one-third of the equitable salary of each classification.

1. Only full-time pastors and student pastors are eligible for Equitable Salary.
2. Each pastoral charge must pay at least two-thirds of the Equitable Salary of its pastor, with the Equitable Salary fund paying only up to the remaining one-third. However, it is to be understood that newly organized congregations can for two years receive for its pastor up to one-half of the pastor's salary from the fund.
3. It is recommended that the Equitable Salary secretary be authorized to issue check orders for Equitable Salary only after each District Superintendent has certified and (a) complete income and amount of need of each pastor who is to receive Equitable Salary aid; (b) That the Charge conduct an Every Member Commitment Program emphasizing the total program of the United Methodist Church; (c) That the pastor give leadership in promoting the total financial program with special emphases being given to the ministerial, World Service and Conference Benevolences apportionments; (d) It is not the responsibility of the Equitable Salary commission to determine all the ramifications of a man's employment. This is the responsibility of the Superintendent. It is recommended that the secretary withhold any funds until the District Superintendent has provided all the information as accurately as possible on the forms provided by the secretary.
4. No pastor of any classification shall receive aid from the fund if he receives income from any other church source, if the income, plus salary from the charge he serves is more than the Equitable Salary for his classification, except as provided in 13 and 14 of this report.
5. No person qualifying for Equitable Salary which amounts to less than \$100 will receive any Equitable Salary. We feel that local churches can take care of this small amount.

6. The administering agency will not grant aid to any Probationary or Associate Member, who does not pass a full year of the Conference Course of Study, or fails to meet the minimum requirements for a student.

7. No Associate pastor shall receive aid from this fund.

8. Each District Superintendent is required to review all Equitable Salary situations in his District toward the end of increasing funds for Equitable Salary. We request that no charge be divided where the salary is less than the minimum scale, unless there exists the opportunity for substantial growth, and unless such a division has been approved by the entire Cabinet; and we urge that churches or charges, to be eligible for equitable salary aid, should consist of three or more churches or a minimum of 250 members.

9. We commend the Cabinet for the work they are doing in combining charges with the view of giving each minister a reasonable work lead and a liveable salary.

10. We recommend that the Council on Finance and Administration and the Annual Conference continue to provide the funds necessary to carry on the Equitable Salary program as directed by the Annual Conference.

11. The secretary of Equitable Salary shall file with the Assistant Secretary for the Journal for publication in the Journal each year a report listing the payments from the Equitable Salary fund during the year, giving the names of the pastor, the charges, and the amount received.

12. We recommend that no pastor serving outside the bounds of the Alabama-West Florida Annual Conference be eligible to receive Equitable Salary unless there is no appointment available for him in this Conference and he is assigned by the presiding Bishop to an appointment outside the Conference, or unless it be a special appointment by the presiding Bishop. Appointment for the convenience of the pastor himself shall not be considered reason enough to receive Equitable Salary aid.

13. The Equitable Salary Commission feels there may exist from time to time certain situations within our Conference where special attention may help a church to more quickly become self-sustaining. In such situations a supplement, determined by the Equitable Salary Commission, above the regular equitable salary, may be given the pastor, provided the church under consideration is unable to raise the salary level, and provided the money is available for this purpose. Normally no situation will receive this special consideration for more than four years. Ordinarily no more than three such situations will be considered during a year, based on money available. Such cases will be called Growth Potential Situations. In order to be considered, every case will be judged by certain criteria, and final determination will be done with the approval of the Board of Missions, since this Board handles money for church extension. Each situation will be judged by the following criteria: a. growth potential; b. leadership requirements; c. age of the church; d. indebtedness.

14. In the case of Cooperative Parish Ministries the District Superintendent in consultation with the District Board of Missions shall be allowed to supplement the salary of a Pastor/Director of a Larger Parish, even though the person comes under the benefits of Equitable Salary, without any reduction in the equitable salary support.

15. We recommend the deletion of increments and that increments be added to the base Equitable Salary schedule. We further recommend that the following be the Equitable Salary schedule for 1975:

Members in Full Connection.....	\$8,000	Full Time Lay Pastors.....	\$5,800
Probationary Members.....	\$8,000	Lay Pastor-Student-Married.....	\$4,800
Associate Members.....	\$6,500	Lay Pastor-Student-Single.....	\$4,400
Seminary Students.....	\$5,300	Lay Pastor-Licensee-Married.....	\$4,500
		Lay Pastor-Licensee-Single.....	\$4,100

**COMMITTEE ON ENLISTMENT FOR CHURCH-RELATED OCCUPATIONS**

Our task as a committee, is to emphasize the basic call for commitment of life which is the central concern of the Gospel; to keep before our ministers and people the "Christian Concept of Vocation," and to provide information as to specific needs and opportunities for employment and service in Church related Occupations.

We have District Secretaries of Enlistment appointed in each of the Districts to serve as resource persons to the Pastors and Local Churches of their District. Each of them have and maintain an up to date copy of "Job Data Book," which is a listing of job opportunities across the Church. This information is supplied bi-monthly by the Office of Personal in Nashville. We are urging that more effective use be made of this resource.

Our District Secretaries are also compiling a mailing list of young persons in their District who are interested in or have made a commitment to Christian Service. We hope to maintain contact with these persons and assist their Pastor's in supplying information and inspiration they may need to follow through on their commitment.

At this point one of the missing links in our effort is the fact that few of our Churches have an active Secretary of Enlistment. The local Church Secretary on Enlistment is to assist the Pastor in keeping the Challenge of Christian Vocations before the youth and adults of the Church constantly, consistently. The Book of Discipline Par. 145, 149, 152.2, calls for the election of a Secretary of Enlistment by the Charge Conference. They then become officers of the Charge Conference and members of the Administrative Board, which is an indication of the importance of their task as envisioned by those who designed our Church structure.

A major emphasis of our Committee next year will be to get a Secretary of Enlistment elected, trained and active in each local Church.

#### Co-operation With Summer Youth Agencies

We urge the leadership of the Summer Youth Agencies, to continue to use that opportunity with our youth to emphasize the "Christian Concept of Vocation," and to provide for discussion and personal counseling at some time during their camp or assembly in the vital area of Career Choices.

Our Committee has allocated \$200.00 to provide scholarships for deprived young people interested in Christian Vocations to attend a Youth Camp or Assembly at Blue Lake this Summer. This is in response to the concern of the Churches of the Former Central Alabama Conference that a potential shortage of ministers is developing.

We say to every person, youth and adult, that vocational choice should be influenced by a basic commitment of life to Jesus Christ. And even to those who may not be free to choose their job, but find themselves engaged in a business mainly because it is a way to earn a living, "you may still conduct your business in a way that will minister to the needs of mankind. In other words, you may use the job that has fallen to you as a means of living your Commitment."<sup>\*</sup>

### COUNCIL ON YOUTH MINISTRY

1973-1974 has proven to be one of the most exciting and rewarding years for youth ministry in the Alabama-West Florida Conference. The Conference Council on Youth Ministry has striven in the past year to fulfill its responsibility of developing the Christian personhood of all United Methodist youth in our conference. We are appreciative that more and more youth have begun to take advantage of the opportunities available for them to celebrate God's presence in their lives.

Several innovative programs were initiated in 1973-1974 and enjoyed remarkable success. First of all, the Council has moved in the direction of workshop experiences. These are weekends that are attended by local church teams of at least one adult and one youth for the purpose of training leadership. Youth Ministry Workshops were held in June and March and the Youth and Music Workshop was held in November.

Secondly, the Appalachian Trail Hikes for Junior and Senior Highs were held. Although physically enduring these hikes proved to be very motivating.

Perhaps the most rewarding experience for 1973 was a series of convocations conducted during a program entitled "Keying In." Almost 1000 youth from approximately 100 local churches participated in this program designed to educate youth and adult leaders about youth ministry in the Alabama-West Florida Conference.

Of course, Senior Assembly, Mid-High Assembly, Conference on Youth Discipleship, and the four Junior High camps were held with an enthusiastic response.

Fall Rally proved to be a fitting climax for a wonderful summer. Almost 1300

youth assembled at Blue Lake to hear a rousing address by Bishop Sanders and a stimulating concert by Eddie Kilbourne.

The United Nations-Washington, D.C. Seminar during AEA Holidays in March proved to be an educational and rewarding experience again this year.

One of the most gratifying aspects of 1973 for the Council on Youth Ministry was the dramatic upswing in Youth Service Fund giving. Over \$4800, an increase of 84% over 1972, was received in response to the need of the seven projects chosen by the Council. Those projects for 1973 were:

1. Noah's Ark—Beach Ministry House.
2. Pensacola District Transportation Ministry—Transportation ministry for youth of the Pensacola Inner City area.
3. Greene County Development Center—Assistance center for poverty stricken people of Greene County.
4. La Casa de Amigos Day Care Center—Day Care Center for pre-school age children of migrant workers in Baldwin County.
5. Appalachia Service Project—over 1,000 youth volunteers working to assist the people of Appalachia.
6. Church of the Exceptional—Church and rehabilitation center for the physically and mentally handicapped.
7. Somerville Women's Health Project, Inc.—Counseling and Health Services Center for young women concerning birth control and pregnancy.

The wonderful response to Youth Service Fund in 1973 and the determination by United Methodist youth in the Alabama-West Florida Conference to be in mission and to express our feelings of concern and love to people in need has caused the Council to set a 1974 goal of \$6,000.

1974-1975 promises to be an even better year for us in youth ministry. A few of the added agencies for this year are:

1. Recreation Workshop—Training for local church teams in the area of recreation.
2. Senior High Bike Hike—Bike Hike from Pensacola to Panama City in June.
3. Appalachian Work Project—4 teams of 8 youth and 2 adults to work in the Appalachian Service Project.

Opportunities for local church involvement in the ministry of the conference are expanding every year and will continue to do so as long as needs arise.

The Conference Council on Youth Ministry continues to try to stimulate involvement of youth in the making of decisions at all levels of the Church. We have representatives on most of the various boards and agencies of the conference to insure that a "youthful" insight is given when decisions are to be made. We urge every local church to implement the talents and energy of its youth into its total ministry. Youth must not be seen as dormant figures who are quietly developing into the leaders for the Church of the future. They must be recognized and utilized for what they are: a viable part of the Church of today!

In conclusion, our thanks goes out to all who have assisted us this past year. Without you our success in ministering to the youth of this conference would be severely hampered.

John Hildreth, President  
Conference Council on Youth Ministry

### BIRMINGHAM AREA BOARD OF PASTORAL CARE AND COUNSELING

As the second year of full time operation draws to a close, your Area Board of Pastoral Care and Counseling is pleased to share with you some of the excitement and growth which has taken place in our Program. For example, during 1973 alone, over 160 clergy and clergy families took advantage of counseling opportunities at our primary location in the Professional Office Building at the Baptist Medical Centers, 800 Montclair Road, Birmingham, Alabama 35213. Over 1,810 hours of individual, couple, and group counseling were provided in 1973. There

were sharing groups for wives of clergymen. There were two couples' groups and two on-going therapy groups.

At the requests of District Superintendents and Chairmen of the District Preachers' Meetings, over forty-two trips were made into the various Districts of our Area. Program content varied with each situation and was dependent upon the requests by each District. In addition, other staff members from the Department of Pastoral Care and Counseling provided programs and workshops whenever requested throughout the Area.

1974 promises to be an even better year in terms of services delivered to or on behalf of our Area pastors.

T. L. Butts, Jr., Chairman,  
Birmingham Area Board of Pastoral  
Care and Counseling

### THE METHODIST CHRISTIAN ADVOCATE

#### Report No. 1

May 24, 1974, Aldersgate Day, marks the opening of the 94th year of publication of *The Methodist Christian Advocate*. We suppose that it was a "happen-so" that the first edition of the *Advocate* came from the press on the day after Aldersgate Day, 1881, but we are pleased and challenged that these two dates are so close to each other. The *Advocate* was established by the 1880 sessions of the Alabama-West Florida Conference and the North Alabama Conference, the first months after the founding of the paper having been spent in acts of organization, including the obtaining of subscribers.

The securing of subscribers is always a prime endeavor of the *Advocate*. This conference year has seen us make a new thrust. At the suggestion of the Board of Trustees, we began planning last August and launched in January an effort concentrated on getting the *Advocate* into every charge in our two annual con-

ferences. The plan was to enroll at least four or five key officials in each charge—the pastor, lay leader, chairman of the Administrative Board, president of United Methodist Women, and chairman of the Council of Ministries—through the offer of subscriptions to these four officers at the special rate of \$12. This meant that one of these subscriptions was free, as the individual rate is \$4. After a charge enrolled the four specified officials it could add other officials at the rate of \$3 per subscription. Response was gratifying: 1410 subscriptions were received from 182 responding charges. 464 churches were already subscribing 100% for their resident active memberships (\$2.50 rate) or 100% for their administrative boards (\$3.00 rate).

In the midst of advancing costs the *Advocate* is pleased to announce that we are operating "in the black." The apportionments from the two conferences of course are vital in this, and we appreciate the consideration accorded us by the Councils on Finance and Administration and the Councils on Ministries of the Alabama-West Florida and the North Alabama Conferences. Advancing costs are serious. Our contract for printing contains an escalation clause which provides that unforeseen costs to the printer during the year be passed on to the *Advocate*. Postage increased 33½% on January 1, 1974 and already, by September of 1973 had become double what it was on January 1, 1972. Costs of supplies also are of course rising. To offset in part these increases *Advocate* rates were advanced 50¢ per subscription on January 1, 1974, to apply as new subscriptions are entered and as current subscriptions expire. Our financial report for 1973 accompanies this report.

During the year the *Advocate* has had the privilege of a working agreement with Samford University by which a student majoring in journalism at Samford does intern work with the *Advocate*. During the August-December 1973 term Mrs. Toni London served in this capacity, and Miss Darlene Yarbrough is our student intern for the February-May 1974 term. Each of these students has devoted twelve hours per week to the *Advocate*. This work counts as a college class for which the student receives credit toward graduation. The student is given experience in all editorial phases of the production of a newspaper.

The internship was suggested by Samford University. The *Advocate* is pleased to be among the several papers, religious and secular, which have this relationship with Samford. Both of the students assigned to the *Advocate* have performed excellently and rendered helpful services to our publication. We hope, in turn, that the experience is proving beneficial to the students. The project is under the direction of Dean Hugh C. Bailey of Samford University and Miss Nancy Whitt, instructor in English-journalism at Samford. The *Advocate* has no financial commitment in the project.

The *Advocate* Board of Trustees membership is now expanded to 12, by adoption by the two annual conferences in 1973 of resolution presented by the *Advocate* Board and by filing of the official form with the State of Alabama. Our membership since incorporation had been 10. The enlargement of the Board membership is in keeping with the expressed desire of the General Conference and the Commissions on Religion and Race of the Alabama-West Florida Conference and the North Alabama Conference that members of the former Central Alabama Conference be included on all boards and agencies of the annual conferences. The increase of the *Advocate* Board membership by 2 will provide a place for a member of that portion of the former Central Alabama Conference which is now within the North Alabama Conference and a place for a member of that portion of the former Central Alabama Conference which is now within the Alabama-West Florida Conference. The election of these persons is anticipated to take place at the 1974 sessions of the annual conferences.

The Amendment to the Articles of Incorporation of the *Advocate* also provides that the terms of trustees will be 3 years instead of 5, beginning with the 1974 annual conference sessions.

In this year the *Advocate* became an associate member of the Alabama Press Association, following up the Board of Trustees resolution in 1973 that this be done. Membership in the Alabama Press Association benefits the *Advocate* and editor by placing us in close contact with newspaper editors throughout the state and by opening to us the annual sessions of the Alabama Press Association. These

sessions feature outstanding speakers and discussions of issues which are enriching and stimulating. The *Advocate* is also pleased that one of our own Board of Trustees members, Mr. Orsen Spivey of Geneva, is the first vice president and president-designate according to precedent.

During March 7-9 the *Advocate* participated in the Workshop on Communications conducted in Birmingham by the Birmingham Area Office of United Methodist Information, the Rev. Welton Gregory, director, in cooperation with the General Offices of United Methodist Communications. Six members of the *Advocate* Board of Trustees and the editor attended the session. The workshop was a significant experience in furthering the work of religion news media in the Birmingham Area.

The editor has continued endeavors toward further orientation in journalism. Included are conferences with Mr. Durand LeGrand, editor of the *Birmingham Post-Herald*; concentrated study of volumes recommended by the Columbia University School of Journalism and the School of Journalism of the University of Missouri: as, *Modern Newspaper Design*, by Edmund C. Arnold of the Syracuse University School of Journalism; *The Professional Journalist*, by John Hohenberg of the Columbia University School of Journalism; *Newspaper Design, An Illustrated Guide to Layout*, by Harold Evans of the *London Sunday Times*; *Headlines and Deadlines* by Robert Garst and Theodore Bernstein of the *New York Times*; and regular reading of the *Columbia University Journalism Review*. The editor also is visiting each year the editor of another United Methodist newspaper to observe the operations of other church papers and to have conferences regarding the work.

The *Advocate* emphasizes its wish to have expressions from individuals, local churches, and other units of organization on ideas regarding articles, features and other items which they wish to see in the publication. All such ideas submitted, and there have been several quite helpful ones, are given careful consideration. We encourage readers to respond at this point.

The *Advocate* constantly seeks to include new features of interest and value to readers and local churches. Illustrations of such features introduced during the past year are: (1) A series of articles on programs of local churches. This feature especially was commended by several readers and officials of the two conferences; (2) The column, "What others are thinking," which appears on page 2 and consists of thought-provoking statements and articles by persons usually from outside the two annual conferences and representing many vocations, (3) A series of articles on, "Helping people solve personal problems."

The constant manner in which the various local churches, district and conference agencies submit news items and articles for publication is most pleasing. We want all our local churches and agencies represented in the *Advocate* pages. In endeavor to encourage and facilitate greater response at this point we have drawn up and presented several times in the *Advocate* "Guidelines for Preparing News Items and Articles to be Submitted to the *Advocate* for Publication."

We also hope that districts and local churches will appoint reporters to send news regularly to the *Advocate*, and will also notify the *Advocate* of the names and addresses of these individuals.

A column in the publication which we would like to see grow is "Letters to the Editor." Opinions of readers on materials presented in the paper and on general issues add to the interest and meaning of the publication. Opinions not agreeing with the editorial stance of the publication are published just as readily as those opinions which are in accord with the *Advocate's* editorial outlook.

We have now been using the new format for almost two years, and the new appearance of the *Advocate* has met with widespread approval.

The *Methodist Christian Advocate* is the servant of all boards and other agencies, all local churches, districts, and other phases of the organization and work of the Alabama-West Florida Conference and the North Alabama Conference. The *Advocate* brings word of the programs of the two annual conferences and events in the United Methodist Church from the levels of our own local churches to the topmost bodies in the church.

The *Advocate* is a vital instrument of the connectional nature of our Church. As one has said, the *Advocate* links the churches together through the news which

it brings to each of the activities of the others and of the program and work of the entire denomination.

In this realization and in response to its commission to inform and inspire by presenting and interpreting the news of United Methodism and the Christian message the *Advocate* looks with high anticipation to opportunities of serving Christ and the Church in the days ahead.

Thomas F. Stevenson, Chairman  
Board of Trustees

Editor and Business Manager

**UNITED METHODIST INFORMATION AND PUBLIC RELATIONS**

The office of United Methodist Information and Public Relations has sought to fulfill its function in cooperation with all programming agencies of the church in the Birmingham Area. There has been considerable involvement in promoting and reporting program events related to the ministers, the laity, United Methodist Women, and the youth. Some major events which have been given thorough coverage include the Annual Conference Sessions, Pastor's Assembly and Enrichment Conference, Operation Understanding, Adventure in Mission, The Bishop's Convocation on Preaching, Consultation on Equitable Salaries, and numerous district and local church programs.

Working relationships with the Reverend Herschel T. Hamner, editor, *The Methodist Christian Advocate*, and church editors of some of the leading daily and weekly newspapers in the area have been most helpful and rewarding during the year. In addition, the continued cultivation and employment of radio and television has been a primary emphasis. This part of our work has been done in cooperation with Mr. Bob Duck and Alabama Newscope, Baptist State Convention, Montgomery, as well as by direct communications to radio and television stations.

During this year we have been sending a monthly newsletter to district superintendents and pastors who have requested it, bringing to them news of the

latest developments on the general church level as received from the five regional offices of United Methodist Communications—Dayton, Evanston, Nashville, New York and Washington. This seems to have been well-accepted and requests for it continue to come into the office.

The Bishop's Hour has continued with good reception according to the nine TV stations carrying this program. During the year the program for each month has sought to give emphasis to some vital part of the work of the United Methodist Church via on location filming and by bringing area and conference leaders—college presidents, representatives of the laity, United Methodist Women, and Youth Ministries, etc., into conversation and discussion of their particular programs during the taping process. Music for this program has been provided by the Bishop's Singers, Athens College Singers, Birmingham-Southern College Concert Choir, Huntingdon College Singers and the Emanuel Singers, Trinity Church, Homewood. We expect to involve other music groups in the future.

Our Birmingham Area Communications Workshop, announced last Annual Conference was held March 7-8, 1974, Civic Center Holiday Inn, Birmingham, with 52 participants from the area. Leadership for the Workshop was provided by Dr. Arthur West, Dr. Gene W. Carter, and Mr. W. R. (Bill) Richards, staff persons, United Methodist Communications and Mr. Ralph W. Callahan, president, Consolidated Publishing Company, Anniston. District superintendents, Conference Council staff persons, members of the Board of Directors, *The Methodist Christian Advocate*, District Directors of Communications and directors of News Bureau from our three colleges were in attendance. This was a basic step in what is planned as a continuing training program for all persons in the area, conferences, districts and local churches who are involved in and related to church communications. Many helpful suggestions came from our involvement in this Workshop. As a result of those suggestions, we make the following recommendations:

1. A workshop for District Directors of Communications and District Superintendents to be held in each annual conference—Alabama-West Florida, September 10, 1974, North Alabama, September 12, 1974. Places to be determined on basis of travel and accessibility for all concerned.

2. Four workshops for pastors, church secretaries, editors of church newsletters, be held in each annual conference—Alabama-West Florida, March 3-6, 1975. North Alabama, March 17-20, 1975. Places to be determined on basis of travel and accessibility for all concerned.

3. That an area Committee on Communications be named to be made up of three representatives from each Conference Committee on Communications, to be selected by each Conference Committee; two representatives from the Board of Directors *The Methodist Christian Advocate*, to be named by the Board; and three representatives of radio, television and news media to be named by the area Committee; the editor of *The Methodist Christian Advocate* and the executive director of each Conference Council on Ministries to be ex-officio members.

4. That a concerted effort be made by the area Committee and all others related to Communications to place programs available to the church such as *The Word and Music*, *Learning to Live*, *The Protestant Hour*, etc., on more radio and TV stations throughout the area.

Welton Gregory, Director

## BLUE LAKE

The Lake is up!

A little while ago some of us were concerned about the water level of the Lake. It was lower than I had ever seen it. Then the rains began about a year ago, the water table has risen—the Lake is up! Higher than I have ever seen it.

So much for the geology—what pleases me is that interest in the Lake as a retreat center is up. We have had more applications within the last year than we can possibly schedule. The attendance at the summer camps was up dramatically. Most of the scheduled camps were filled.

More local churches and clusters of churches are coming to the Lake for youth retreats, family retreats, planning retreats, workshops, etc. Apparently,

local churches are making more long range plans in their work, and are including a "trip to the Lake," as part of these plans.

We are doing more and more multiple scheduling. Oakwood Lodge is so arranged that we can accommodate two groups at the same time. This makes it possible for more smaller churches or smaller groups to have the opportunity to plan family retreats, etc.

Several improvements in the properties have been made within the past year. Attic fans are now being installed in the Pinewood cottages. Three open shelters are being built at Dogwood. A new slicer, range and mixer have been purchased for the kitchens. Both Pinewood and Dogwood kitchens are being painted and improved. The Assembly Grounds Commission, through a generous allocation from the Council on Finance and Administration, purchased canoes last summer. The canoe program has been well received and the canoes enjoyed.

Floating docks have been built for Pinewood and Dogwood. The piers have been raised to one foot above the water level.

Rising costs of labor, services and food have forced us to raise rates for the first time in several years. After operating last year at a near deficit, the Commission effected a raise in rates of about 10%. This, of course, is not sufficient to meet the rising costs of operation. At this point, a new dimension in support has arisen. With the generous help of the United Methodist Women and the increasing income from the apportionments to local churches, the Lake is able to meet its obligations.

One further word about apportionments. This fund may well become the lifeline of the ministry of Blue Lake. It is unrealistic to think of raising rates to the point of supporting its total operation. We are now dependent upon the apportionment income. This dependence will increase.

Now, in closing let me make two appeals to you as lay persons and clergy of this Annual Conference.

First, I appeal to everyone of you that when you get home review the scheduled summer camps and make plans for your children and youth to attend at least one event. A great deal of planning goes into the camps and a great many wonderful things grow out of them. They are worthy of your whole-hearted support. Encourage your children and youth, by providing scholarships, transportation, ect. Your church will benefit.

Second, please make sure your church accepts and pays its Blue Lake apportionments. Rising costs and necessary replacements cannot be met by rates alone. We need and are dependent upon your generous support.

Thank you for your prayers, your interest and your support.

Earl DuBois, Director

### COMMISSION ON RELIGION AND RACE

The newly formed Commission on Religion and Race in our Conference has met during the year to discuss the continuing concerns of merger. Early in our deliberations we found that there was a need among the members of the Commission to get to know and understand one another. There is a sense in which merger was a wedding without a courtship, and now we must rectify this situation by coming to know one another better within the fellowship of the Church.

We have concerned ourselves with the problem of Black leadership within the Conference. We have sought to find some means whereby there might be input by Black persons to the Committee on Nominations so that Black persons of ability and dedication might not be overlooked in the process of manning the boards and agencies of the Conference.

We have concerned ourselves also with discussion about the visibility of Black leaders within the Conference. It is of great importance to the future of meaningful merger that Black leadership continue to be visible in the life and work of the Conference. To this end the commission passed a resolution requesting Bishop Sanders to appoint a Black Superintendent in our Conference when the next vacancy occurs.

The Commission is aware of many positive steps which have been made toward developing and using Black leadership in our Conference. However,

we are also aware that in other areas after the first year of merger there has been a real tendency to overlook Black leadership as the years move on. Therefore, your commission urges all of the boards and agencies of the Conference to be diligent in the development and the use of Black leadership in our Conference.

Our Commission is related to the National Commission of Religion and Race of the United Methodist Church, as are all of the other agencies of our Conference. Therefore, we include in our report a slightly edited summary of a recently issued report of the general commission:

Early in 1973, the General Church Commission on Religion and Race appointed a committee to review the progress of merger in all annual conferences that have merged since 1968. This committee was headed by Dr. Joe Lowery of Atlanta, Georgia. Since the organization of the committee, it has made 18 visits to eighteen Episcopal Areas. The whole committee is grateful to the bishops and leaders . . . lay and clerical . . . in the annual conferences whose cooperation made our work possible and whose congeniality made our work pleasant.

While each of the twenty-two conferences has particular characteristics, needs and potentialities there are certain overriding factors which impress us generally. The elimination of structures based on race is practically completed. The annual conference sessions in 1974 will, hopefully, bring an end to racial districting.

Structural mergers, however, are not ends in themselves. At best, they are enabling steps toward genuine inclusiveness. To be sure, our hope is that merger and the movement toward inclusiveness will provide opportunities for strengthening our witness and mission as Christians. Our measure of achievement in this regard must await judgment yet to appear.

For the present, we beg to submit the following conclusions which we hope will prove helpful to the entire church on our journey toward the city of God. . . .

I. There is no factor in the merger process more significant than the leadership of the bishop. The attitude, and the active, sensitive, bold leadership of the bishop are essential elements in any meaningful movement toward inclusiveness.

II. Programs and efforts to achieve inclusiveness must be intentional and intense. Inclusiveness will not happen accidentally nor be attained routinely. Extraordinary means must be utilized to involve Blacks at every decision-making level and function, and in numbers significant enough to make a difference. Any other provision is subject to interpretation as "token" and/or "showcase." The traditional approach under the banner of "without regard to race or color" . . . is inadequate as it has usually resulted in persons of color being left "without." If we are to be realistic in efforts to overcome and eliminate the inequities of history, we must act with "due regard" for including minorities.

III. There is an obvious need for continuing, open, honest discussions in the annual conferences around issues related to inclusiveness. Such discussions must include the voices of those with varying opinions. Each annual conference must remain sensitive to the need for critical self-evaluation. Each annual conference must remain sensitive to the need to create an environ, and mechanism . . . caucus or otherwise . . . in which Black concerns are placed before the conference with openness and without fear of reprisal of any nature or measure. The principle of self-determination must be operative at every level if creative pluralism is to become a real and saving force in United Methodism.

IV. If present trends continue in many annual conferences, meaningful inclusiveness will be, at best, an elusive notion simply for the want of Black constituents. Black membership in United Methodism is not increasing, according to the reports coming from across the denomination. The cry for additional Black leadership . . . both ministerial and lay . . . is being raised north and south, east and west. This is, of course, a challenging factor, and requires, yea, demands, a vigorous, expanded ministry, nay, ministries, to the Black community. We mean here, ministries that seek to relate to the total Black community and not limited to the present Black constituency of the United Methodist Church. Too often, the scope of our ministry to the Black community is minimized be-

cause of "the small number of Black members in our conference." If United Methodism is to become the pluralistic fellowship and body of our Lord that so many of us believe she may be called at this hour to be . . . we must be challenged by the larger number of Blacks and other minorities in our communities—members and non-members, sinners and saints, and the host of relatives, non-relatives, friends and unfriendly. Existing congregations (Black and minority) must be strengthened, charged and recharged, and empowered to become more viable channels through which United Methodism may serve the total community. In many instances, this means new forms of ministries that will justify recruiting and enlisting additional minority leadership, and, of course, it means a reordering of priorities in order that these new ministries, and these empowering processes may be undergirded by the necessary resources.

Has United Methodism come to this place and this hour in our history for just such a task as this? The presence of the largest Black and other minority constituency in Protestantism says Amen! This is our hope. Here we stand.

Join hands then brothers of the faith . . . what'er your race may be, Who serves my Father as a son . . . is surely kin to me.

Appreciation was expressed by Dr. Duffey to all members of the Committee which had been serving since 1969. Special mention was given to Dr. Calvin Pinkard (Chairman of the North Alabama Conference Advisory Committee), to Rev. C. J. Booker (Chairman of the Central Alabama Conference Advisory Committee), and to Mr. Robert Denham and Rev. Langdon Garrison as Secretaries of the Committee.

The session then joined in singing the Hymn, "In Christ There Is No East or West."

**THE SERMON**—The sermon of the day was delivered by Bishop Sanders on the subject, "To What Purpose?" He declared that the purpose of the 330,000 United Methodist of the Birmingham Area was more than the matter of administration in the Merger. It was the matter of an impact which would bring a new day, a new climate, and a new morality to our world, and especially to the State of Alabama.

**THE ACT OF DEDICATION**—Following the sermon, the session joined in the act of Dedication.

Bishop: All who have gathered here express gratitude for decisions that have been made, challenges that have been presented, and declared hope for the future. Beyond an expression of gratitude how will we respond to what has been done and said here?

People: We will accept the responsibility for living out the Gospel in our Annual Conferences. We will strive to promote love, peace, and justice. Furthermore, we will do all in our power to feel the beating of other human hearts besides our own. We will diligently search for ways to be obedient to the will of God, to brotherhood, and to compassion.

Bishop: Go now, remembering what we have done here, and be responsible wherever you are. You can never be the same again. Depart in peace.

People: Amen, O Lord, Amen. So let it be.

**BENEDICTION**—Mr. David Heer sang the Hymn, "Blest Be the Dear Uniting Love," accompanied by Mr. James Dorroh, Organist.

# THE REPORT OF THE JOINT DISTRIBUTING COMMITTEE TO THE SUCCESSOR ANNUAL CONFERENCES IN THE MERGER OF THE CENTRAL ALABAMA ANNUAL CONFERENCE WITH THE ALABAMA-WEST FLORIDA AND NORTH ALABAMA ANNUAL CONFERENCES

The Joint Distributing Committee, representing the three conferences concerned with the merger of the Central Alabama Annual Conference with the Alabama-West Florida and North Alabama Conferences, in accordance with the authority granted in ¶1383 of the 1968 *Book of Discipline* of The United Methodist Church (¶1263, 1972 *Book of Discipline*), presents herewith a report of agreements by which the pension responsibility of the present Annual Conferences involved in the merger is allocated to the successor Alabama-West Florida and North Alabama Annual Conferences and by which the pension assets are distributed to the said successor Annual Conferences, such report to be published in the Annual Journals of both successor conferences resulting from this merger, in accordance with ¶1383.3-d. of the 1968 *Book of Discipline*. This report also includes provisions on matters referred by the Tri-Conference Advisory Committee on merger. These are indicated by an asterisk (\*).

## I. ALLOCATION OF PENSION RESPONSIBILITY

The responsibility of the former Annual Conferences involved in this merger on account of years of approved service rendered prior to January 1, 1973 by ministerial members and supply or lay pastors thereof, as approved by the former Annual Conferences, is hereby accepted and approved for "annuity claim" by the successor Annual Conferences, in accordance with the following principles:

1. All approved service to a pastoral charge shall be allocated to the successor conference within whose geographical boundaries the charge was located.

2. The pension responsibility for periods during which a minister was under appointment to attend school, with pension credit on the Central Alabama Conference under provisions of the *Book of Discipline*, shall be allocated proportionately to the conference or conferences which have pension responsibility for the first six years of service by such minister subsequent to his appointment to attend school and under appointment with pension credit other than to attend school. In the event that the minister has not completed six such years with credit subsequent to the appointment to attend school and prior to January 1, 1973, the "in school" responsibility shall be allocated on the assumption that he will complete the six years of service with credit in the Annual Conference of which he is a member as of January 1, 1973, whether it be one of the successor conferences or some other conference, such allocation to be subject to future adjustment in the event the assumption proves to be incorrect. (See ¶1259.3-a (4) and ¶1259.4-d, 1972 *Book of Discipline*.)

3. Any approved service in the Central Alabama Conference, other than under appointment to attend school, which cannot be directly related to a pastoral charge shall be allocated to the successor Annual Conferences on the basis of 32% of such service to the Alabama-West Florida Conference and 68% to the North Alabama Conference, to the nearest one-quarter of a year in each case. This will result in allocations along the following pattern:

Years of Service	Alabama-West Fla.	North Alabama
$\frac{1}{4}$	----	$\frac{1}{4}$
$\frac{1}{2}$	$\frac{1}{4}$	$\frac{1}{4}$
$\frac{3}{4}$	$\frac{1}{4}$	$\frac{1}{2}$
1	$\frac{1}{4}$	$\frac{3}{4}$
$1\frac{1}{4}$	$\frac{1}{2}$	$\frac{3}{4}$
$1\frac{1}{2}$	$\frac{1}{2}$	1
$1\frac{3}{4}$	$\frac{1}{2}$	$1\frac{1}{4}$
2	$\frac{3}{4}$	$1\frac{1}{4}$
3	1	2
4	$1\frac{1}{4}$	$2\frac{3}{4}$
5	$1\frac{1}{2}$	$3\frac{1}{2}$
6	2	4

Such allocations are in proportion to the total number of years of approved service related directly to pastoral charges which are within the bounds of the respective successor Annual Conferences.

4. Any approved service to the present Alabama-West Florida Conference which cannot be directly related to a pastoral charge shall be allocated to the successor Alabama-West Florida Conference, and any approved service to the present North Alabama Conference which cannot be directly related to a pastoral charge shall be allocated to the successor North Alabama Conference.

5. Any claim for service rendered by a minister or lay pastor or approved supply pastor, who may be entitled to pension credit which has not been approved and/or is not a part of the total distribution covered by this report, shall be the responsibility of the successor conference in which was located the pastoral charge where such service was rendered, and such claim shall be subject to the approval of such successor conference.

6. Consecutive years of service rendered as a lay pastor or approved supply pastor with pension credit in a conference involved in this merger, together with service as a lay pastor in a successor conference shall be counted as consecutive years in *one* conference for the purpose of qualifying a retired lay pastor for a pension under provisions of ¶1259.3-b and .4-g of the 1972 *Book of Discipline*.

## II. DISTRIBUTION OF PENSION ASSETS

1. The pension assets of the former Central Alabama Conference shall be distributed to the successor conferences on the basis of 32% of such assets to the Alabama-West Florida Conference and 68% to the North Alabama Conference. Such assets held by the Conference Treasurer as of December 31, 1972 shall be remitted to the General Board of Pensions as soon thereafter as possible, and the General Board shall be and is hereby authorized to credit 32% of the Central Alabama Conference assets held by it to the Deposit Account of the Alabama-West Florida Conference and to remit 68% of the same to the Treasurer of the North Conference Board of Pensions. Additional pension funds received by the Treasurer of the Central Alabama Conference from local churches on 1972-73 apportionments and from other sources through May 31, 1973 shall be remitted to the General Board of Pensions no later than June 30, 1973 to be distributed by it to the successor conferences in the same manner and in the same proportion as indicated above.

2. All pension assets of the present Alabama-West Florida Annual Conference shall be pension assets of the successor Alabama-West Florida Conference, and all pension assets of the present North Alabama Annual Conference shall be pension assets of the successor North Alabama Conference. Any and all credits in MRPF Service Annuity accounts shall be considered as assets of the conference that provided such funds.

3. Any amounts payable from the general Temporary General Aid Fund on and after January 1, 1973, on account of pension responsibility for service in the Central Alabama Conference, shall be credited to the accounts of or paid to the treasurers of the Boards of Pensions of the successor Annual Conferences.

\*4. The apportionments to the churches of the present Alabama-West Florida and North Alabama Conferences for pension and benefit program purposes for the calendar year 1973 shall be as determined by those conferences in their 1972 sessions. Such apportionments to churches of the Central Alabama Conference shall continue through May 31, 1973 as set by that conference in its 1972 session. Each successor conference, in its 1973 session and on recommendation of its Board of Pensions, shall determine the appointments to the churches of the present Central Alabama Conference for pension and benefit program purposes for the seven months, June 1 through December 31, 1973. It is recommended that this apportionment for each church be a sum equal to 8.75% of the annual salary paid to the pastor, which would be the equivalent of 15% of salary on an annual basis, the same as presently apportioned in the Central Alabama Conference. Effective January 1, 1974, the apportionments to these churches shall be in accordance with the regular apportionment formula in use by the conference.

**\*III. ASSIGNMENTS OF PERSONNEL TO SUCCESSOR CONFERENCES**

1. Each Alabama-West Florida Conference minister, lay pastor, widow or child of a deceased minister or lay pastor as of December 31, 1972 shall have the same relationship to the successor Alabama-West Florida Conference.

2. Each North Alabama Conference minister, lay pastor, widow or child of a deceased minister or lay pastor as of December 31, 1972 shall have the same relationship to the successor North Alabama Conference.

3. Assignments of Central Alabama persons to successor conferences as of January 1, 1973 shall be determined by the relationship of each person involved as of December 31, 1972 as follows, and each such person shall thereafter be subject to the same responsibilities and requirements and have the same rights and privileges as do other persons with the same relationship to the successor conference:

a. each ministerial member in the effective relation and under appointment to a pastoral charge shall be a ministerial member of the successor conference in whose bounds his pastoral charge is located, and he shall enter the successor conference under the same category—associate or probationary member or member in full connection—as in the Central Alabama Conference.

b. The District Superintendent of the Montgomery District shall be a member of the successor Alabama-West Florida Conference in full connection, and the District Superintendents of the Birmingham and Tuskegee Districts shall be members of the successor North Alabama Conference in full connection.

c. Each ministerial member in a special appointment, under appointment to attend school, on sabbatical leave, or in the supernumerary relation shall continue in the same category in the successor conference in whose geographical boundaries is situated the pastoral charge where he holds Charge Conference membership.

d. Each full-time, part-time, or student lay pastor, or any supply pastor other than retired ministers and retired lay pastors, shall be in the same category in the successor conference in which his pastoral charge is located.

e. Each retired Minister or retired lay pastor shall continue in his same relationship in the successor conference within the geographical bounds of which was situated the pastoral charge where he last held Charge Conference or Quarterly Conference membership while a minister in the effective relation or while a lay pastor serving with pension credit on the Annual Conference.

f. Each widow and child related to the Central Alabama Conference as a beneficiary shall be related in the same way to the successor conference in the geographical bounds of which was situated the pastoral charge where the husband or father last held Charge or Quarterly Conference membership while a minister in the effective relation or while a lay pastor serving with pension credit on the Annual Conference.

**\*IV. PENSION AND BENEFIT PROGRAMS**

1. The same pension and benefit programs, including pension rates and other pension provisions, death benefit and insurance programs, and housing provisions, that are in effect as of December 31, 1972 in the present Alabama-West Florida and North Alabama Conferences shall continue in those respective successor conferences until such time as they may be amended by action of such successor conferences, and each participant in those programs as of December 31, 1972 shall be eligible to participate under the same provisions in the respective successor conferences.

2. Each person from the Central Alabama Conference assigned in some category to one of the successor conferences shall be eligible as of January 1, 1973 to participate in the pension and benefit programs available to persons in his or her category in that successor conference, subject to the regulations of the respective benefit programs.

3. Effective January 1, 1973, the pensions shall be paid to all beneficiaries of each successor conference in accordance with the procedures and from funds of each such conference and at the same rate for all service in each category for which said conference is responsible, irrespective of the predecessor conference in which the service was rendered. (North Alabama: Minister, \$78; Lay Pastor,

\$58.50; Minister's Widow, \$54.60; Lay Pastor's Widow, \$40.95. Alabama-West Florida: Minister or Lay Pastor, \$72; Widow of Minister or Lay Pastor, \$50.40. Housing deductions apply in both conferences where housing is provided by the conference.)

4. Pension liability on account of approved service rendered on and after January 1, 1973 in the successor conferences shall be the responsibility of the successor conference in which such service is rendered, and such responsibility shall be provided for through the pension plan in which that conference participates.

## V. CLAIMS AND LIENS

Any amounts collected by the General Board of Pensions related to claims or liens filed by the Central Alabama Conference shall be allocated on the basis of 32% to the successor Alabama-West Florida Conference and 68% to the successor North Alabama Conference. Claims and liens of the Alabama-West Florida and North Alabama Conferences shall be valid claims and liens in those respective successor conferences.

## VI. AUTHORIZATIONS

1. In accordance with the foregoing provisions, this committee submits the attached list, which shows by categories the persons who are assigned to the two respective successor conferences in the various relationships from the Central Alabama Annual Conference and also indicates persons in other Annual Conferences for whom the Central Alabama Conference has responsibility. The service records have been carefully reviewed by a committee appointed by the Board of Pensions of the Central Alabama Conference to determine what years of service are properly with pension credit. This Joint Distributing Committee recognizes the years of approved service indicated and authorizes the allocation of responsibility for them as shown. The complete list is submitted for publication in the 1973 Journals of the successor conferences as part of this report.

2. The General Board of Pensions, the Conference Boards of Pensions, and the respective treasurers thereof are hereby authorized and directed to put into effect the provisions of this report, to distribute the pension assets, and to allocate the pension responsibilities of the present conferences involved in this merger, in accordance with the 1972 *Book of Discipline* and the principles agreed upon by this Joint Distributing Committee. In the event of the discovery of errors in the list or on service records, the General Board of Pensions is hereby authorized to make necessary adjustments, subject to the approval of the Conference Board of Pensions of the successor conference involved or its Executive Committee.

3. The chairman and secretary of the Joint Distributing Committee and a member designed by each conference Distributing Committee, together with a representative from the General Board of Pensions, are authorized to represent the Joint Distributing Committee in any recall of the Joint Distributing Committee by the General Secretary of the General Board of Pensions, and the Chairman of the Joint Distributing Committee is instructed to notify all members of the Joint Distributing Committee of such meeting, indicating its purpose, date, time, and place of meeting. All members not attending shall be informed as to actions taken.

### Huey P. Childs

Huey P. Childs was born on December 21, 1890, the third of a family of nine children. His parents, John Henry and Nancy Howell Childs, were staunch Christians who taught their children of the love of God throughout their impressionable years at home. Out of this influence came two ministers, Ernest and Huey.

Huey was married to Nora Draughon from Newton, Alabama on February 11, 1911 after which he taught school for nine years. During some of those years he taught all twelve grades in a one-room schoolhouse!

In 1918 he was admitted on trial to the conference and began full time service in 1921. During his ministry he served churches in Gainesville, New Brockton, Brantley, Lowndesboro, Camden, Alabama, Pensacola, Fla., Brundidge, Hurtsboro, Chipley, Fla., Panama City, Fla., Andalusia, Ala., DeFuniak Springs, Fla., Florala, Ala., and then he was returned to Chipley, Fla. for a second term where, due to heart trouble, he had to retire in 1953 after 33½ years of service.

Most people knew only the stately, dignified side of him, but he was witty and full of fun, especially around his family. His granddaughters loved to tease him and ask him about life in the "old days during the Stone Age!" He'd always go along with them in like manner. When his oldest granddaughter asked him how he asked Grandmother for a date, he replied, "well, I said, 'Honey, would you like to go sand packing with me this afternoon?'" When they looked at him with blank expressions, he explained that they courted in a horse and buggy and the buggy wheels packed the sand in the ruts as they rode down the sand bed lane; hence, the expression "sand packing." That sand packing must have

been like cement, for his and Mrs. Childs' marriage lasted 62½ years. It was a beautiful example for others.

Some people are "hands"; others are "mouths" . . . Huey Childs was a "shoulder." People found him easy to talk to, and they'd figuratively put their heads on his shoulder and pour out their troubles to him. He'd listen and pray and pitch in a leading question occasionally until the troubled ones began to see a solution dawn on them. They were sure he'd solved their problem, but he said that in reality he had listened while they "laid everything out on the table," then with God's help they put the pieces together. When he was called on, he knew there'd be no real solution without God. That was usually a big part of their trouble. People had left God out of their lives.

Huey Childs loved to preach, and he really suffered when he had to decline an invitation to fill a pulpit after he retired. He always thought he was doing wrong to say, "No." All his life he taught his children never to refuse to take a part on programs in any phase of the church. That was his philosophy—to serve God in any way he could.

On July 26, 1973 after a lengthy illness he passed away leaving a void in the hearts of his family and his many friends.

4. To invest and reinvest its funds in such stock, common or preferred, bonds, debentures, mortgages, common trust funds, pooled income funds, or in such other securities and property as its board of trustees shall deem advisable, or enter into annuity contracts and trust agreements, subject to the limitations, conditions and terms contained in any bequest, devise, grant, gift or contract, provided compliance with such limitations, conditions, and terms do not jeopardize the tax exempt status of the corporation.

5. In general, and subject to such limitations and conditions as are, or may in the future be, prescribed by law, the corporation shall have the power to exercise such other powers which are now or hereafter may be conferred by the Alabama Non-Profit Corporation Act, and amendments thereto, upon the corporation organized for the purposes hereinabove set forth, or necessary or incidental to the powers so conferred, or conducive to the attainment of the purposes of the corporation, subject to the further limitation and condition that, notwithstanding any other provision of this certificate, only such powers shall be exercised as are in furtherance of the tax exempt purposes of the corporation, and as may be exercised by an organization exempt under Section 501(c)(3) of the U.S. Internal Revenue Code and the regulations thereunder as they now exist or as they may hereafter be amended.

### **COMMISSION ON COURTESIES AND RESOLUTIONS**

Bishop Sanders and Members of the Alabama-West Florida Conference, we pause at the close of this Conference session to express our sincere gratitude to all those who, in some special way, have blessed our lives this week. To Dr. Allen Jackson and his Staff, we say "THANK YOU." It is such a joy to come to this lovely campus year after year as recipients of the warm hospitality we always experience here. To the Normandale and First United Methodist Churches, we wish to say "THANK YOU" for the hospitality extended us at the Communion and Ordination Services.

We are deeply thankful to all those who have stimulated our minds, warmed our hearts, and challenged us to a deeper commitment to Christ this week. We were deeply inspired by the messages of Bishop Sanders, Bishop Short and Rev. Paul Duffy and Dr. Buskirk, and by the heart-warming fraternal words of Dr. Barry Anderson, by the music program of Rev. Albert Hunt and Dr. Harold Rohlig, by the presence and spirit of our youth delegates, by those who have led in devotional services, by the spirit of Christian fellowship that has been so evident among the delegates, and by the efficient "LABOR OF LOVE" rendered to this Conference by Rev. Lloyd Kimbrough, our Conference Secretary.

Furthermore, we express our appreciation to all of the Boards, Agencies, Committees, Commissions, as well as the Cabinet, for endless hours of preparation for this Conference. To Dr. Wilbur Walton, our Host District Superintendent, we express special thanks for the hours of preparation that have contributed toward making this Conference a success.

Finally, we commend Bishop Sanders for his dynamic Christian leadership in this Annual Conference as episcopal leader of the Birmingham area. His sincere commitment to Jesus Christ, his concern for the work of God's Kingdom, his love for the United Methodist Church, his compassion for people, and his total devotion to his task of leadership in this Alabama-West Florida Conference, have been evident in everything that he has said and done this week. Bishop

Sanders, we pray God's richest blessings upon you as you lead this Conference into a new year.

### RESOLUTION FOR EQUAL RIGHTS AMENDMENT

The Gospel makes clear that Jesus regarded women, men, and children equally. In contrast to the contemporary, male-centered society, Jesus related to women with respect and sensitivity, as individual persons.

Current attitudes toward women in the United States are blatantly discriminatory, based on stereotyped ideas of a woman's abilities and proper roles in society, rather than her actual potential and rights as an individual.

Hundreds of state and federal laws discriminate among persons on the basis of sex. Numerous state laws limit or prohibit the rights of women to own or manage property or to establish businesses. Some criminal laws provide for longer prison terms for women than for men committing the same crime.

We, the 146th Session of the Alabama-West Florida Annual Conference of the United Methodist Church, therefore commend the United States Congress for its passage of the Equal Rights Amendment to the United States Constitution and call upon the legislatures of the states of Alabama and Florida to ratify this amendment during their next sessions in order to insure that "equality of rights under the law shall not be denied or abridged by the United States or by any state on account of sex."

### RESOLUTION FOR THE REPEAL OF THE BYRD AMENDMENT

The Gospel calls us to be continually involved in the liberation of persons. It is our responsibility to respond to the needs of people who are unfairly oppressed. 95% of the people of Rhodesia are restricted to "tribal reserves" made up of the worst and least productive land. They are not given representation in their government and are subject to the complete domination of the colonists who make up only 5% of the population.

On May 29, 1968, the United Nations Security Council imposed a mandatory total embargo on all trade with, investments in, or transfers of funds to Rhodesia. The United States vigorously supported these sanctions.

In November, 1971, the United States Congress passed the Byrd Amendment which permitted the importation of certain Rhodesian "strategic and critical materials" into the United States.

This amendment is a flagrant violation of solemn treaty obligations which the United States undertook when it signed and ratified the United Nations Charter.

We, the 146th Session of the Alabama-West Florida Conference of the United Methodist Church therefore urge the United States Congress to repeal the Byrd Amendment and support the economic sanctions against Rhodesia until the rights of the majority of Rhodesians are recognized and upheld.
